2. **SUBMITTING YOUR BID**

2.1 Each bid must be in a separate sealed envelope **WITH BID NUMBER ON THE OUTSIDE** and must be delivered to the County Purchasing and Contracting Department, Front Desk (where it will be time stamped to indicate time of receipt), 5560 Overland Avenue, Suite 270, San Diego, California 92123, by 11:00 a.m. on the day specified. 2.3 Any bid received at the County Purchasing and Contracting Department after the exact time for receipt will not be considered and will be rejected as a late bid.

2.4 Late bids will be returned to the bidder unopened unless it is determined that the late receipt was due solely to mishandling by the Purchasing and Contracting Department and such determination is made prior to award.

2.5 The County's primary means of providing bids and addenda is the County BuyNet Internet website:

2.6 No oral interpretation shall be made to modify any provisions of any bid specifications. Requests for an interpretation shall be made in writing to the County Director of Purchasing and Contracting prior to bid opening and a written response will be posted on the County BuyNet website.

3.3 Award will be made by the Department of Purchasing and Contracting as stated on the cover/pricing page to the lowest responsive, responsible bidder.

3.4 The County reserves the right to waive a variation in specification if, in the opinion of the County, such variation does not materially change the item or its performance within parameters acceptable to the County.

3.5 The County reserves the right to reject any or all bids and to accept or reject any item(s) thereon, or waive any informality in the bid.

3.6 In the event of a conflict between unit price bid and bidder's extended price, the unit price will prevail unless price is so obviously unreasonable as to indicate an error. In that event, the bid will be rejected as non-responsive for the reason of inability to determine the intended bid.

3.7 The County reserves the right to perform a pre-award survey of the bidder to determine capability to perform, including but not limited to facilities, financial responsibility, materials/supplies, and past performance. The determination of the County as to the bidder's prospective ability to perform the contract shall be conclusive.

4. PROTEST PROCEDURES

Any protest resulting from this procurement is to be processed as prescribed in Board of Supervisors' Policy A-97, Protest Procedures for Award of Contracts. All protests shall be in writing, be made **prior** to Award, and be made only by an offeror. Such protests shall clearly state the ground for the protest and the relief sought. Protests shall be filed with the County's contracting office identified in the solicitation package.

For purposes of clarification regarding Board of Supervisors Policy A-97, Protest Procedures for Award of Contracts the posting of the bid abstract is equivalent to the posting of the NOTICE OF INTENT (NOI).

Whenever a contract is contemplated to be awarded to other than the low bidder in a formally advertised procurement, the low bidder shall be so notified five working days prior to award, in addition to the posting of the proposed award in a public place in the Contracting Office for the same period of time. Copies of Policy A-97 are available upon request from the Clerk of the Board, 1600 Pacific Highway, San Diego, CA 92101 or via the County of San Diego's Internet website: http://www.co.san-diego.ca.us/cob/policy/index.html

"Local Business" is defined as a business with a valid license issued by a city within the County, employing San Diego residents, and with a verifiable address within the County, or a business employing San Diego residents and with a verifiable address in an unincorporated area of the county. Post Office Boxes do not qualify as verifiable local business addresses. If a tie bid occurs between a local business and a non-local business, award shall be made to the local business.

If the lowest responsible, responsive bid is submitted by a non-local business, one percent (1%) shall be subtracted from the lowest responsive, responsible bid submitted by a local business in evaluating the bids for award. If application of the one percent (1%) factor results in the local business bid being equal to or lower than the non-local business bid, contract award will be made to the local business at the local business bid price, except for public works and construction bids, or if prohibited by State or Federal law.

The prevailing market price shall be considered the fair repurchase price.

8.1. If, after notice of termination of this contract under the provisions of this clause, it is determined for any reason that the Contractor was not in default under this provisions of this clause, the rights and obligations of the parties shall, if the contract contains a clause providing for termination for convenience of the County, be the same as if the notice of termination had been issued pursuant to such clause.

16. **INSPECTION OF SERVICE/MATERIALS/SUPPLIES**

16.1. In the event the Contractor fails to perform the services promptly or to take necessary steps to ensure future performance of the service in conformity with the specifications and requirements of the contract, the County shall have the right to either (1) by contract or to otherwise have the services performed in conformity with the contract specifications and charge to the Contractor any cost occasioned to the County that is directly related to the performance of such services, or (2) terminate this contract for default as provided in the Termination clause.

The Contracting Officer may at any time, by written order, make changes within the general scope of this contract, in the definition of services to be performed, and the time (i.e., hours of the day, days of the week, etc.) and place of performance thereof. If any such change causes an increase or decrease in the cost of, or the time required for the performance of any part of the work under this contract, whether changed or not changed by any such order, an equitable adjustment shall be made in the contract price or delivery schedule, or both, and the contract shall be modified in writing accordingly. Any claim by the Contractor for adjustment under this clause must be asserted within 30 days from the date of receipt by the Contractor of the notification of change; provided however, that the Contracting Officer, if he decides that the facts justify such action, may receive and act upon any such claim asserted at any time prior to final payment under this contract. Where the cost of property made obsolete or excess as a result of a change is included in the Contractor's claim for adjustment, the Contracting Officer shall have the right to prescribe the manner of disposition of such property. 49. DAMAGES FOR DELAY AND TIME EXTENSION

49.1. If the Contractor refuses or fails to prosecute the work, or any separable part thereof, with such diligence as will ensure its completion within the time specified in this contract, or any extension thereof, or fails to complete said work within such time, the County will be entitled to the resulting damages caused by the delay. Damages will be the cost to the County incurred as a result of continuing the current level and type of service over that cost that would be incurred had the contract segments been completed by the time frame stipulated and any other damages suffered by the County.

49.2. The Contractor's right to proceed shall not be terminated nor the Contractor charged with resulting damage if:

49.2.1. The delay in the completion of the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to acts of the public enemy, acts of the County in either its sovereign or contracting capacity, acts of another contractor in the County, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severed weather, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of both the Contractor and such subcontractors or suppliers, and

49.2.2. The Contractor, within 10 days from the beginning of any such delay (unless the Contracting Officer grants a further period of time before the date of final payment under the contract), notifies the Contracting Officer in writing of the causes of delay in (1) above

The Contracting Officer shall ascertain the facts and the extent of the delay and extend the time for completing the work when, in his judgment, the findings of fact justify such an extension, and his findings of fact shall be final and conclusive on the parties subject only to appeal as provided in the clause of this contract entitled, "DISPUTES".

49.3. The rights and remedies of the County provided in this clause are in addition to any other rights and remedies provided by law or under this contract.

49.4. As used in paragraph (2.1) of this clause, the terms, "subcontractors or suppliers" means subcontractors or suppliers at any tier.

50. CONTRACT EXTENSION OPTION

50.1. One to six months - end of contract period

The providing of goods and/or services described in Section A or B may be extended in one or more increments for a total of no less than one (1) nor more than three (3) calendar months at the discretion of the County Purchasing Director. Each extension shall be affected by written contract modification delivered to the Contractor no less than fifteen (15) calendar days prior to expiration of the contract. The rates set forth in the pricing section shall apply to

any extension made pursuant to this option provision unless provision for appropriate price adjustment has been made elsewhere in this contract. All payments are subject to General Terms and Conditions, Clause titled "AVAILABILITY OF FUNDING".

51. RIGHT TO ACQUIRE EQUIPMENT AND SERVICES

Nothing in this agreement shall prohibit the County from acquiring the same type or equivalent equipment and/or service from other sources, when deemed by the County to be in its best interest.

52. SEVERABILITY

Should any part of this agreement be held to be invalid by a court of competent jurisdiction, the remainder of the agreement shall be considered as the whole agreement and be binding on the contracting parties.

53. LIMITATION OF FUTURE CONTRACTS

53.1. It is agreed by the parties to the contract that the Contractor will be restricted in its future contracting with the County to the manner described below. Except as specifically provided in this clause, the Contractor shall be free to compete for business on an equal basis with other companies.

53.2. If the Contractor, under the terms of the contract, or through the performance of tasks pursuant to this contract, is required to develop specifications or statements of work and such specifications or statements of work are to be incorporated into a solicitation, the Contractor shall be ineligible to perform the work described within that solicitation as a prime or subcontractor under an ensuing County contract. It is further agreed, however, that the county will not, as additional work or by change, unilaterally require the contractor to prepare such specifications or statements of work under this contract.

53.3. To the extent that the work under this contract requires access to proprietary, business confidential or financial data of other companies, and as long as such data remains proprietary or confidential, the Contractor shall protect such data from unauthorized use and disclosure and agrees not to use it to compete with such companies.

Instructions for Form 590

Withholding Exemption Certificate

References in these instructions are to the California Revenue and Taxation Code (R&TC).

What's New

Backup Withholding – Beginning on or after January 1, 2010, with certain limited exceptions, payers that are required to withhold and remit backup withholding to the Internal Revenue Service (IRS) are also required to withhold and remit to the Franchise Tax Board (FTB). The California backup withholding rate is 7% of the payment. For California purposes, dividends, interests, and any financial institutions release of loan funds made in the normal course of business are exempt from backup withholding. For additional information on California backup withholding, go to **ftb.ca.gov** and search for **backup withholding**.

If a payee has backup withholding, the payee must contact the FTB to provide a valid Taxpayer Identification Number (TIN) before filing a tax return. The following are acceptable TINs: social security number (SSN); individual taxpayer identification number (ITIN); federal employer identification number (FEIN); California corporation number (CA Corp No.); or Secretary of State (SOS) file number. Failure to provide a valid TIN will result in the denial of the backup withholding credit. For more information go to **ftb.ca.gov** and search for **backup withholding**.

General Information

For purposes of California income tax, references to a spouse, husband, or wife also refer to a Registered Domestic Partner (RDP) unless otherwise specified. For more information on RDPs, get FTB Pub. 737, Tax Information for Registered Domestic Partners.

Private Mail Box (PMB) – Include the PMB in the address field. Write "PMB" first, then the box number. Example: 111 Main Street PMB 123.

Foreign Address – Enter the information in the following order: City, Country, Province/ Region, and Postal Code. Follow the country's practice for entering the postal code. **Do not** abbreviate the country's name.

A Purpose

Use Form 590, Withholding Exemption Certificate, to certify an exemption from nonresident withholding. California residents or entities should complete and present Form 590 to the withholding agent. The withholding agent is then relieved of the withholding requirements if the agent relies in good faith on a completed and signed Form 590 unless told by the FTB that the form should not be relied upon.

The following are excluded from withholding and completing this form:

- The United States and any of its agencies or instrumentalities
- A state, a possession of the United States, the District of Columbia, or any of its political subdivisions or instrumentalities
- A foreign government or any of its political subdivisions, agencies, or instrumentalities

Important – This form cannot be used for exemption from wage and real estate withholding.

- If you are an employee, any wage withholding questions should be directed to the FTB General Information number, 800.852.5711. Employers should call **888**.745.3886 or go to **www.edd.ca.gov**.
- Sellers of California real estate use Form 593-C, Real Estate Withholding Certificate, to claim an exemption from real estate withholding.

B Requirement

R&TC Section 18662 requires withholding of income or franchise tax on payments of California source income made to nonresidents of California.

Withholding is required on the following, but is not limited to:

- Payments to nonresidents for services rendered in California.
- Distributions of California source income made to domestic nonresident S corporation shareholders, partners and members and allocations of California source income made to foreign partners and members.
- Payments to nonresidents for rents if the payments are made in the course of the withholding agent's business.
- Payments to nonresidents for royalties with activities in California.
- Distributions of California source income to nonresident beneficiaries from an estate or trust.
- Prizes and winnings received by nonresidents for contests in California.

However, withholding is optional if the total payments of California source income are $1,500 or less during the calendar year.

For more information on withholding get FTB Pub. 1017, Resident and Nonresident Withholding Guidelines. To get a withholding publication see General Information H, Publications, Forms, and Additional Information.

C Who Certifies this Form

Form 590 is certified by the payee. An incomplete certificate is invalid and the withholding agent should not accept it. If the withholding agent receives an incomplete certificate, the withholding agent is required to withhold tax on payments made to the payee until a valid certificate is received. In lieu of a completed certificate on the preprinted form, the withholding agent may accept as a substitute certificate a letter from the payee explaining why the payee is not subject to withholding. The letter must contain all the information required on the certificate in similar language, including the under penalty of perjury statement and the payee's taxpayer identification number. The withholding agent must retain a copy of the certificate or substitute for at least four years after the last payment to which the certificate applies, and provide it upon request to the Franchise Tax Board.

For example, if an entertainer (or the entertainer's business entity) is paid for a performance, the entertainer's information must be provided. **Do not** submit the entertainer's agent or promoter information.

The grantor of a grantor trust shall be treated as the payee for withholding purposes. Therefore, if the payee is a grantor trust and one or more of the grantors is a nonresident, withholding is required. If all of the grantors on the trust are residents, no withholding is required. Resident grantors can check the box on Form 590 labeled "Individuals — Certification of Residency."

D Who is a Resident

A California resident is any individual who is in California for other than a temporary or transitory purpose or any individual domiciled in California who is absent for a temporary or transitory purpose.

An individual domiciled in California who is absent from California for an uninterrupted period of at least 546 consecutive days under an employment-related contract is considered outside California for other than a temporary or transitory purpose.

An individual is still considered outside California for other than a temporary or transitory purpose if return visits to California do not total more than 45 days during any taxable year covered by an employment contract.

This provision does not apply if an individual has income from stocks, bonds, notes, or other intangible personal property in excess of $200,000 in any taxable year in which the employment-related contract is in effect.

A spouse/RDP absent from California for an uninterrupted period of at least 546 days to accompany a spouse/RDP under an employment-related contract is considered outside of California for other than a temporary or transitory purpose.

Generally, an individual who comes to California for a purpose which will extend over a long or indefinite period will be considered a resident. However, an individual who comes to perform a particular contract of short duration will be considered a nonresident.

For assistance in determining resident status, get FTB Pub. 1031, Guidelines for Determining Resident Status, and FTB Pub. 1032, Tax Information for Military Personnel, or call the FTB at 800.852.5711 or 916.845.6500.

E Military Spouse Residency Relief Act (MSRRA)

Generally, for tax purposes you are considered to maintain your existing residence or domicile. If a military servicemember and nonmilitary spouse have the same state of domicile, the MSRRA provides:

- A spouse shall not be deemed to have lost a residence or domicile in any state solely by reason of being absent to be with the servicemember serving in compliance with military orders.
- A spouse shall not be deemed to have acquired a residence or domicile in any other state solely by reason of being there to be with the servicemember serving in compliance with military orders.

Domicile is defined as the one place:

- Where you maintain a true, fixed, and permanent home
- To which you intend to return whenever you are absent

A military servicemember's nonmilitary spouse is considered a nonresident for tax purposes if the servicemember and spouse have the same domicile outside of California and the spouse is in California solely to be with the servicemember who is serving in compliance with Permanent Change of Station orders (Note: California may require nonmilitary spouses of military servicemembers to provide proof that they meet the criteria for California personal income tax exemption as set forth in the MSRRA).

Income of a military servicemember's nonmilitary spouse for services performed in California is not California source income subject to state tax if the spouse is in California to be with the servicemember serving in compliance with military orders, and the servicemember and spouse have the same domicile in a state other than California.

For additional information or assistance in determining whether the applicant meets the MSRRA requirements, get FTB Pub. 1032.

F What is a Permanent Place of Business

A corporation has a permanent place of business in California if it is organized and existing under the laws of California or if it is a foreign corporation qualified to transact intrastate business by the SOS. A corporation that has not qualified to transact intrastate business (e.g., a corporation engaged exclusively in interstate commerce) will be considered as having a permanent place of business in California only if it maintains a permanent office in California that is permanently staffed by its employees.

G Withholding Agent

Keep Form 590 for your records. **Do not** send this form to the FTB unless it has been specifically requested.

For more information, contact Withholding Services and Compliance, see General Information H.

The payee must notify the withholding agent if any of the following situations occur:

- The individual payee becomes a nonresident.
- The corporation ceases to have a permanent place of business in California or ceases to be qualified to do business in California.
- The partnership ceases to have a permanent place of business in California.
- The LLC ceases to have a permanent place of business in California.
- The tax-exempt entity loses its tax-exempt status.

The withholding agent must then withhold and report the withholding using Form 592, Resident and Nonresident Withholding Statement, and remit the withholding using Form 592-V, Payment Voucher for Resident and Nonresident Withholding. Form 592-B, Resident and Nonresident Withholding Tax Statement, is retained by the withholding agent and a copy is given to the payee.

Instructions for Form 587

Nonresident Withholding Allocation Worksheet

References in these instructions are to the California Revenue and Taxation Code (R&TC).

General Information

Beginning January 1, 2008, domestic nonresidents may use Form 589, Nonresident Reduced Withholding Request, to request the reduction in the standard seven percent withholding amount that is applicable to California source payments made to nonresidents.

Backup Withholding – Beginning on or after January 1, 2010, with certain limited exceptions, payers that are required to withhold and remit backup withholding to the Internal Revenue Service (IRS) are also required to withhold and remit to the Franchise Tax Board (FTB). The California backup withholding rate is 7% of the payment. For California purposes, dividends, interests, and any financial institutions, release of loan funds made in the normal course of business are exempt from backup withholding.

If a payee has backup withholding, the payee must contact the FTB to provide a valid Taxpayer Identification Number (ITIN) before filing a tax return. The following are acceptable TINs: social security number (SSN); individual taxpayer identification number (ITIN); federal employer identification number (FEIN); California corporation number (CA Corp No.); or California Secretary of State (SOS) file number. Failure to provide a valid TIN will result in the denial of the backup withholding credit. For more information, go to **ftb.ca.gov** and search for **backup withholding.**

Private Mail Box (PMB) – Include the PMB in the address field. Write "PMB" first, then the box number. Example: 111 Main Street PMB 123.

Foreign Address – Enter the information in the following order: City, Country, Province/Region, and Postal Code. Follow the country's practice for entering the postal code. **Do not** abbreviate the country's name.

A Purpose

Use Form 587, Nonresident Withholding Allocation Worksheet, to determine the amount of withholding required on payments to nonresidents.

The payee completes, signs, and returns Form 587 to the withholding agent. The withholding agent relies on the certification made by the payee to determine the amount of withholding required, provided the completed and signed Form 587 is accepted in good faith. Retain the completed Form 587 for your records for a minimum of four years and provide it to the FTB upon request.

Do not use Form 587 if any of the following applies:

- Payment to a nonresident is only for the purchase of goods.
- You sold California real estate. Use Form 593-C, Real Estate Withholding Certificate.
- The payee is a resident of California or is a non-grantor trust that has at least one California resident trustee. Use Form 590, Withholding Exemption Certificate.
- The payee is a corporation, partnership, or limited liability company (LLC) that has a permanent place of business in California or is qualified to do business in California. Foreign corporations must be qualified to transact intrastate business. Use Form 590.
- The payment is to an estate and the decedent was a California resident. Use Form 590.

B Requirement

California Revenue and Taxation Code (R&TC) Section 18662 and the related regulations require withholding of income or franchise tax on certain payments made to nonresidents of California for personal services performed in California and for rents on property located in California and royalties with activities in California. The withholding rate is seven percent (.07) unless the FTB grants a waiver. See General Information E, Waivers.

C When to File This Form

The withholding agent requests that the payee completes, signs, and returns Form 587 when a contract is entered into or before payment is made to the payee. The withholding agent retains Form 587 for a minimum of four years and must provide it to the FTB upon request.

Form 587 remains valid for the duration of the contract (or term of payments), provided there is no material change in the facts. By signing Form 587, the payee agrees to promptly notify the withholding agent of any changes in the facts.

D Withholding Requirements

Payments made to nonresident payees (including individuals, corporations, partnerships, LLCs, estates, and trusts) are subject to withholding. However, no withholding is required if total payments of California source income to the payee during the calendar year are $1,500 or less.

If the California resident, qualified corporation, LLC, or partnership is acting as an agent for the nonresident payee, the payment is subject to withholding if the nonresident payee does not meet any of the exceptions on Form 590.

Payments subject to withholding include the following:

- Payments for services performed in California by nonresidents.
- Payments made in connection with a California performance.
- Rent paid to nonresidents if the rent is paid in the course of the withholding agent's business.
- Royalties paid to nonresidents from business activities in California.
- Payments of prizes for contests entered in California.
- Distributions of California source income to nonresident beneficiaries from an estate or trust.
- Other payments of California source income made to nonresidents.

Payments not subject to withholding include payments:

- To a resident of California or to a corporation with a permanent place of business in California.
- To a corporation qualified to do business in California.
- To a partnership or LLC that has a permanent place of business in California.
- For sale of goods.
- For income from intangible personal property, such as interest and dividends, unless the property has acquired a business situs in California.
- For services performed outside of California.
- To a payee that is a tax-exempt organization under either California or federal law, use Form 590.

- Representing wages paid to employees. Wage withholding is administered by the California Employment Development Department (EDD). For more information, contact your local EDD office.
- To a payee that is a government entity.
- To reimburse a payee for expenses relating to services performed in California if the reimbursement is separately accounted for and not subject to federal Form 1099 reporting. Corporate payees, for purposes of this exception, are treated as individual persons.

E Waivers

A nonresident payee may request that withholding be waived. To apply for a withholding waiver, use Form 588, Nonresident Withholding Waiver Request. If the FTB has granted a waiver, you must attach a copy of FTB's determination letter to Form 587.

F Requirement to File a California Tax Return

A payee's exemption certification on Form 587, Form 590, or a determination letter from the FTB waiving withholding does not eliminate the requirement to file a California tax return and pay the tax due. For return filing requirements, see the instructions for Long or Short Form 540NR, California Nonresident or Part-Year Resident Income Tax Return; Form 541, California Fiduciary Income Tax Return; Form 100, California Corporation Franchise or Income Tax Return; or Form 100S, California S Corporation Franchise or Income Tax Return.

Specific Instructions

Part I – Withholding Agent

The withholding agent must complete Part I before giving Form 587 to the payee.

Part II – Nonresident Payee

The payee must complete all information in Part II including the social security number, individual taxpayer identification number, California corporation number, FEIN, or SOS file number, and entity type.

Part III – Payment Type

The nonresident payee must check the box that identifies the type of payment being received.

No withholding is required when payees are residents or have a permanent place of business in California.

Part IV – Income Allocation

Use Part IV to identify payments that are subject to withholding. Only payments sourced within California are subject to withholding. Services performed in California are sourced in California. In the case of payments for services performed when part of the services are performed outside California, enter the amount paid for performing services within California in column (a). Enter the amount paid for performing services while outside California in column (b). Enter the total amount paid for services in column (c).

If the payee's trade, business, or profession carried on in California is an integral part of a unitary business carried on within and outside California, the amounts included on line 1 through line 5 should be computed by applying the payee's California apportionment percentage (determined in accordance with the provisions of the Uniform Division of Income for Tax Purposes Act) to the payment amounts. For more information on apportionment, get California Schedule R, Apportionment and Allocation of Income.

Withholding agent. Withholding is optional, at your discretion, on the first $1,500 in payments made during the calendar year. Withholding must begin as soon as the total payments of California source income for the calendar year exceed $1,500. If circumstances change during the year (such as the total amount of payments), which would change the amount on line 6, the payee must submit a new Form 587 to the withholding agent reflecting those changes. The withholding agent should evaluate the need for a new Form 587 when a change in facts occurs.

Part V – Certification of Payee

The payee and/or the authorized representative must complete, sign, date, and return this form to the withholding agent.

Authorized representatives include those persons the payee authorized to act on their behalf through a power of attorney, third party designee, or other individual taxpayers authorized to view their confidential tax data via a waiver or release.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),

2. Certify that you are not subject to backup withholding, or

3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,

- The U.S. grantor or other owner of a grantor trust and not the trust, and
- The U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person, do not use Form W-9. Instead, use the appropriate Form W-8 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.

2. The treaty article addressing the income.

3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.

4. The type and amount of income that qualifies for the exemption from tax.

5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity not subject to backup withholding, give the requester the appropriate completed Form W-8.

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 28% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,

2. You do not certify your TIN when required (see the Part II instructions on page 3 for details),

3. The IRS tells the requester that you furnished an incorrect TIN,

4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or

5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See the instructions below and the separate Instructions for the Requester of Form W-9.

Also see *Special rules for partnerships* on page 1.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of $50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a $500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Name

If you are an individual, you must generally enter the name shown on your income tax return. However, if you have changed your last name, for instance, due to marriage without informing the Social Security Administration of the name change, enter your first name, the last name shown on your social security card, and your new last name.

If the account is in joint names, list first, and then circle, the name of the person or entity whose number you entered in Part I of the form.

Sole proprietor. Enter your individual name as shown on your income tax return on the "Name" line. You may enter your business, trade, or "doing business as (DBA)" name on the "Business name" line.

Limited liability company (LLC). Check the "Limited liability company" box only and enter the appropriate code for the tax classification ("D" for disregarded entity, "C" for corporation, "P" for partnership) in the space provided.

For a single-member LLC (including a foreign LLC with a domestic owner) that is disregarded as an entity separate from its owner under Regulations section 301.7701-3, enter the owner's name on the "Name" line. Enter the LLC's name on the "Business name" line.

For an LLC classified as a partnership or a corporation, enter the LLC's name on the "Name" line and any business, trade, or DBA name on the "Business name" line.

Exempt Payee

If you are exempt from backup withholding, enter your name as described above and check the appropriate box for your status, then check the "Exempt payee" box in the line following the business name, sign and date the form.

Generally, individuals (including sole proprietors) are not exempt from backup withholding. Corporations are exempt from backup withholding for certain payments, such as interest and dividends.

Note. If you are exempt from backup withholding, you should still complete this form to avoid possible erroneous backup withholding.

The following payees are exempt from backup withholding:

1. An organization exempt from tax under section 501(a), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2),

2. The United States or any of its agencies or instrumentalities,

3. A state, the District of Columbia, a possession of the United States, or any of their political subdivisions or instrumentalities,

Barter exchange transactions and patronage dividends	Exempt payees 1 through 5
Payments over $600 required to be reported and direct sales over $5,000[1]	Generally, exempt payees 1 through 7[2]

[1] See Form 1099-MISC, Miscellaneous Income, and its instructions.

[2] However, the following payments made to a corporation (including gross proceeds paid to an attorney under section 6045(f), even if the attorney is a corporation) and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees, and payments for services paid by a federal executive agency.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-member LLC that is disregarded as an entity separate from its owner (see *Limited liability company (LLC)* on page 2), enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note. See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local Social Security Administration office or get this form online at *www.ssa.gov*. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at *www.irs.gov/businesses* and clicking on Employer Identification Number (EIN) under Starting a Business. You can get Forms W-7 and SS-4 from the IRS by visiting *www.irs.gov* or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note. Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: *A disregarded domestic entity that has a foreign owner must use the appropriate Form W-8.*

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if items 1, 4, and 5 below indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). Exempt payees, see *Exempt Payee* on page 2.

Signature requirements. Complete the certification as indicated in 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information such as your name, social security number (SSN), or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

Call the IRS at 1-800-829-1040 if you think your identity has been used inappropriately for tax purposes.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to *phishing@irs.gov*. You may also report misuse of the IRS name, logo, or other IRS personal property to the Treasury Inspector General for Tax Administration at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at: *spam@uce.gov* or contact them at *www.consumer.gov/idtheft* or 1-877-IDTHEFT(438-4338).

Visit the IRS website at *www.irs.gov* to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons who must file information returns with the IRS to report interest, dividends, and certain other income paid to you, mortgage interest you paid, the acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA, or Archer MSA or HSA. The IRS uses the numbers for identification purposes and to help verify the accuracy of your tax return. The IRS may also provide this information to the Department of Justice for civil and criminal litigation, and to cities, states, the District of Columbia, and U.S. possessions to carry out their tax laws. We may also disclose this information to other countries under a tax treaty, to federal and state agencies to enforce federal nontax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism.

You must provide your TIN whether or not you are required to file a tax return. Payers must generally withhold 28% of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to a payer. Certain penalties may also apply.

The State Agency Buy Recycled Campaign (SABRC) is a state mandated program that requires the reporting of all purchases made within 11 specified product categories. All state agencies are required to verify the recycled-content of all products purchased within each of these categories.

All businesses shall certify in writing to the contracting officer or his or her representative the minimum percentage, if not exact percentage, of postconsumer recycled-content (PCRC) material in the products, materials, goods, or supplies offered or sold to the State regardless of whether the product meets the minimum content requirements specified in law (see reverse side). ADDENDUM No. 2

Printer and Toner Cartridges - (RFB 6073)

Addendum No. 2 forms a part of the contract documents and changes the original documents only in the manner and to the extent stated.

QUESTIONS AND ANSWERS:

Q: In the Pricing Schedule at the end, percent (%) discount is required to be provided for various makes. There is a vast difference in the offer which can be made for Ink Cartridges and that for toner cartridges. Consolidating them together makes it difficult to give a single percent discount for the two categories. Should there be an option for giving two different discounts one each for the ink cartridges and toner cartridges?

A: The Pricing Schedule at the end is now separated in to two toner types. One toner type is for toner cartridges and the other toner type is for ink toner cartridges. There is now an option for giving two different discounts for ink cartridges and toner cartridges.

Q: Will the County entertain a cost per print alternative versus buying multiple print cartridges?

A: No.

Q: Does the County have desktop printing quantities that could be utilized in a cost per impression offer?

A: No.

Q: Will the County of San Diego allow price discounts on existing toner SKU's after the contract has been awarded through the selected vendor?

A: Yes. Prices quoted are maximum prices and the selected vendor is able to offer additional discounts or lower prices.

Q: Can you please clarify Percentage Discount off MSRP calculations at the bottom of the quote request?

A: The County of San Diego is requesting percent discounts off of toner and ink cartridges not listed in the Pricing Schedule. OEM, compatible, remanufactured or recycled toner cartridges per stated percent discount off of the current OEM MSRP. Bid discount from the OEM list price only. Do not calculate discounts from any compatible or remanufactured MSRP. See reworded pricing sheet.

If the lowest responsible, responsive bid is submitted by a non-local business, one percent (1%) shall be subtracted from the lowest responsive, responsible bid submitted by a local business in evaluating the bids for award. If application of the one percent (1%) factor results in the local business bid being equal to or lower than the non-local business bid, contract award will be made to the local business at the local business bid price, except for public works and construction bids, or if prohibited by State or Federal law.

If the County's actual requirements do not result in orders in the quantities described as "estimated" in the Schedule, that fact shall not constitute the basis for price adjustment.

15. **AVAILABILITY OF FUNDING**

The County's obligation for payment of any contract beyond the current fiscal year end is contingent upon the availability of funding from which payment can be made. No legal liability on the part of the County shall arise for payment beyond June 30 of the calendar year unless funds are made available for such performance.

16. **INSPECTION OF SERVICE/MATERIALS/SUPPLIES**

16.1. 16.2. If any services performed hereunder are not in conformity with the specifications and requirements of this contract, the County shall have the right to require the Contractor to perform the services in conformity with said specifications and requirements at no additional increase in total contract amount. When the services to be performed are of such nature that the difference cannot be corrected, the County shall have the right to (1) require the Contractor immediately to take all necessary steps to ensure future performance of the services in conformity with requirements of the contract, and (2) reduce the contract price to reflect the reduced value of the services performed. In the event the Contractor fails to perform the services promptly or to take necessary steps to ensure future performance of the service in conformity with the specifications and requirements of the contract, the County shall have the right to either (1) by contract or to otherwise have the services performed in conformity with the contract specifications and charge to the Contractor any cost occasioned to the County that is directly related to the performance of such services, or (2) terminate this contract for default as provided in the Termination clause.

The Contracting Officer may at any time, by written order, make changes within the general scope of this contract, in the definition of services to be performed, and the time (i.e., hours of the day, days of the week, etc.) and place of performance thereof. If any such change causes an increase or decrease in the cost of, or the time required for the performance of any part of the work under this contract, whether changed or not changed by any such order, an equitable adjustment shall be made in the contract price or delivery schedule, or both, and the contract shall be modified in writing accordingly. Any claim by the Contractor for adjustment under this clause must be asserted within 30 days from the date of receipt by the Contractor of the notification of change; provided however, that the Contracting Officer, if he decides that the facts justify such action, may receive and act upon any such claim asserted at any time prior to final payment under this contract. Where the cost of property made obsolete or excess as a result of a change is included in the Contractor's claim for adjustment, the Contracting Officer shall have the right to prescribe the manner of disposition of such property. Failure to agree to any adjustment shall be a dispute concerning a question of fact within the meaning of the clause of this contract entitled "Disputes". However, nothing in this clause shall excuse the Contractor from proceeding with the contract as changed.

49.2. The Contractor's right to proceed shall not be terminated nor the Contractor charged with resulting damage if:

49.2.1. The delay in the completion of the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to acts of the public enemy, acts of the County in either its sovereign or contracting capacity, acts of another contractor in the County, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severed weather, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of both the Contractor and such subcontractors or suppliers, and

49.2.2. The Contractor, within 10 days from the beginning of any such delay (unless the Contracting Officer grants a further period of time before the date of final payment under the contract), notifies the Contracting Officer in writing of the causes of delay in (1) above

The Contracting Officer shall ascertain the facts and the extent of the delay and extend the time for completing the work when, in his judgment, the findings of fact justify such an extension, and his findings of fact shall be final and conclusive on the parties subject only to appeal as provided in the clause of this contract entitled, "DISPUTES".

49.3. The rights and remedies of the County provided in this clause are in addition to any other rights and remedies provided by law or under this contract.

49.4. As used in paragraph (2.1) of this clause, the terms, "subcontractors or suppliers" means subcontractors or suppliers at any tier.

50. CONTRACT EXTENSION OPTION

50.1. One to six months - end of contract period

The providing of goods and/or services described in Section A or B may be extended in one or more increments for a total of no less than one (1) nor more than three (3) calendar months at the discretion of the County Purchasing Director. Each extension shall be affected by written contract modification delivered to the Contractor no less than fifteen (15) calendar days prior to expiration of the contract. The rates set forth in the pricing section shall apply to

any extension made pursuant to this option provision unless provision for appropriate price adjustment has been made elsewhere in this contract. All payments are subject to General Terms and Conditions, Clause titled "AVAILABILITY OF FUNDING".

51. RIGHT TO ACQUIRE EQUIPMENT AND SERVICES

Nothing in this agreement shall prohibit the County from acquiring the same type or equivalent equipment and/or service from other sources, when deemed by the County to be in its best interest.

52. SEVERABILITY

Should any part of this agreement be held to be invalid by a court of competent jurisdiction, the remainder of the agreement shall be considered as the whole agreement and be binding on the contracting parties.

53. LIMITATION OF FUTURE CONTRACTS

53.1. It is agreed by the parties to the contract that the Contractor will be restricted in its future contracting with the County to the manner described below. Except as specifically provided in this clause, the Contractor shall be free to compete for business on an equal basis with other companies.

53.2. If the Contractor, under the terms of the contract, or through the performance of tasks pursuant to this contract, is required to develop specifications or statements of work and such specifications or statements of work are to be incorporated into a solicitation, the Contractor shall be ineligible to perform the work described within that solicitation as a prime or subcontractor under an ensuing County contract. It is further agreed, however, that the county will not, as additional work or by change, unilaterally require the contractor to prepare such specifications or statements of work under this contract.

53.3. To the extent that the work under this contract requires access to proprietary, business confidential or financial data of other companies, and as long as such data remains proprietary or confidential, the Contractor shall protect such data from unauthorized use and disclosure and agrees not to use it to compete with such companies.

Instructions for Form 590

Withholding Exemption Certificate

References in these instructions are to the California Revenue and Taxation Code (R&TC).

What's New

Backup Withholding – Beginning on or after January 1, 2010, with certain limited exceptions, payers that are required to withhold and remit backup withholding to the Internal Revenue Service (IRS) are also required to withhold and remit to the Franchise Tax Board (FTB). The California backup withholding rate is 7% of the payment. For California purposes, dividends, interests, and any financial institutions release of loan funds made in the normal course of business are exempt from backup withholding. For additional information on California backup withholding, go to **ftb.ca.gov** and search for **backup withholding**.

If a payee has backup withholding, the payee must contact the FTB to provide a valid Taxpayer Identification Number (TIN) before filing a tax return. The following are acceptable TINs: social security number (SSN); individual taxpayer identification number (ITIN); federal employer identification number (FEIN); California corporation number (CA Corp No.); or Secretary of State (SOS) file number. Failure to provide a valid TIN will result in the denial of the backup withholding credit. For more information go to **ftb.ca.gov** and search for **backup withholding**.

General Information

For purposes of California income tax, references to a spouse, husband, or wife also refer to a Registered Domestic Partner (RDP) unless otherwise specified. For more information on RDPs, get FTB Pub. 737, Tax Information for Registered Domestic Partners.

Private Mail Box (PMB) – Include the PMB in the address field. Write "PMB" first, then the box number. Example: 111 Main Street PMB 123.

Foreign Address – Enter the information in the following order: City, Country, Province/Region, and Postal Code. Follow the country's practice for entering the postal code. **Do not** abbreviate the country's name.

A Purpose

Use Form 590, Withholding Exemption Certificate, to certify an exemption from nonresident withholding. California residents or entities should complete and present Form 590 to the withholding agent. The withholding agent is then relieved of the withholding requirements if the agent relies in good faith on a completed and signed Form 590 unless told by the FTB that the form should not be relied upon.

The following are excluded from withholding and completing this form:

- The United States and any of its agencies or instrumentalities
- A state, a possession of the United States, the District of Columbia, or any of its political subdivisions or instrumentalities
- A foreign government or any of its political subdivisions, agencies, or instrumentalities

Important – This form cannot be used for exemption from wage and real estate withholding.

- If you are an employee, any wage withholding questions should be directed to the FTB General Information number, 800.852.5711. Employers should call **888**.745.3886 or go to **www.edd.ca.gov**.
- Sellers of California real estate use Form 593-C, Real Estate Withholding Certificate, to claim an exemption from real estate withholding.

B Requirement

R&TC Section 18662 requires withholding of income or franchise tax on payments of California source income made to nonresidents of California.

Withholding is required on the following, but is not limited to:

- Payments to nonresidents for services rendered in California.
- Distributions of California source income made to domestic nonresident S corporation shareholders, partners and members and allocations of California source income made to foreign partners and members.
- Payments to nonresidents for rents if the payments are made in the course of the withholding agent's business.
- Payments to nonresidents for royalties with activities in California.
- Distributions of California source income to nonresident beneficiaries from an estate or trust.
- Prizes and winnings received by nonresidents for contests in California.

However, withholding is optional if the total payments of California source income are $1,500 or less during the calendar year.

For more information on withholding get FTB Pub. 1017, Resident and Nonresident Withholding Guidelines. To get a withholding publication see General Information H, Publications, Forms, and Additional Information.

C Who Certifies this Form

Form 590 is certified by the payee. An incomplete certificate is invalid and the withholding agent should not accept it. If the withholding agent receives an incomplete certificate, the withholding agent is required to withhold tax on payments made to the payee until a valid certificate is received. In lieu of a completed certificate on the preprinted form, the withholding agent may accept as a substitute certificate a letter from the payee explaining why the payee is not subject to withholding. The letter must contain all the information required on the certificate in similar language, including the under penalty of perjury statement and the payee's taxpayer identification number. The withholding agent must retain a copy of the certificate or substitute for at least four years after the last payment to which the certificate applies, and provide it upon request to the Franchise Tax Board.

For example, if an entertainer (or the entertainer's business entity) is paid for a performance, the entertainer's information must be provided. **Do not** submit the entertainer's agent or promoter information.

The grantor of a grantor trust shall be treated as the payee for withholding purposes. Therefore, if the payee is a grantor trust and one or more of the grantors is a nonresident, withholding is required. If all of the grantors on the trust are residents, no withholding is required. Resident grantors can check the box on Form 590 labeled "Individuals — Certification of Residency."

D Who is a Resident

A California resident is any individual who is in California for other than a temporary or transitory purpose or any individual domiciled in California who is absent for a temporary or transitory purpose.

An individual domiciled in California who is absent from California for an uninterrupted period of at least 546 consecutive days under an employment-related contract is considered outside California for other than a temporary or transitory purpose.

An individual is still considered outside California for other than a temporary or transitory purpose if return visits to California do not total more than 45 days during any taxable year covered by an employment contract.

This provision does not apply if an individual has income from stocks, bonds, notes, or other intangible personal property in excess of $200,000 in any taxable year in which the employment-related contract is in effect.

A spouse/RDP absent from California for an uninterrupted period of at least 546 days to accompany a spouse/RDP under an employment-related contract is considered outside of California for other than a temporary or transitory purpose.

Generally, an individual who comes to California for a purpose which will extend over a long or indefinite period will be considered a resident. However, an individual who comes to perform a particular contract of short duration will be considered a nonresident.

For assistance in determining resident status, get FTB Pub. 1031, Guidelines for Determining Resident Status, and FTB Pub. 1032, Tax Information for Military Personnel, or call the FTB at 800.852.5711 or 916.845.6500.

E Military Spouse Residency Relief Act (MSRRA)

Generally, for tax purposes you are considered to maintain your existing residence or domicile. If a military servicemember and nonmilitary spouse have the same state of domicile, the MSRRA provides:

- A spouse shall not be deemed to have lost a residence or domicile in any state solely by reason of being absent to be with the servicemember serving in compliance with military orders.
- A spouse shall not be deemed to have acquired a residence or domicile in any other state solely by reason of being there to be with the servicemember serving in compliance with military orders.

Domicile is defined as the one place:

- Where you maintain a true, fixed, and permanent home
- To which you intend to return whenever you are absent

A military servicemember's nonmilitary spouse is considered a nonresident for tax purposes if the servicemember and spouse have the same domicile outside of California and the spouse is in California solely to be with the servicemember who is serving in compliance with Permanent Change of Station orders (Note: California may require nonmilitary spouses of military servicemembers to provide proof that they meet the criteria for California personal income tax exemption as set forth in the MSRRA).

Income of a military servicemember's nonmilitary spouse for services performed in California is not California source income subject to state tax if the spouse is in California to be with the servicemember serving in compliance with military orders, and the servicemember and spouse have the same domicile in a state other than California.

For additional information or assistance in determining whether the applicant meets the MSRRA requirements, get FTB Pub. 1032.

F What is a Permanent Place of Business

A corporation has a permanent place of business in California if it is organized and existing under the laws of California or if it is a foreign corporation qualified to transact intrastate business by the SOS. A corporation that has not qualified to transact intrastate business (e.g., a corporation engaged exclusively in interstate commerce) will be considered as having a permanent place of business in California only if it maintains a permanent office in California that is permanently staffed by its employees.

G Withholding Agent

Keep Form 590 for your records. **Do not** send this form to the FTB unless it has been specifically requested.

For more information, contact Withholding Services and Compliance, see General Information H.

The payee must notify the withholding agent if any of the following situations occur:

- The individual payee becomes a nonresident.
- The corporation ceases to have a permanent place of business in California or ceases to be qualified to do business in California.
- The partnership ceases to have a permanent place of business in California.
- The LLC ceases to have a permanent place of business in California.
- The tax-exempt entity loses its tax-exempt status.

The withholding agent must then withhold and report the withholding using Form 592, Resident and Nonresident Withholding Statement, and remit the withholding using Form 592-V, Payment Voucher for Resident and Nonresident Withholding. Form 592-B, Resident and Nonresident Withholding Tax Statement, is retained by the withholding agent and a copy is given to the payee.

Instructions for Form 587

Nonresident Withholding Allocation Worksheet

References in these instructions are to the California Revenue and Taxation Code (R&TC).

General Information

Beginning January 1, 2008, domestic nonresidents may use Form 589, Nonresident Reduced Withholding Request, to request the reduction in the standard seven percent withholding amount that is applicable to California source payments made to nonresidents.

Backup Withholding – Beginning on or after January 1, 2010, with certain limited exceptions, payers that are required to withhold and remit backup withholding to the Internal Revenue Service (IRS) are also required to withhold and remit to the Franchise Tax Board (FTB). The California backup withholding rate is 7% of the payment. For California purposes, dividends, interests, and any financial institutions, release of loan funds made in the normal course of business are exempt from backup withholding.

If a payee has backup withholding, the payee must contact the FTB to provide a valid Taxpayer Identification Number (ITIN) before filing a tax return. The following are acceptable TINs: social security number (SSN); individual taxpayer identification number (ITIN); federal employer identification number (FEIN); California corporation number (CA Corp No.); or California Secretary of State (SOS) file number. Failure to provide a valid TIN will result in the denial of the backup withholding credit. For more information, go to **ftb.ca.gov** and search for **backup withholding.**

Private Mail Box (PMB) – Include the PMB in the address field. Write "PMB" first, then the box number. Example: 111 Main Street PMB 123.

Foreign Address – Enter the information in the following order: City, Country, Province/Region, and Postal Code. Follow the country's practice for entering the postal code. **Do not** abbreviate the country's name.

A Purpose

Use Form 587, Nonresident Withholding Allocation Worksheet, to determine the amount of withholding required on payments to nonresidents.

The payee completes, signs, and returns Form 587 to the withholding agent. The withholding agent relies on the certification made by the payee to determine the amount of withholding required, provided the completed and signed Form 587 is accepted in good faith. Retain the completed Form 587 for your records for a minimum of four years and provide it to the FTB upon request.

Do not use Form 587 if any of the following applies:

- Payment to a nonresident is only for the purchase of goods.
- You sold California real estate. Use Form 593-C, Real Estate Withholding Certificate.
- The payee is a resident of California or is a non-grantor trust that has at least one California resident trustee. Use Form 590, Withholding Exemption Certificate.
- The payee is a corporation, partnership, or limited liability company (LLC) that has a permanent place of business in California or is qualified to do business in California. Foreign corporations must be qualified to transact intrastate business. Use Form 590.
- The payment is to an estate and the decedent was a California resident. Use Form 590.

B Requirement

California Revenue and Taxation Code (R&TC) Section 18662 and the related regulations require withholding of income or franchise tax on certain payments made to nonresidents of California for personal services performed in California and for rents on property located in California and royalties with activities in California. The withholding rate is seven percent (.07) unless the FTB grants a waiver. See General Information E, Waivers.

C When to File This Form

The withholding agent requests that the payee completes, signs, and returns Form 587 when a contract is entered into or before payment is made to the payee. The withholding agent retains Form 587 for a minimum of four years and must provide it to the FTB upon request.

Form 587 remains valid for the duration of the contract (or term of payments), provided there is no material change in the facts. By signing Form 587, the payee agrees to promptly notify the withholding agent of any changes in the facts.

D Withholding Requirements

Payments made to nonresident payees (including individuals, corporations, partnerships, LLCs, estates, and trusts) are subject to withholding. However, no withholding is required if total payments of California source income to the payee during the calendar year are $1,500 or less.

If the California resident, qualified corporation, LLC, or partnership is acting as an agent for the nonresident payee, the payment is subject to withholding if the nonresident payee does not meet any of the exceptions on Form 590.

Payments subject to withholding include the following:

- Payments for services performed in California by nonresidents.
- Payments made in connection with a California performance.
- Rent paid to nonresidents if the rent is paid in the course of the withholding agent's business.
- Royalties paid to nonresidents from business activities in California.
- Payments of prizes for contests entered in California.
- Distributions of California source income to nonresident beneficiaries from an estate or trust.
- Other payments of California source income made to nonresidents.

Payments not subject to withholding include payments:

- To a resident of California or to a corporation with a permanent place of business in California.
- To a corporation qualified to do business in California.
- To a partnership or LLC that has a permanent place of business in California.
- For sale of goods.
- For income from intangible personal property, such as interest and dividends, unless the property has acquired a business situs in California.
- For services performed outside of California.
- To a payee that is a tax-exempt organization under either California or federal law, use Form 590.

- Representing wages paid to employees. Wage withholding is administered by the California Employment Development Department (EDD). For more information, contact your local EDD office.
- To a payee that is a government entity.
- To reimburse a payee for expenses relating to services performed in California if the reimbursement is separately accounted for and not subject to federal Form 1099 reporting. Corporate payees, for purposes of this exception, are treated as individual persons.

E Waivers

A nonresident payee may request that withholding be waived. To apply for a withholding waiver, use Form 588, Nonresident Withholding Waiver Request. If the FTB has granted a waiver, you must attach a copy of FTB's determination letter to Form 587.

F Requirement to File a California Tax Return

A payee's exemption certification on Form 587, Form 590, or a determination letter from the FTB waiving withholding does not eliminate the requirement to file a California tax return and pay the tax due. For return filing requirements, see the instructions for Long or Short Form 540NR, California Nonresident or Part-Year Resident Income Tax Return; Form 541, California Fiduciary Income Tax Return; Form 100, California Corporation Franchise or Income Tax Return; or Form 100S, California S Corporation Franchise or Income Tax Return.

Specific Instructions

Part I – Withholding Agent

The withholding agent must complete Part I before giving Form 587 to the payee.

Part II – Nonresident Payee

The payee must complete all information in Part II including the social security number, individual taxpayer identification number, California corporation number, FEIN, or SOS file number, and entity type.

Part III – Payment Type

The nonresident payee must check the box that identifies the type of payment being received.

No withholding is required when payees are residents or have a permanent place of business in California.

Part IV – Income Allocation

Use Part IV to identify payments that are subject to withholding. Only payments sourced within California are subject to withholding. Services performed in California are sourced in California. In the case of payments for services performed when part of the services are performed outside California, enter the amount paid for performing services within California in column (a). Enter the amount paid for performing services while outside California in column (b). Enter the total amount paid for services in column (c).

If the payee's trade, business, or profession carried on in California is an integral part of a unitary business carried on within and outside California, the amounts included on line 1 through line 5 should be computed by applying the payee's California apportionment percentage (determined in accordance with the provisions of the Uniform Division of Income for Tax Purposes Act) to the payment amounts. For more information on apportionment, get California Schedule R, Apportionment and Allocation of Income.

Withholding agent. Withholding is optional, at your discretion, on the first $1,500 in payments made during the calendar year. Withholding must begin as soon as the total payments of California source income for the calendar year exceed $1,500. If circumstances change during the year (such as the total amount of payments), which would change the amount on line 6, the payee must submit a new Form 587 to the withholding agent reflecting those changes. The withholding agent should evaluate the need for a new Form 587 when a change in facts occurs.

Part V – Certification of Payee

The payee and/or the authorized representative must complete, sign, date, and return this form to the withholding agent.

Authorized representatives include those persons the payee authorized to act on their behalf through a power of attorney, third party designee, or other individual taxpayers authorized to view their confidential tax data via a waiver or release.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. person (including a U.S. resident alien).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the Certification, but you must provide your correct TIN. (See the instructions on page 4.)

Sign Here Signature of U.S. person ▶ [signature] Date ▶ 07/03/13

Purpose of Form

A person who is required to file an information return with the IRS, must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

U.S. person. Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee.

In 3 above, if applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

For federal tax purposes, you are considered a person if you are:

- An individual who is a citizen or resident of the United States,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States, or
- Any estate (other than a foreign estate) or trust. See Regulations sections 301.7701-6(a) and 7(a) for additional information.

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,

- The U.S. grantor or other owner of a grantor trust and not the trust, and
- The U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person, do not use Form W-9. Instead, use the appropriate Form W-8 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.

2. The treaty article addressing the income.

3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.

4. The type and amount of income that qualifies for the exemption from tax.

5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity not subject to backup withholding, give the requester the appropriate completed Form W-8.

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 28% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,

2. You do not certify your TIN when required (see the Part II instructions on page 3 for details),

3. The IRS tells the requester that you furnished an incorrect TIN,

4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or

5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See the instructions below and the separate Instructions for the Requester of Form W-9.

Also see *Special rules for partnerships* on page 1.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of $50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a $500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Name

If you are an individual, you must generally enter the name shown on your income tax return. However, if you have changed your last name, for instance, due to marriage without informing the Social Security Administration of the name change, enter your first name, the last name shown on your social security card, and your new last name.

If the account is in joint names, list first, and then circle, the name of the person or entity whose number you entered in Part I of the form.

Sole proprietor. Enter your individual name as shown on your income tax return on the "Name" line. You may enter your business, trade, or "doing business as (DBA)" name on the "Business name" line.

Limited liability company (LLC). Check the "Limited liability company" box only and enter the appropriate code for the tax classification ("D" for disregarded entity, "C" for corporation, "P" for partnership) in the space provided.

For a single-member LLC (including a foreign LLC with a domestic owner) that is disregarded as an entity separate from its owner under Regulations section 301.7701-3, enter the owner's name on the "Name" line. Enter the LLC's name on the "Business name" line.

For an LLC classified as a partnership or a corporation, enter the LLC's name on the "Name" line and any business, trade, or DBA name on the "Business name" line.

Other entities. Enter your business name as shown on required federal tax documents on the "Name" line. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on the "Business name" line.

Note. You are requested to check the appropriate box for your status (individual/sole proprietor, corporation, etc.).

Exempt Payee

If you are exempt from backup withholding, enter your name as described above and check the appropriate box for your status, then check the "Exempt payee" box in the line following the business name, sign and date the form.

Generally, individuals (including sole proprietors) are not exempt from backup withholding. Corporations are exempt from backup withholding for certain payments, such as interest and dividends.

Note. If you are exempt from backup withholding, you should still complete this form to avoid possible erroneous backup withholding.

The following payees are exempt from backup withholding:

1. An organization exempt from tax under section 501(a), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2),

2. The United States or any of its agencies or instrumentalities,

3. A state, the District of Columbia, a possession of the United States, or any of their political subdivisions or instrumentalities,

4. A foreign government or any of its political subdivisions, agencies, or instrumentalities, or

5. An international organization or any of its agencies or instrumentalities.

Other payees that may be exempt from backup withholding include:

6. A corporation,

7. A foreign central bank of issue,

8. A dealer in securities or commodities required to register in the United States, the District of Columbia, or a possession of the United States,

9. A futures commission merchant registered with the Commodity Futures Trading Commission,

10. A real estate investment trust,

11. An entity registered at all times during the tax year under the Investment Company Act of 1940,

12. A common trust fund operated by a bank under section 584(a),

13. A financial institution,

14. A middleman known in the investment community as a nominee or custodian, or

15. A trust exempt from tax under section 664 or described in section 4947.

The chart below shows types of payments that may be exempt from backup withholding. The chart applies to the exempt payees listed above, 1 through 15.

IF the payment is for . . .	THEN the payment is exempt for . . .
Interest and dividend payments	All exempt payees except for 9
Broker transactions	Exempt payees 1 through 13. Also, a person registered under the Investment Advisers Act of 1940 who regularly acts as a broker
Barter exchange transactions and patronage dividends	Exempt payees 1 through 5
Payments over $600 required to be reported and direct sales over $5,000[1]	Generally, exempt payees 1 through 7[2]

[1] See Form 1099-MISC, Miscellaneous Income, and its instructions.

[2] However, the following payments made to a corporation (including gross proceeds paid to an attorney under section 6045(f), even if the attorney is a corporation) and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees, and payments for services paid by a federal executive agency.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-member LLC that is disregarded as an entity separate from its owner (see *Limited liability company (LLC)* on page 2), enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note. See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local Social Security Administration office or get this form online at *www.ssa.gov*. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at *www.irs.gov/businesses* and clicking on Employer Identification Number (EIN) under Starting a Business. You can get Forms W-7 and SS-4 from the IRS by visiting *www.irs.gov* or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note. Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: *A disregarded domestic entity that has a foreign owner must use the appropriate Form W-8.*

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if items 1, 4, and 5 below indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). Exempt payees, see *Exempt Payee* on page 2.

Signature requirements. Complete the certification as indicated in 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information such as your name, social security number (SSN), or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

Call the IRS at 1-800-829-1040 if you think your identity has been used inappropriately for tax purposes.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to *phishing@irs.gov*. You may also report misuse of the IRS name, logo, or other IRS personal property to the Treasury Inspector General for Tax Administration at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at: *spam@uce.gov* or contact them at *www.consumer.gov/idtheft* or 1-877-IDTHEFT(438-4338).

Visit the IRS website at *www.irs.gov* to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons who must file information returns with the IRS to report interest, dividends, and certain other income paid to you, mortgage interest you paid, the acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA, or Archer MSA or HSA. The IRS uses the numbers for identification purposes and to help verify the accuracy of your tax return. The IRS may also provide this information to the Department of Justice for civil and criminal litigation, and to cities, states, the District of Columbia, and U.S. possessions to carry out their tax laws. We may also disclose this information to other countries under a tax treaty, to federal and state agencies to enforce federal nontax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism.

You must provide your TIN whether or not you are required to file a tax return. Payers must generally withhold 28% of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to a payer. Certain penalties may also apply.

ADDENDUM No. 2

Printer and Toner Cartridges - (RFB 6073)

Addendum No. 2 forms a part of the contract documents and changes the original documents only in the manner and to the extent stated.

QUESTIONS AND ANSWERS:

Q: In the Pricing Schedule at the end, percent (%) discount is required to be provided for various makes. There is a vast difference in the offer which can be made for Ink Cartridges and that for toner cartridges. Consolidating them together makes it difficult to give a single percent discount for the two categories. Should there be an option for giving two different discounts one each for the ink cartridges and toner cartridges?

A: The Pricing Schedule at the end is now separated in to two toner types. One toner type is for toner cartridges and the other toner type is for ink toner cartridges. There is now an option for giving two different discounts for ink cartridges and toner cartridges.

Q: Will the County entertain a cost per print alternative versus buying multiple print cartridges?

A: No.

Q: Does the County have desktop printing quantities that could be utilized in a cost per impression offer?

A: No.

Q: Will the County of San Diego allow price discounts on existing toner SKU's after the contract has been awarded through the selected vendor?

A: Yes. Prices quoted are maximum prices and the selected vendor is able to offer additional discounts or lower prices.

Q: Can you please clarify Percentage Discount off MSRP calculations at the bottom of the quote request?

A: The County of San Diego is requesting percent discounts off of toner and ink cartridges not listed in the Pricing Schedule. OEM, compatible, remanufactured or recycled toner cartridges per stated percent discount off of the current OEM MSRP. Bid discount from the OEM list price only. Do not calculate discounts from any compatible or remanufactured MSRP. See reworded pricing sheet.

Subject: Specification of Manufacturer's Warranty on Equipment

The following policies and procedures have been established by LD Products:

I. LD Products warrants that the use of compatible or remanufactured cartridges will not void any manufacturer's warranty on the printers.

No company, associate, salesperson, or service technician can deny you service or warranty work that would otherwise be covered under a warranty program simply because you use a compatible or remanufactured product. Your consumer rights are protected by the United States Government.

What follows is a partial quote from the Magnuson-Moss Warranty Improvement Act, which protects your rights and your warranty.

MAGNUSON-MOSS WARRANTY IMPROVEMENT ACT
United States Code Annotated
Title 15 Commerce and Trade
Chapter 50 Consumer Product Warranties
15 Section 2032

... (c) No warrantor of a consumer product may condition his written or implied warranty of such product on the consumer's using, in connection with such product, any article or service (other than article or service provided without charge under the terms of the warranty) which is identified by brand, trade or corporate name; except that the prohibition of this subsection be waived by the commission if:

1) The warrantor satisfies the Commission that the warranted product will function properly only if the article or service so identified is used in connection with the warranted product, and
2) The Commission finds that such a waiver is in the public interest.

Subject: Compatible Hewlett Packard Cartridges

The following policies and procedures have been established by LD Products:

Due to copyright laws, "compatible" (100% new) HP cartridges are not available for purchase. All non-OEM suppliers are required to use OEM shells to manufacture an equivalent product. Since by definition we consider a "compatible" product to be 100% new parts, we are unable to provide compatible product as previously purchased by the County of San Diego. We can provide a "remanufactured" toner, with an outer shell that has been through one printing cycle, with new internal parts. We have detailed our remanufacturing process in the attached document, and are confident it will meet your quality standards. If you have any questions regarding our remanufacturing process, you may call or email us at any time.

If you have any questions regarding these exceptions you may contact me at any time.

Subject: Remanufacturing Process

A. Remanufacturing Process

The remanufacturing process for our products follows all Standardized Test Methods Committee (STMC) guidelines with each cartridge remanufactured in an ISO-9001 certified factory. Strict quality control is maintained at all times to ensure that our products meet or exceed OEM (Original Equipment Manufacturer) standards.

The following is a description of our toner remanufacturing process.

Step 1 – Part Collection. Laser toner cartridges and parts are obtained from several sources:

a. Customers
b. Recycling Programs for schools, government agencies, businesses, and customers
c. Vendors that are engaged in buying and selling empty cartridges

Step 2 - Inspection. Cartridges are examined to determine their condition. Only those cartridges or internal parts found acceptable continue through the remanufacturing process.

Step 3 – Disassembly. The cartridge is broken down into its basic components: Cover, Toner Hopper, Dust Bin, Doctor Blade, Magnetic Roller, Corona Assembly, Drum, and Wiper Blade. Worn components are marked for replacement. Where applicable, copy counters are reset.

Step 4 – Cleaning. Any remaining toner in the hopper and collected toner in the dust bin is dumped out inside a suction chamber. Both the hopper and dust bin is thoroughly vacuumed with a vacuum cleaner specially equipped with a hepa filter to prevent fine particles of toner from being scattered about the room. If the wiper blade is not removed from the dust bin, care is taken to avoid damaging it when dumping or vacuuming. All parts should are then blown off with an air gun attached to a compressor with at least 30 PSI of air pressure.

Step 5 - Cleaning and Replacement of Parts

The wiper blade and recovery blade
Cleaned with water or peroxide, then wiped completely dry. To prevent dry rotting, the wiper blade may be coated with a protectant. This, however, does not work on all types of wiper blades, and may cause damage to some drums. The protectant is wiped clean and the wiper dusted with padding powder. The recovery blade is checked for ripples. If it does not appear perfectly straight, it is replaced. The wiper blade is checked for wear or damage and replaced if necessary.

The magnetic roller
Wiped down with a non-abrasive sponge. If any toner is embedded in the surface of the roller, the entire roller is cleaned with 99% alcohol to keep print uniform. If it becomes necessary to clean the mag roller with alcohol, toner may have to be rubbed into the surface with a sponge during refilling to help the roller carry the toner more evenly and prevent uneven printing. The roller is replaced if gouges are present.

The charge roller
The surface of the charge roller should first be cleaned with water or peroxide and wiped dry. Conductive cream should then be applied to keep the surface plyable without hindering the charge. The metal roller ends should be cleaned with peroxide, then alcohol, and the cradle where the roller ends sit should also be cleaned with alcohol. The roller is replaced if nicks, surface pealing, or flaking are present.

The corona wire or corona assembly and contacts
Cleaned with peroxide, then with 99% alcohol. The wire is then burnished to remove any film left on by the alcohol, or residual oxides. The wire is then tested for continuity by placing one end of a multi-tester on the contact, while running the other end slowly along the entire length of the wire. The meter should give a zero reading without fluctuating during this process. If the meter drops at any point, that area of the corona wire is burnished again. If fluctuations persist, the corona assembly is replaced or the wire is re-strung. Gold plated wire is the preferred method for re-stringing. It provides a better conductor and is less susceptible to oxidation.

The drum
Cleaned with water or peroxide. Any embedded toner is removed with 99% alcohol. Depending upon the type of drum being cleaned, scuffs and minor scratches may sometimes be removed.

Step 6 – Sealing. The seal prevents the toner from seeping from the hopper during transportation. Some cartridges are very tightly constructed and require no seal during transportation but most do. An adhesive seal is placed between the hopper and the magnetic roller. This seal is then removed by the user prior to installation. After the seal is installed, the hopper is checked for leaks by tapping it on a table at different angles, and slapping it on the sides. If there is any indication of leaking, it is re-sealed until it no longer leaks.

Step 7 – Filling. A pre-measured bottle of toner and a funnel is the easiest method of filling. When the desired amount of toner is filled, the hopper cap is immediately replaced and the edges of the hopper cap are blown off with compressed air in a hepa-filtered suction chamber. The hopper is then checked for leaks as described in the previous section. If the hopper is leak free, the magnetic roller should be clean. Using a gapping tool, doctor blade is gapped evenly on both sides to ensure an even flow of toner to the mag roller in the correct thickness. This is done by loosening the screws on each end of the doctor blade and moving the blade accordingly. The magnetic roller is primed by placing an even amount across the length of the roller. The edges where the toner overlaps the felt pads on the ends of the mag roller are vacuumed. The mag roller is rotated away from the doctor blade, until the heap of toner is under the doctor blade and the roller is completely covered.

Step 8 – Reassembly. The cartridge is reassembled in the reverse order. However, before the drum is replaced, it is dusted lightly with padding powder and placed on its axle over the wiper blade. Once fastened, the drum is rotated over the wiper blade to ensure proper operation of the wiper blade. The padding powder is cleaned off the drum as it is rotated. Once completely reassembled, the drum is rotated to ensure that it is properly seated. If it is not, it will snap into place upon rotation.

Step 9 – Testing / Quality Control. Each cartridge is then post-tested, going through all the necessary procedures to verify its mechanical performance, print density, and previously undetected defects.

Step 10 – Packaging / Shipping. If the cartridge passes all of these rigorous tests, all of the residual toner and finger marks on the entire casing are cleaned with 99% alcohol. The cartridge is packaged in an air-tight, static free, foil bag with black inner lining to prevent light from getting in. Drums are photosensitive and can be damaged with prolonged exposure to light. The bag is placed in a cartridge box with an insert to absorb shock during shipping. A toner hopper/separator meeting or exceeding OEM standards is used to prevent toner spills during shipping.

1.5 Discounts of less than thirty- (30) days will not be considered in evaluation of bids to determine overall apparent low bidder.

1.6 Net terms of less than 30 days will not be accepted.

2. SUBMITTING YOUR BID

2.1 Each bid must be in a separate sealed envelope **WITH BID NUMBER ON THE OUTSIDE** and must be delivered to the County Purchasing and Contracting Department, Front Desk (where it will be time stamped to indicate time of receipt), 5560 Overland Avenue, Suite 270, San Diego, California 92123, by 11:00 a.m. on the day specified. 2.2 Failure to bid on authorized County form may be cause for rejection of bid.

2.3 Any bid received at the County Purchasing and Contracting Department after the exact time for receipt will not be considered and will be rejected as a late bid.

2.4 Late bids will be returned to the bidder unopened unless it is determined that the late receipt was due solely to mishandling by the Purchasing and Contracting Department and such determination is made prior to award.

2.5 The County's primary means of providing bids and addenda is the County BuyNet Internet website:

2.6 No oral interpretation shall be made to modify any provisions of any bid specifications. Requests for an interpretation shall be made in writing to the County Director of Purchasing and Contracting prior to bid opening and a written response will be posted on the County BuyNet website.

3.1 Bids are subject to acceptance at any time within 30 days after opening of same, unless otherwise stipulated by the County.

3.3 Award will be made by the Department of Purchasing and Contracting as stated on the cover/pricing page to the lowest responsive, responsible bidder.

3.4 The County reserves the right to waive a variation in specification if, in the opinion of the County, such variation does not materially change the item or its performance within parameters acceptable to the County.

3.5 The County reserves the right to reject any or all bids and to accept or reject any item(s) thereon, or waive any informality in the bid.

3.6 In the event of a conflict between unit price bid and bidder's extended price, the unit price will prevail unless price is so obviously unreasonable as to indicate an error. In that event, the bid will be rejected as non-responsive for the reason of inability to determine the intended bid.

3.7 The County reserves the right to perform a pre-award survey of the bidder to determine capability to perform, including but not limited to facilities, financial responsibility, materials/supplies, and past performance. The determination of the County as to the bidder's prospective ability to perform the contract shall be conclusive.

4. PROTEST PROCEDURES

Any protest resulting from this procurement is to be processed as prescribed in Board of Supervisors' Policy A-97, Protest Procedures for Award of Contracts. All protests shall be in writing, be made **prior** to Award, and be made only by an offeror. Such protests shall clearly state the ground for the protest and the relief sought. Protests shall be filed with the County's contracting office identified in the solicitation package.

For purposes of clarification regarding Board of Supervisors Policy A-97, Protest Procedures for Award of Contracts the posting of the bid abstract is equivalent to the posting of the NOTICE OF INTENT (NOI).

Whenever a contract is contemplated to be awarded to other than the low bidder in a formally advertised procurement, the low bidder shall be so notified five working days prior to award, in addition to the posting of the proposed award in a public place in the Contracting Office for the same period of time. Copies of Policy A-97 are available upon request from the Clerk of the Board, 1600 Pacific Highway, San Diego, CA 92101 or via the County of San Diego's Internet website: http://www.co.san-diego.ca.us/cob/policy/index.html

5. LOCAL BUSINESS PREFERENCE

Responsive bids from responsible local San Diego County businesses shall be given preference for award over bids received from non-local businesses. "Local Business" is defined as a business with a valid license issued by a city within the County, employing San Diego residents, and with a verifiable address within the County, or a business employing San Diego residents and with a verifiable address in an unincorporated area of the county. Post Office Boxes do not qualify as verifiable local business addresses. If a tie bid occurs between a local business and a non-local business, award shall be made to the local business.

If the lowest responsible, responsive bid is submitted by a non-local business, one percent (1%) shall be subtracted from the lowest responsive, responsible bid submitted by a local business in evaluating the bids for award. If application of the one percent (1%) factor results in the local business bid being equal to or lower than the non-local business bid, contract award will be made to the local business at the local business bid price, except for public works and construction bids, or if prohibited by State or Federal law.

16. **INSPECTION OF SERVICE/MATERIALS/SUPPLIES**

16.1. The minutes of these meetings will be reduced to writing and signed by the COTR and the Contractor. Should the Contractor not concur with minutes, the Contractor will set out in writing any area of disagreement. Appropriate action will be taken to resolve any areas of disagreement.

45. INDEPENDENT CONTRACTOR

The Contractor is, for all purposes arising out of this contract, an independent Contractor and shall not be deemed an employee of the County. It is expressly understood and agreed that the Contractor shall in no event, as a result of this contract, be entitled to any benefits to which County employees are entitled, including but not limited to overtime, any retirement benefits, worker's compensation benefits, and injury leave or other leave benefits.

46. SUBCONTRACT FOR WORK OR SERVICES (July 2008)

No contract shall be made by the Contractor with any party for furnishing any of the work or services herein contained without the prior written approval of the Contracting Officer's Technical Representative (COTR); but this provision shall not require the approval of contracts of employment between the Contractor and personnel assigned for services thereunder, or for parties named in proposal and agreed to any resulting contract.

Contractors are further reminded that it is the County's policy to encourage the participation of small and Disabled Veterans

Business Enterprises. This includes: ensuring that, if available, small and Disabled Veterans Business Enterprise firms are solicited, where feasible dividing the requirement into smaller units for the purpose of greater participation, and establishing delivery and payment schedules which will facilitate participation by small and Disabled Veterans Business Enterprises.

47. INTEREST OF CONTRACTOR

The Contractor covenants that it presently has no interest, including but not limited, to other projects or independent contracts, and shall not acquire any such interest, direct or indirect, which would conflict in any manner or degree with the performance of services required to be performed under this contract. The Contractor further covenants that in the performance of this contract, no person having any such interest shall be employed or retained by it under this contract.

48. LICENSING

Attention is directed to the provisions of Chapter 9 of Division 3 of the Business and Professions Code concerning the licensing of contractors. All offerors and contractors shall be licensed, if required, in accordance with the laws of this state and any offeror or contractor not so licensed is subject to the penalties imposed by such laws.

49. DAMAGES FOR DELAY AND TIME EXTENSION

49.1. If the Contractor refuses or fails to prosecute the work, or any separable part thereof, with such diligence as will ensure its completion within the time specified in this contract, or any extension thereof, or fails to complete said work within such time, the County will be entitled to the resulting damages caused by the delay. Damages will be the cost to the County incurred as a result of continuing the current level and type of service over that cost that would be incurred had the contract segments been completed by the time frame stipulated and any other damages suffered by the County.

49.2. The Contractor's right to proceed shall not be terminated nor the Contractor charged with resulting damage if:

49.2.1. The delay in the completion of the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to acts of the public enemy, acts of the County in either its sovereign or contracting capacity, acts of another contractor in the County, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severed weather, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of both the Contractor and such subcontractors or suppliers, and

49.2.2. The Contractor, within 10 days from the beginning of any such delay (unless the Contracting Officer grants a further period of time before the date of final payment under the contract), notifies the Contracting Officer in writing of the causes of delay in (1) above

The Contracting Officer shall ascertain the facts and the extent of the delay and extend the time for completing the work when, in his judgment, the findings of fact justify such an extension, and his findings of fact shall be final and conclusive on the parties subject only to appeal as provided in the clause of this contract entitled, "DISPUTES".

49.3. The rights and remedies of the County provided in this clause are in addition to any other rights and remedies provided by law or under this contract.

49.4. As used in paragraph (2.1) of this clause, the terms, "subcontractors or suppliers" means subcontractors or suppliers at any tier.

50. CONTRACT EXTENSION OPTION

50.1. One to six months - end of contract period

The providing of goods and/or services described in Section A or B may be extended in one or more increments for a total of no less than one (1) nor more than three (3) calendar months at the discretion of the County Purchasing Director. Each extension shall be affected by written contract modification delivered to the Contractor no less than fifteen (15) calendar days prior to expiration of the contract. The rates set forth in the pricing section shall apply to

any extension made pursuant to this option provision unless provision for appropriate price adjustment has been made elsewhere in this contract. All payments are subject to General Terms and Conditions, Clause titled "AVAILABILITY OF FUNDING".

51. RIGHT TO ACQUIRE EQUIPMENT AND SERVICES

Nothing in this agreement shall prohibit the County from acquiring the same type or equivalent equipment and/or service from other sources, when deemed by the County to be in its best interest.

52. SEVERABILITY

Should any part of this agreement be held to be invalid by a court of competent jurisdiction, the remainder of the agreement shall be considered as the whole agreement and be binding on the contracting parties.

53. LIMITATION OF FUTURE CONTRACTS

53.1. It is agreed by the parties to the contract that the Contractor will be restricted in its future contracting with the County to the manner described below. Except as specifically provided in this clause, the Contractor shall be free to compete for business on an equal basis with other companies.

53.2. If the Contractor, under the terms of the contract, or through the performance of tasks pursuant to this contract, is required to develop specifications or statements of work and such specifications or statements of work are to be incorporated into a solicitation, the Contractor shall be ineligible to perform the work described within that solicitation as a prime or subcontractor under an ensuing County contract. It is further agreed, however, that the county will not, as additional work or by change, unilaterally require the contractor to prepare such specifications or statements of work under this contract.

53.3. To the extent that the work under this contract requires access to proprietary, business confidential or financial data of other companies, and as long as such data remains proprietary or confidential, the Contractor shall protect such data from unauthorized use and disclosure and agrees not to use it to compete with such companies.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

ADDENDUM No. 2

Printer and Toner Cartridges - (RFB 6073)

Addendum No. 2 forms a part of the contract documents and changes the original documents only in the manner and to the extent stated.

QUESTIONS AND ANSWERS:

Q: In the Pricing Schedule at the end, percent (%) discount is required to be provided for various makes. There is a vast difference in the offer which can be made for Ink Cartridges and that for toner cartridges. Consolidating them together makes it difficult to give a single percent discount for the two categories. Should there be an option for giving two different discounts one each for the ink cartridges and toner cartridges?

A: The Pricing Schedule at the end is now separated in to two toner types. One toner type is for toner cartridges and the other toner type is for ink toner cartridges. There is now an option for giving two different discounts for ink cartridges and toner cartridges.

Q: Will the County entertain a cost per print alternative versus buying multiple print cartridges?

A: No.

Q: Does the County have desktop printing quantities that could be utilized in a cost per impression offer?

A: No.

Q: Will the County of San Diego allow price discounts on existing toner SKU's after the contract has been awarded through the selected vendor?

A: Yes. Prices quoted are maximum prices and the selected vendor is able to offer additional discounts or lower prices.

Q: Can you please clarify Percentage Discount off MSRP calculations at the bottom of the quote request?

A: The County of San Diego is requesting percent discounts off of toner and ink cartridges not listed in the Pricing Schedule. OEM, compatible, remanufactured or recycled toner cartridges per stated percent discount off of the current OEM MSRP. Bid discount from the OEM list price only. Do not calculate discounts from any compatible or remanufactured MSRP. See reworded pricing sheet.

2. SUBMITTING YOUR BID

2.1 Each bid must be in a separate sealed envelope **WITH BID NUMBER ON THE OUTSIDE** and must be delivered to the County Purchasing and Contracting Department, Front Desk (where it will be time stamped to indicate time of receipt), 5560 Overland Avenue, Suite 270, San Diego, California 92123, by 11:00 a.m. on the day specified. 2.3 Any bid received at the County Purchasing and Contracting Department after the exact time for receipt will not be considered and will be rejected as a late bid.

3.4 The County reserves the right to waive a variation in specification if, in the opinion of the County, such variation does not materially change the item or its performance within parameters acceptable to the County.

3.5 The County reserves the right to reject any or all bids and to accept or reject any item(s) thereon, or waive any informality in the bid.

3.6 In the event of a conflict between unit price bid and bidder's extended price, the unit price will prevail unless price is so obviously unreasonable as to indicate an error. In that event, the bid will be rejected as non-responsive for the reason of inability to determine the intended bid.

3.7 The County reserves the right to perform a pre-award survey of the bidder to determine capability to perform, including but not limited to facilities, financial responsibility, materials/supplies, and past performance. The determination of the County as to the bidder's prospective ability to perform the contract shall be conclusive.

4. PROTEST PROCEDURES

Any protest resulting from this procurement is to be processed as prescribed in Board of Supervisors' Policy A-97, Protest Procedures for Award of Contracts. All protests shall be in writing, be made **prior** to Award, and be made only by an offeror. Such protests shall clearly state the ground for the protest and the relief sought. For purposes of clarification regarding Board of Supervisors Policy A-97, Protest Procedures for Award of Contracts the posting of the bid abstract is equivalent to the posting of the NOTICE OF INTENT (NOI).

Whenever a contract is contemplated to be awarded to other than the low bidder in a formally advertised procurement, the low bidder shall be so notified five working days prior to award, in addition to the posting of the proposed award in a public place in the Contracting Office for the same period of time. Copies of Policy A-97 are available upon request from the Clerk of the Board, 1600 Pacific Highway, San Diego, CA 92101 or via the County of San Diego's Internet website: http://www.co.san-diego.ca.us/cob/policy/index.html

"Local Business" is defined as a business with a valid license issued by a city within the County, employing San Diego residents, and with a verifiable address within the County, or a business employing San Diego residents and with a verifiable address in an unincorporated area of the county. Post Office Boxes do not qualify as verifiable local business addresses. If a tie bid occurs between a local business and a non-local business, award shall be made to the local business.

If the lowest responsible, responsive bid is submitted by a non-local business, one percent (1%) shall be subtracted from the lowest responsive, responsible bid submitted by a local business in evaluating the bids for award. If application of the one percent (1%) factor results in the local business bid being equal to or lower than the non-local business bid, contract award will be made to the local business at the local business bid price, except for public works and construction bids, or if prohibited by State or Federal law.

15. **AVAILABILITY OF FUNDING**

The County's obligation for payment of any contract beyond the current fiscal year end is contingent upon the availability of funding from which payment can be made. 16. **INSPECTION OF SERVICE/MATERIALS/SUPPLIES**

16.1. In the event the Contractor fails to perform the services promptly or to take necessary steps to ensure future performance of the service in conformity with the specifications and requirements of the contract, the County shall have the right to either (1) by contract or to otherwise have the services performed in conformity with the contract specifications and charge to the Contractor any cost occasioned to the County that is directly related to the performance of such services, or (2) terminate this contract for default as provided in the Termination clause.

The Contracting Officer may at any time, by written order, make changes within the general scope of this contract, in the definition of services to be performed, and the time (i.e., hours of the day, days of the week, etc.) and place of performance thereof. If any such change causes an increase or decrease in the cost of, or the time required for the performance of any part of the work under this contract, whether changed or not changed by any such order, an equitable adjustment shall be made in the contract price or delivery schedule, or both, and the contract shall be modified in writing accordingly. Any claim by the Contractor for adjustment under this clause must be asserted within 30 days from the date of receipt by the Contractor of the notification of change; provided however, that the Contracting Officer, if he decides that the facts justify such action, may receive and act upon any such claim asserted at any time prior to final payment under this contract. Where the cost of property made obsolete or excess as a result of a change is included in the Contractor's claim for adjustment, the Contracting Officer shall have the right to prescribe the manner of disposition of such property. Failure to agree to any adjustment shall be a dispute concerning a question of fact within the meaning of the clause of this contract entitled "Disputes". However, nothing in this clause shall excuse the Contractor from proceeding with the contract as changed.

20. **ASSIGNABILITY**

The Contractor shall not assign any interest in this contract, and shall not transfer any interest in the same (whether by assignment or novation), without the prior written consent of the County thereto; provided however, that claims for money due or to become due to the Contractor from the County under this contract may be assigned without such approval. 49.2.2. The Contractor, within 10 days from the beginning of any such delay (unless the Contracting Officer grants a further period of time before the date of final payment under the contract), notifies the Contracting Officer in writing of the causes of delay in (1) above

The Contracting Officer shall ascertain the facts and the extent of the delay and extend the time for completing the work when, in his judgment, the findings of fact justify such an extension, and his findings of fact shall be final and conclusive on the parties subject only to appeal as provided in the clause of this contract entitled, "DISPUTES".

49.3. The rights and remedies of the County provided in this clause are in addition to any other rights and remedies provided by law or under this contract.

49.4. As used in paragraph (2.1) of this clause, the terms, "subcontractors or suppliers" means subcontractors or suppliers at any tier.

50. CONTRACT EXTENSION OPTION

50.1. One to six months - end of contract period

The providing of goods and/or services described in Section A or B may be extended in one or more increments for a total of no less than one (1) nor more than three (3) calendar months at the discretion of the County Purchasing Director. Each extension shall be affected by written contract modification delivered to the Contractor no less than fifteen (15) calendar days prior to expiration of the contract. The rates set forth in the pricing section shall apply to

any extension made pursuant to this option provision unless provision for appropriate price adjustment has been made elsewhere in this contract. All payments are subject to General Terms and Conditions, Clause titled "AVAILABILITY OF FUNDING".

51. RIGHT TO ACQUIRE EQUIPMENT AND SERVICES

Nothing in this agreement shall prohibit the County from acquiring the same type or equivalent equipment and/or service from other sources, when deemed by the County to be in its best interest.

52. SEVERABILITY

Should any part of this agreement be held to be invalid by a court of competent jurisdiction, the remainder of the agreement shall be considered as the whole agreement and be binding on the contracting parties.

53. LIMITATION OF FUTURE CONTRACTS

53.1. It is agreed by the parties to the contract that the Contractor will be restricted in its future contracting with the County to the manner described below. Except as specifically provided in this clause, the Contractor shall be free to compete for business on an equal basis with other companies.

53.2. If the Contractor, under the terms of the contract, or through the performance of tasks pursuant to this contract, is required to develop specifications or statements of work and such specifications or statements of work are to be incorporated into a solicitation, the Contractor shall be ineligible to perform the work described within that solicitation as a prime or subcontractor under an ensuing County contract. It is further agreed, however, that the county will not, as additional work or by change, unilaterally require the contractor to prepare such specifications or statements of work under this contract.

53.3. To the extent that the work under this contract requires access to proprietary, business confidential or financial data of other companies, and as long as such data remains proprietary or confidential, the Contractor shall protect such data from unauthorized use and disclosure and agrees not to use it to compete with such companies.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),

2. Certify that you are not subject to backup withholding, or

3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,

3. EVALUATION AND AWARD

3.1 Bids are subject to acceptance at any time within 30 days after opening of same, unless otherwise stipulated by the County.

3.2 In determining the lowest bid, discounts of 30 days or greater will be considered. Discounts will be calculated from receipt and acceptance of merchandise or invoice, whichever is later.

3.3 Award will be made by the Department of Purchasing and Contracting as stated on the cover/pricing page to the lowest responsive, responsible bidder.

3.4 The County reserves the right to waive a variation in specification if, in the opinion of the County, such variation does not materially change the item or its performance within parameters acceptable to the County.

3.5 The County reserves the right to reject any or all bids and to accept or reject any item(s) thereon, or waive any informality in the bid.

3.6 In the event of a conflict between unit price bid and bidder's extended price, the unit price will prevail unless price is so obviously unreasonable as to indicate an error. In that event, the bid will be rejected as non-responsive for the reason of inability to determine the intended bid.

3.7 The County reserves the right to perform a pre-award survey of the bidder to determine capability to perform, including but not limited to facilities, financial responsibility, materials/supplies, and past performance. The determination of the County as to the bidder's prospective ability to perform the contract shall be conclusive.

4. PROTEST PROCEDURES

Any protest resulting from this procurement is to be processed as prescribed in Board of Supervisors' Policy A-97, Protest Procedures for Award of Contracts. All protests shall be in writing, be made **prior** to Award, and be made only by an offeror. Such protests shall clearly state the ground for the protest and the relief sought. Protests shall be filed with the County's contracting office identified in the solicitation package.

For purposes of clarification regarding Board of Supervisors Policy A-97, Protest Procedures for Award of Contracts the posting of the bid abstract is equivalent to the posting of the NOTICE OF INTENT (NOI).

Whenever a contract is contemplated to be awarded to other than the low bidder in a formally advertised procurement, the low bidder shall be so notified five working days prior to award, in addition to the posting of the proposed award in a public place in the Contracting Office for the same period of time. Copies of Policy A-97 are available upon request from the Clerk of the Board, 1600 Pacific Highway, San Diego, CA 92101 or via the County of San Diego's Internet website: http://www.co.san-diego.ca.us/cob/policy/index.html

5. LOCAL BUSINESS PREFERENCE

Responsive bids from responsible local San Diego County businesses shall be given preference for award over bids received from non-local businesses. "Local Business" is defined as a business with a valid license issued by a city within the County, employing San Diego residents, and with a verifiable address within the County, or a business employing San Diego residents and with a verifiable address in an unincorporated area of the county. Post Office Boxes do not qualify as verifiable local business addresses. If a tie bid occurs between a local business and a non-local business, award shall be made to the local business.

If the lowest responsible, responsive bid is submitted by a non-local business, one percent (1%) shall be subtracted from the lowest responsive, responsible bid submitted by a local business in evaluating the bids for award. If application of the one percent (1%) factor results in the local business bid being equal to or lower than the non-local business bid, contract award will be made to the local business at the local business bid price, except for public works and construction bids, or if prohibited by State or Federal law.

The Estimated Quantities in Section "A", Pricing Schedule, are provided solely for evaluation of bids. They represent approximate anticipated use based on historical consumption. If the County's actual requirements do not result in orders in the quantities described as "estimated" in the Schedule, that fact shall not constitute the basis for price adjustment.

15. **AVAILABILITY OF FUNDING**

The County's obligation for payment of any contract beyond the current fiscal year end is contingent upon the availability of funding from which payment can be made. No legal liability on the part of the County shall arise for payment beyond June 30 of the calendar year unless funds are made available for such performance.

16. **INSPECTION OF SERVICE/MATERIALS/SUPPLIES**

16.1. All performance (which includes services, materials, supplies and equipment furnished or utilized in the performance of this contract, and workmanship in the performance of services) shall be subject to inspection and test by the County at all times during the term of the contract. The Contractor shall provide adequate cooperation to any inspector assigned by the County to permit the inspector to determine the Contractor's conformity with these specifications and the adequacy of the services being contractually provided. All inspection by the County shall be made in such a manner as not to unduly interfere with Contractor performance.

When the services to be performed are of such nature that the difference cannot be corrected, the County shall have the right to (1) require the Contractor immediately to take all necessary steps to ensure future performance of the services in conformity with requirements of the contract, and (2) reduce the contract price to reflect the reduced value of the services performed. In the event the Contractor fails to perform the services promptly or to take necessary steps to ensure future performance of the service in conformity with the specifications and requirements of the contract, the County shall have the right to either (1) by contract or to otherwise have the services performed in conformity with the contract specifications and charge to the Contractor any cost occasioned to the County that is directly related to the performance of such services, or (2) terminate this contract for default as provided in the Termination clause.

17. **DUTY TO INQUIRE**

Should an Offeror find discrepancies in or omissions from the solicitation, plans, specifications or other documents, or should the Offeror be in doubt as to their meaning, the Offeror shall at once notify the Contracting Officer/Procurement Specialist in writing. It is the Offerors responsibility to periodically check the Web site for such addenda. The County will not be responsible for any oral instructions nor for any written materials provided by any County personnel that are not also posted on the BuyNet web site.

The Contractor shall proceed diligently with the performance of the contract pending the Contracting Officer's decision.

18.2. The "Disputes" clause does not preclude consideration of legal questions in connection with decisions provided for in paragraph (A) above. Nothing in this contract shall be construed as making final the decision of any administrative official, representative, or board on a question of law.

19. **CHANGES**

The Contracting Officer may at any time, by written order, make changes within the general scope of this contract, in the definition of services to be performed, and the time (i.e., hours of the day, days of the week, etc.) and place of performance thereof. If any such change causes an increase or decrease in the cost of, or the time required for the performance of any part of the work under this contract, whether changed or not changed by any such order, an equitable adjustment shall be made in the contract price or delivery schedule, or both, and the contract shall be modified in writing accordingly. Any claim by the Contractor for adjustment under this clause must be asserted within 30 days from the date of receipt by the Contractor of the notification of change; provided however, that the Contracting Officer, if he decides that the facts justify such action, may receive and act upon any such claim asserted at any time prior to final payment under this contract. Where the cost of property made obsolete or excess as a result of a change is included in the Contractor's claim for adjustment, the Contracting Officer shall have the right to prescribe the manner of disposition of such property. Failure to agree to any adjustment shall be a dispute concerning a question of fact within the meaning of the clause of this contract entitled "Disputes". However, nothing in this clause shall excuse the Contractor from proceeding with the contract as changed.

20. **ASSIGNABILITY**

The Contractor shall not assign any interest in this contract, and shall not transfer any interest in the same (whether by assignment or novation), without the prior written consent of the County thereto; provided however, that claims for money due or to become due to the Contractor from the County under this contract may be assigned without such approval. This will authorize the acceptance of releases from designated County departments for their requirements. The vendor shall complete delivery of items ordered to destinations set forth in the release. Each release shipment shall be accompanied by a priced invoice itemizing all material. Partial shipments are not acceptable when ordered by release.

38. **INVOICES**

All deliveries must be accompanied by invoices or delivery tickets. A copy of each invoice or delivery ticket must be signed by the individual accepting delivery. Invoices shall include item, description, quantity, delivery point, price, terms, purchase order number, release number (if applicable to a blanket purchase agreement) and any data relative to the shipment. Original invoices shall be mailed to the County address as specified in the purchase order or blanket purchase agreement release. Discounts will be calculated from receipt of merchandise or invoice, whichever is later.

39. ACCEPTANCE OF COUNTY CREDIT CARD FOR PAYMENT

39.1. Orders may be paid using the County of San Diego credit card (VISA).

39.2. For your bid to be considered responsive, you must accept County of San Diego credit card for payment.

39.3. Pricing remains the same whether paid by credit card or check.

40. FLAMMABILITY AND TOXICITY

Materials furnished under this order must meet or exceed minimum California State Fire Marshal's standard for flammability and toxicity for institutional fabrics. Vendor shall provide evidence of California Marshal's test results and approval number.

41. RECYCLED PRODUCTS SOLICITED

41.1. The County Board of Supervisors' Policy B-67, Recycled Products Procurement, prescribes a County program to utilize products made with recycled materials, reusable products, and products designed to be recycled, to the maximum practical extent.

The County, therefore, encourages suppliers to offer such products in response to the County's requirements or as an alternate for testing or review by the County with the attainable goal of future purchases of the recycled or recyclable product(s).

41.2. Established Guidelines for Recycled Content Products: Recycled Content Products are eligible for a five percent (5%) price preference when offered as an alternative to non-recycled products. The percentage preference shall be based on the lowest bid or price quoted by the supplier or suppliers offering non-recycled products.

To be designated as a recycled content product, the product's material content shall be certified by the manufacturer to conform to postconsumer content standards as listed in EITHER the current Comprehensive Procurement Guidelines (CPG) website of the United States Environmental Protection Agency (EPA): http://www.epa.gov/cpg/products.htm OR as listed in the current California Recycled Content Product Directory website: http://www.ciwmb.ca.gov/RCP/SABRC.asp ,using whichever listing that requires the **higher** percentage of post consumer content.

41.3. Vendors/Suppliers offering recycled content products shall provide a current manufacturer's verifiable certification for the specific product provided, that specifically describes the nature of and percentages of recycled product content using the California Recycled Content Certification Form (CIWMB 74) which is available on the State of California website: http://www.ciwmb.ca.gov/BuyRecycled/StateAgency/Forms/CIWMB074.doc

42. BRAND NAME OR EQUAL

42.1. If items called for in this Request for Bids have been identified in the schedule by a "brand name or equal" description; such identification is intended to be descriptive, but not restrictive, and is to indicate the quality and characteristics of products (including products of the brand name manufacturer other than the one described by the brand name) will be considered for award if such products are determined by the County to meet fully the salient characteristic requirements listed in the request.

42.2. Unless the bidder clearly indicates in the bid that an "or equal" product is being offered, bid shall be considered as offering the brand name product specified.

42.3. If the bidder proposes to furnish an "equal product, the brand name, if any, of the product to be furnished shall

be inserted in the space provided in the Request for Bids, or such product shall be clearly identified in the bid. The evaluation of the bids and the determination as to equality of the product offered shall be the responsibility of the County and will be based upon the information furnished by the bidder, or identified in the bid as well as other information reasonably available to the Purchasing Activity. CAUTION TO BIDDERS: The Purchasing Activity is not responsible for locating or securing any information which is not identified in the bid and reasonably available to the Purchasing Activity. Accordingly, to insure that sufficient information is available, the bidder must furnish, as part of the bid, all descriptive material (such as cuts, illustrations, drawings, or other information) necessary for the Purchasing Activity to (I) determine whether the product offered meets the salient characteristic requirements of the Request for Bids, and (II) establish exactly what the bidder proposes to furnish and what the County is binding itself to purchase by making an award. The information furnished may include specific references to information previously furnished or to information otherwise available to the Purchasing Activity.

42.4. If the bidder proposes to modify a product so as to make it conform to the requirements of the Request for Bids, he shall (I) include in the bid a clear description of such modifications and (II) clearly mark any descriptive to show the proposed modifications.

42.5. Modifications proposed after bid opening to make a product conform to a brand name product referenced in the Request for Bids will not be considered.

43. CONTRACT ADMINISTRATION

The Director of Purchasing and Contracting is the designated Contracting Officer and is the only County official authorized to make any changes to this agreement.

The County has designated the following individual as the Contracting Officer's Technical Representative (COTR):

The COTR will chair contractor progress meetings and will coordinate the County's contract administrative functions. The COTR is designated to receive and approve Contractor invoices for payment, audit and inspect records, inspect Contractor Services, and provide other technical guidance as required. The COTR is not authorized to change any terms and conditions of the Contract. Changes to the scope of work will be made only by the Board of Supervisors and/or the Contracting Officer issuing a properly executed Change Order modification.

44. CONTRACT PROGRESS MEETING

The Contracting Officer's Technical Representative (COTR) and other County Personnel, as appropriate, will meet periodically with the Contractor to review the contract performance. At these meetings the COTR will appraise the Contractor of how the County views the Contractor's performance and the Contractor will appraise the County of problems, if any, being experienced. The Contractor will also notify the Contracting Officer (in writing) of any work being performed, if any, that the Contractor considers to be over and above the requirements of the contracts. Appropriate action shall be taken to resolve outstanding issues.

The minutes of these meetings will be reduced to writing and signed by the COTR and the Contractor. Should the Contractor not concur with minutes, the Contractor will set out in writing any area of disagreement. Appropriate action will be taken to resolve any areas of disagreement.

45. INDEPENDENT CONTRACTOR

The Contractor is, for all purposes arising out of this contract, an independent Contractor and shall not be deemed an employee of the County. It is expressly understood and agreed that the Contractor shall in no event, as a result of this contract, be entitled to any benefits to which County employees are entitled, including but not limited to overtime, any retirement benefits, worker's compensation benefits, and injury leave or other leave benefits.

46. SUBCONTRACT FOR WORK OR SERVICES (July 2008)

No contract shall be made by the Contractor with any party for furnishing any of the work or services herein contained without the prior written approval of the Contracting Officer's Technical Representative (COTR); but this provision shall not require the approval of contracts of employment between the Contractor and personnel assigned for services thereunder, or for parties named in proposal and agreed to any resulting contract.

Contractors are further reminded that it is the County's policy to encourage the participation of small and Disabled Veterans

Business Enterprises. This includes: ensuring that, if available, small and Disabled Veterans Business Enterprise firms are solicited, where feasible dividing the requirement into smaller units for the purpose of greater participation, and establishing delivery and payment schedules which will facilitate participation by small and Disabled Veterans Business Enterprises.

47. INTEREST OF CONTRACTOR

The Contractor covenants that it presently has no interest, including but not limited, to other projects or independent contracts, and shall not acquire any such interest, direct or indirect, which would conflict in any manner or degree with the performance of services required to be performed under this contract. The Contractor further covenants that in the performance of this contract, no person having any such interest shall be employed or retained by it under this contract.

48. LICENSING

Attention is directed to the provisions of Chapter 9 of Division 3 of the Business and Professions Code concerning the licensing of contractors. All offerors and contractors shall be licensed, if required, in accordance with the laws of this state and any offeror or contractor not so licensed is subject to the penalties imposed by such laws.

49. DAMAGES FOR DELAY AND TIME EXTENSION

49.1. If the Contractor refuses or fails to prosecute the work, or any separable part thereof, with such diligence as will ensure its completion within the time specified in this contract, or any extension thereof, or fails to complete said work within such time, the County will be entitled to the resulting damages caused by the delay. Damages will be the cost to the County incurred as a result of continuing the current level and type of service over that cost that would be incurred had the contract segments been completed by the time frame stipulated and any other damages suffered by the County.

49.2. The Contractor's right to proceed shall not be terminated nor the Contractor charged with resulting damage if:

49.2.1. The delay in the completion of the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to acts of the public enemy, acts of the County in either its sovereign or contracting capacity, acts of another contractor in the County, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severed weather, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of both the Contractor and such subcontractors or suppliers, and

49.2.2. The Contractor, within 10 days from the beginning of any such delay (unless the Contracting Officer grants a further period of time before the date of final payment under the contract), notifies the Contracting Officer in writing of the causes of delay in (1) above

The Contracting Officer shall ascertain the facts and the extent of the delay and extend the time for completing the work when, in his judgment, the findings of fact justify such an extension, and his findings of fact shall be final and conclusive on the parties subject only to appeal as provided in the clause of this contract entitled, "DISPUTES".

49.3. The rights and remedies of the County provided in this clause are in addition to any other rights and remedies provided by law or under this contract.

49.4. As used in paragraph (2.1) of this clause, the terms, "subcontractors or suppliers" means subcontractors or suppliers at any tier.

50. CONTRACT EXTENSION OPTION

50.1. One to six months - end of contract period

The providing of goods and/or services described in Section A or B may be extended in one or more increments for a total of no less than one (1) nor more than three (3) calendar months at the discretion of the County Purchasing Director. Each extension shall be affected by written contract modification delivered to the Contractor no less than fifteen (15) calendar days prior to expiration of the contract. The rates set forth in the pricing section shall apply to

any extension made pursuant to this option provision unless provision for appropriate price adjustment has been made elsewhere in this contract. All payments are subject to General Terms and Conditions, Clause titled "AVAILABILITY OF FUNDING".

51. RIGHT TO ACQUIRE EQUIPMENT AND SERVICES

Nothing in this agreement shall prohibit the County from acquiring the same type or equivalent equipment and/or service from other sources, when deemed by the County to be in its best interest.

52. SEVERABILITY

Should any part of this agreement be held to be invalid by a court of competent jurisdiction, the remainder of the agreement shall be considered as the whole agreement and be binding on the contracting parties.

53. LIMITATION OF FUTURE CONTRACTS

53.1. It is agreed by the parties to the contract that the Contractor will be restricted in its future contracting with the County to the manner described below. Except as specifically provided in this clause, the Contractor shall be free to compete for business on an equal basis with other companies.

53.2. If the Contractor, under the terms of the contract, or through the performance of tasks pursuant to this contract, is required to develop specifications or statements of work and such specifications or statements of work are to be incorporated into a solicitation, the Contractor shall be ineligible to perform the work described within that solicitation as a prime or subcontractor under an ensuing County contract. It is further agreed, however, that the county will not, as additional work or by change, unilaterally require the contractor to prepare such specifications or statements of work under this contract.

53.3. To the extent that the work under this contract requires access to proprietary, business confidential or financial data of other companies, and as long as such data remains proprietary or confidential, the Contractor shall protect such data from unauthorized use and disclosure and agrees not to use it to compete with such companies.

2.1 Each bid must be in a separate sealed envelope **WITH BID NUMBER ON THE OUTSIDE** and must be delivered to the County Purchasing and Contracting Department, Front Desk (where it will be time stamped to indicate time of receipt), 5560 Overland Avenue, Suite 270, San Diego, California 92123, by 11:00 a.m. on the day specified. Bids will be publicly opened at that time.

2.2 Failure to bid on authorized County form may be cause for rejection of bid.

2.3 Any bid received at the County Purchasing and Contracting Department after the exact time for receipt will not be considered and will be rejected as a late bid.

2.4 Late bids will be returned to the bidder unopened unless it is determined that the late receipt was due solely to mishandling by the Purchasing and Contracting Department and such determination is made prior to award.

2.5 The County's primary means of providing bids and addenda is the County BuyNet Internet website:

2.6 No oral interpretation shall be made to modify any provisions of any bid specifications. Requests for an interpretation shall be made in writing to the County Director of Purchasing and Contracting prior to bid opening and a written response will be posted on the County BuyNet website.

2.7 Any vendor desiring to withdraw its bid must do so before County bid opening. If there are any questions or comments relative to technicalities of the bid, they must be submitted in writing to County of San Diego, Director of Purchasing and Contracting, within 24 hours after bid opening.

2.8 Bids submitted in response to this Request for Bid must be in full conformance with the terms and conditions set forth herein. Further, all specification requirements must be met unless the language of the Request for Bid specifically indicates alternate specifications will be considered.

2.9 Samples of items, when required, must be furnished free of expense to the County, and if not destroyed by tests will, upon request, be returned at the bidder's expense.

2.10 All bids must be signed with the firm name and by an authorized officer or employee. Obligations assumed by such signature must be fulfilled.

3. EVALUATION AND AWARD

3.1 Bids are subject to acceptance at any time within 30 days after opening of same, unless otherwise stipulated by the County.

3.2 In determining the lowest bid, discounts of 30 days or greater will be considered. Discounts will be calculated from receipt and acceptance of merchandise or invoice, whichever is later.

3.3 Award will be made by the Department of Purchasing and Contracting as stated on the cover/pricing page to the lowest responsive, responsible bidder.

3.4 The County reserves the right to waive a variation in specification if, in the opinion of the County, such variation does not materially change the item or its performance within parameters acceptable to the County.

3.5 The County reserves the right to reject any or all bids and to accept or reject any item(s) thereon, or waive any informality in the bid.

3.6 In the event of a conflict between unit price bid and bidder's extended price, the unit price will prevail unless price is so obviously unreasonable as to indicate an error. In that event, the bid will be rejected as non-responsive for the reason of inability to determine the intended bid.

3.7 The County reserves the right to perform a pre-award survey of the bidder to determine capability to perform, including but not limited to facilities, financial responsibility, materials/supplies, and past performance. The determination of the County as to the bidder's prospective ability to perform the contract shall be conclusive.

4. PROTEST PROCEDURES

Any protest resulting from this procurement is to be processed as prescribed in Board of Supervisors' Policy A-97, Protest Procedures for Award of Contracts. All protests shall be in writing, be made **prior** to Award, and be made only by an offeror. Such protests shall clearly state the ground for the protest and the relief sought. Protests shall be filed with the County's contracting office identified in the solicitation package.

For purposes of clarification regarding Board of Supervisors Policy A-97, Protest Procedures for Award of Contracts the posting of the bid abstract is equivalent to the posting of the NOTICE OF INTENT (NOI).

Whenever a contract is contemplated to be awarded to other than the low bidder in a formally advertised procurement, the low bidder shall be so notified five working days prior to award, in addition to the posting of the proposed award in a public place in the Contracting Office for the same period of time. Copies of Policy A-97 are available upon request from the Clerk of the Board, 1600 Pacific Highway, San Diego, CA 92101 or via the County of San Diego's Internet website: http://www.co.san-diego.ca.us/cob/policy/index.html

5. LOCAL BUSINESS PREFERENCE

Responsive bids from responsible local San Diego County businesses shall be given preference for award over bids received from non-local businesses. "Local Business" is defined as a business with a valid license issued by a city within the County, employing San Diego residents, and with a verifiable address within the County, or a business employing San Diego residents and with a verifiable address in an unincorporated area of the county. Post Office Boxes do not qualify as verifiable local business addresses. If a tie bid occurs between a local business and a non-local business, award shall be made to the local business.

If the lowest responsible, responsive bid is submitted by a non-local business, one percent (1%) shall be subtracted from the lowest responsive, responsible bid submitted by a local business in evaluating the bids for award. If application of the one percent (1%) factor results in the local business bid being equal to or lower than the non-local business bid, contract award will be made to the local business at the local business bid price, except for public works and construction bids, or if prohibited by State or Federal law.

14. **ESTIMATED QUANTITIES** (March 1993)

The Estimated Quantities in Section "A", Pricing Schedule, are provided solely for evaluation of bids. They represent approximate anticipated use based on historical consumption. If the County's actual requirements do not result in orders in the quantities described as "estimated" in the Schedule, that fact shall not constitute the basis for price adjustment.

15. **AVAILABILITY OF FUNDING**

The County's obligation for payment of any contract beyond the current fiscal year end is contingent upon the availability of funding from which payment can be made. No legal liability on the part of the County shall arise for payment beyond June 30 of the calendar year unless funds are made available for such performance.

16. **INSPECTION OF SERVICE/MATERIALS/SUPPLIES**

16.1. All performance (which includes services, materials, supplies and equipment furnished or utilized in the performance of this contract, and workmanship in the performance of services) shall be subject to inspection and test by the County at all times during the term of the contract. The Contractor shall provide adequate cooperation to any inspector assigned by the County to permit the inspector to determine the Contractor's conformity with these specifications and the adequacy of the services being contractually provided. All inspection by the County shall be made in such a manner as not to unduly interfere with Contractor performance.

16.2. If any services performed hereunder are not in conformity with the specifications and requirements of this contract, the County shall have the right to require the Contractor to perform the services in conformity with said specifications and requirements at no additional increase in total contract amount. When the services to be performed are of such nature that the difference cannot be corrected, the County shall have the right to (1) require the Contractor immediately to take all necessary steps to ensure future performance of the services in conformity with requirements of the contract, and (2) reduce the contract price to reflect the reduced value of the services performed. In the event the Contractor fails to perform the services promptly or to take necessary steps to ensure future performance of the service in conformity with the specifications and requirements of the contract, the County shall have the right to either (1) by contract or to otherwise have the services performed in conformity with the contract specifications and charge to the Contractor any cost occasioned to the County that is directly related to the performance of such services, or (2) terminate this contract for default as provided in the Termination clause.

17. **DUTY TO INQUIRE**

Should an Offeror find discrepancies in or omissions from the solicitation, plans, specifications or other documents, or should the Offeror be in doubt as to their meaning, the Offeror shall at once notify the Contracting Officer/Procurement Specialist in writing. If the point in question is not clearly and fully set forth, a written addendum will be issued and posted on the County's web site "BUYNET." It is the Offerors responsibility to periodically check the Web site for such addenda. The County will not be responsible for any oral instructions nor for any written materials provided by any County personnel that are not also posted on the BuyNet web site.

18. **DISPUTES**

18.1. Except as otherwise provided in this contract, any dispute concerning a question of fact arising under this contract which is not disposed of by agreement shall be decided by the Contracting Officer who shall furnish the decision to the Contractor in writing. The decision of the Contracting Officer shall be final and conclusive unless determined by the court of competent jurisdiction to have been fraudulent or capricious, or arbitrary, or so grossly erroneous as necessarily to imply bad faith. The Contractor shall proceed diligently with the performance of the contract pending the Contracting Officer's decision.

18.2. The "Disputes" clause does not preclude consideration of legal questions in connection with decisions provided for in paragraph (A) above. Nothing in this contract shall be construed as making final the decision of any administrative official, representative, or board on a question of law.

19. **CHANGES**

The Contracting Officer may at any time, by written order, make changes within the general scope of this contract, in the definition of services to be performed, and the time (i.e., hours of the day, days of the week, etc.) and place of performance thereof. If any such change causes an increase or decrease in the cost of, or the time required for the performance of any part of the work under this contract, whether changed or not changed by any such order, an equitable adjustment shall be made in the contract price or delivery schedule, or both, and the contract shall be modified in writing accordingly. Any claim by the Contractor for adjustment under this clause must be asserted within 30 days from the date of receipt by the Contractor of the notification of change; provided however, that the Contracting Officer, if he decides that the facts justify such action, may receive and act upon any such claim asserted at any time prior to final payment under this contract. Where the cost of property made obsolete or excess as a result of a change is included in the Contractor's claim for adjustment, the Contracting Officer shall have the right to prescribe the manner of disposition of such property. Failure to agree to any adjustment shall be a dispute concerning a question of fact within the meaning of the clause of this contract entitled "Disputes". However, nothing in this clause shall excuse the Contractor from proceeding with the contract as changed.

20. **ASSIGNABILITY**

The Contractor shall not assign any interest in this contract, and shall not transfer any interest in the same (whether by assignment or novation), without the prior written consent of the County thereto; provided however, that claims for money due or to become due to the Contractor from the County under this contract may be assigned without such approval. However, Vendor shall have no obligation to defend or indemnify County Parties against Claims (I) to the extent they arise from the active concurrent negligence of County Parties, or (ii) caused by the sole negligence or willful misconduct of County Parties.

22. **CONDUCT OF CONTRACTOR**

22.1. The Contractor agrees to inform the County of all the Contractor's interests, if any, which are or which the Contractor believes to be incompatible with any interests of the County.

22.2. 22.3. The Contractor shall not use for personal gain or make other improper use of privileged information which is acquired in connection with his employment. In this connection, the term "privileged information" includes, but is not limited to, unpublished information relating to technological and scientific development; medical,

personnel, or security records of the individuals; anticipated materials requirements or pricing actions; and knowledge of selections of contractors or subcontractors in advance of official announcement.

22.4. The Contractor or employees thereof shall not offer gifts, gratuity, favors, entertainment directly or indirectly to County employees.

23. DISALLOWANCE

In the event the Contractor receives payment for services under this contract which is later disallowed by the County, the Contractor shall promptly refund the disallowed amount to the County on request, or at its option, the County may offset the amount disallowed from any payment due to the Contractor under any contract with the County.

25.3. Availability. The materials described above shall be made available at the office of the Contractor, at all reasonable times, for inspection, audit or reproduction, until the expiration of 3 years from the date of final payment under this contract, or by (1) and (2) below:

25.3.1. If this contract is completely or partially terminated, the records relating to the work terminated shall be made available for a period of three years from the date of any resulting final settlement.

25.3.2. Records which relate to appeals under the "Disputes" clause of this contract, or litigation or the settlement of claims arising out of the performance of this contract, shall be made available until such appeals, litigation, or claims have been disposed of, or three years after contract completion, whichever is longer.

25.4. The Contractor shall insert a clause containing all the provisions of this entire clause in all subcontracts hereunder except altered as necessary for proper identification of the contracting parties and the contracting officer under the County's prime contract.

41.1. The County Board of Supervisors' Policy B-67, Recycled Products Procurement, prescribes a County program to utilize products made with recycled materials, reusable products, and products designed to be recycled, to the maximum practical extent.

The County, therefore, encourages suppliers to offer such products in response to the County's requirements or as an alternate for testing or review by the County with the attainable goal of future purchases of the recycled or recyclable product(s).

41.2. Established Guidelines for Recycled Content Products: Recycled Content Products are eligible for a five percent (5%) price preference when offered as an alternative to non-recycled products. 42. BRAND NAME OR EQUAL

42.1. If items called for in this Request for Bids have been identified in the schedule by a "brand name or equal" description; such identification is intended to be descriptive, but not restrictive, and is to indicate the quality and characteristics of products (including products of the brand name manufacturer other than the one described by the brand name) will be considered for award if such products are determined by the County to meet fully the salient characteristic requirements listed in the request.

42.2. Unless the bidder clearly indicates in the bid that an "or equal" product is being offered, bid shall be considered as offering the brand name product specified.

42.3. If the bidder proposes to furnish an "equal product, the brand name, if any, of the product to be furnished shall

The evaluation of the bids and the determination as to equality of the product offered shall be the responsibility of the County and will be based upon the information furnished by the bidder, or identified in the bid as well as other information reasonably available to the Purchasing Activity. CAUTION TO BIDDERS: The Purchasing Activity is not responsible for locating or securing any information which is not identified in the bid and reasonably available to the Purchasing Activity. Accordingly, to insure that sufficient information is available, the bidder must furnish, as part of the bid, all descriptive material (such as cuts, illustrations, drawings, or other information) necessary for the Purchasing Activity to (I) determine whether the product offered meets the salient characteristic requirements of the Request for Bids, and (II) establish exactly what the bidder proposes to furnish and what the County is binding itself to purchase by making an award. The information furnished may include specific references to information previously furnished or to information otherwise available to the Purchasing Activity.

42.4. If the bidder proposes to modify a product so as to make it conform to the requirements of the Request for Bids, he shall (I) include in the bid a clear description of such modifications and (II) clearly mark any descriptive to show the proposed modifications.

42.5. Modifications proposed after bid opening to make a product conform to a brand name product referenced in the Request for Bids will not be considered.

43. CONTRACT ADMINISTRATION

The Director of Purchasing and Contracting is the designated Contracting Officer and is the only County official authorized to make any changes to this agreement.

The County has designated the following individual as the Contracting Officer's Technical Representative (COTR):

The COTR will chair contractor progress meetings and will coordinate the County's contract administrative functions. The COTR is designated to receive and approve Contractor invoices for payment, audit and inspect records, inspect Contractor Services, and provide other technical guidance as required. The COTR is not authorized to change any terms and conditions of the Contract. Changes to the scope of work will be made only by the Board of Supervisors and/or the Contracting Officer issuing a properly executed Change Order modification.

44. CONTRACT PROGRESS MEETING

The Contracting Officer's Technical Representative (COTR) and other County Personnel, as appropriate, will meet periodically with the Contractor to review the contract performance. At these meetings the COTR will appraise the Contractor of how the County views the Contractor's performance and the Contractor will appraise the County of problems, if any, being experienced. The Contractor will also notify the Contracting Officer (in writing) of any work being performed, if any, that the Contractor considers to be over and above the requirements of the contracts. Appropriate action shall be taken to resolve outstanding issues.

The minutes of these meetings will be reduced to writing and signed by the COTR and the Contractor. Should the Contractor not concur with minutes, the Contractor will set out in writing any area of disagreement. Appropriate action will be taken to resolve any areas of disagreement.

45. INDEPENDENT CONTRACTOR

The Contractor is, for all purposes arising out of this contract, an independent Contractor and shall not be deemed an employee of the County. It is expressly understood and agreed that the Contractor shall in no event, as a result of this contract, be entitled to any benefits to which County employees are entitled, including but not limited to overtime, any retirement benefits, worker's compensation benefits, and injury leave or other leave benefits.

46. SUBCONTRACT FOR WORK OR SERVICES (July 2008)

No contract shall be made by the Contractor with any party for furnishing any of the work or services herein contained without the prior written approval of the Contracting Officer's Technical Representative (COTR); but this provision shall not require the approval of contracts of employment between the Contractor and personnel assigned for services thereunder, or for parties named in proposal and agreed to any resulting contract.

Contractors are further reminded that it is the County's policy to encourage the participation of small and Disabled Veterans

Business Enterprises. This includes: ensuring that, if available, small and Disabled Veterans Business Enterprise firms are solicited, where feasible dividing the requirement into smaller units for the purpose of greater participation, and establishing delivery and payment schedules which will facilitate participation by small and Disabled Veterans Business Enterprises.

47. INTEREST OF CONTRACTOR

The Contractor covenants that it presently has no interest, including but not limited, to other projects or independent contracts, and shall not acquire any such interest, direct or indirect, which would conflict in any manner or degree with the performance of services required to be performed under this contract. The Contractor further covenants that in the performance of this contract, no person having any such interest shall be employed or retained by it under this contract.

48. LICENSING

Attention is directed to the provisions of Chapter 9 of Division 3 of the Business and Professions Code concerning the licensing of contractors. All offerors and contractors shall be licensed, if required, in accordance with the laws of this state and any offeror or contractor not so licensed is subject to the penalties imposed by such laws.

49. DAMAGES FOR DELAY AND TIME EXTENSION

49.1. If the Contractor refuses or fails to prosecute the work, or any separable part thereof, with such diligence as will ensure its completion within the time specified in this contract, or any extension thereof, or fails to complete said work within such time, the County will be entitled to the resulting damages caused by the delay. Damages will be the cost to the County incurred as a result of continuing the current level and type of service over that cost that would be incurred had the contract segments been completed by the time frame stipulated and any other damages suffered by the County.

49.2. The Contractor's right to proceed shall not be terminated nor the Contractor charged with resulting damage if:

49.2.1. The delay in the completion of the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to acts of the public enemy, acts of the County in either its sovereign or contracting capacity, acts of another contractor in the County, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severed weather, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of both the Contractor and such subcontractors or suppliers, and

49.2.2. The Contractor, within 10 days from the beginning of any such delay (unless the Contracting Officer grants a further period of time before the date of final payment under the contract), notifies the Contracting Officer in writing of the causes of delay in (1) above

The Contracting Officer shall ascertain the facts and the extent of the delay and extend the time for completing the work when, in his judgment, the findings of fact justify such an extension, and his findings of fact shall be final and conclusive on the parties subject only to appeal as provided in the clause of this contract entitled, "DISPUTES".

49.3. The rights and remedies of the County provided in this clause are in addition to any other rights and remedies provided by law or under this contract.

49.4. As used in paragraph (2.1) of this clause, the terms, "subcontractors or suppliers" means subcontractors or suppliers at any tier.

50. CONTRACT EXTENSION OPTION

50.1. One to six months - end of contract period

The providing of goods and/or services described in Section A or B may be extended in one or more increments for a total of no less than one (1) nor more than three (3) calendar months at the discretion of the County Purchasing Director. Each extension shall be affected by written contract modification delivered to the Contractor no less than fifteen (15) calendar days prior to expiration of the contract. The rates set forth in the pricing section shall apply to

any extension made pursuant to this option provision unless provision for appropriate price adjustment has been made elsewhere in this contract. All payments are subject to General Terms and Conditions, Clause titled "AVAILABILITY OF FUNDING".

51. RIGHT TO ACQUIRE EQUIPMENT AND SERVICES

Nothing in this agreement shall prohibit the County from acquiring the same type or equivalent equipment and/or service from other sources, when deemed by the County to be in its best interest.

52. SEVERABILITY

Should any part of this agreement be held to be invalid by a court of competent jurisdiction, the remainder of the agreement shall be considered as the whole agreement and be binding on the contracting parties.

53. LIMITATION OF FUTURE CONTRACTS

53.1. It is agreed by the parties to the contract that the Contractor will be restricted in its future contracting with the County to the manner described below. Except as specifically provided in this clause, the Contractor shall be free to compete for business on an equal basis with other companies.

53.2. If the Contractor, under the terms of the contract, or through the performance of tasks pursuant to this contract, is required to develop specifications or statements of work and such specifications or statements of work are to be incorporated into a solicitation, the Contractor shall be ineligible to perform the work described within that solicitation as a prime or subcontractor under an ensuing County contract. It is further agreed, however, that the county will not, as additional work or by change, unilaterally require the contractor to prepare such specifications or statements of work under this contract.

53.3. To the extent that the work under this contract requires access to proprietary, business confidential or financial data of other companies, and as long as such data remains proprietary or confidential, the Contractor shall protect such data from unauthorized use and disclosure and agrees not to use it to compete with such companies.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

QUESTIONS AND ANSWERS:

Q: In the Pricing Schedule at the end, percent (%) discount is required to be provided for various makes. There is a vast difference in the offer which can be made for Ink Cartridges and that for toner cartridges. Consolidating them together makes it difficult to give a single percent discount for the two categories. Should there be an option for giving two different discounts one each for the ink cartridges and toner cartridges?

A: The Pricing Schedule at the end is now separated in to two toner types. One toner type is for toner cartridges and the other toner type is for ink toner cartridges. There is now an option for giving two different discounts for ink cartridges and toner cartridges.

Q: Will the County entertain a cost per print alternative versus buying multiple print cartridges?

A: No.

Q: Does the County have desktop printing quantities that could be utilized in a cost per impression offer?

A: No.

Q: Will the County of San Diego allow price discounts on existing toner SKU's after the contract has been awarded through the selected vendor?

A: Yes. Prices quoted are maximum prices and the selected vendor is able to offer additional discounts or lower prices.

Q: Can you please clarify Percentage Discount off MSRP calculations at the bottom of the quote request?

A: The County of San Diego is requesting percent discounts off of toner and ink cartridges not listed in the Pricing Schedule. OEM, compatible, remanufactured or recycled toner cartridges per stated percent discount off of the current OEM MSRP. Bid discount from the OEM list price only. Do not calculate discounts from any compatible or remanufactured MSRP. See reworded pricing sheet.

MANUFACTURING AND QUALITY ASSURANCE PROCESS FOR PREMIUM COMPATIBLE/REMANUFACTURED TONER CARTRIDGES

INCOMING RAW MATERIALS INSPECTION

All materials, drums, toner, blades, PCRs, magnetic rollers, etc. are verified against our stringent standards before they reach the production floor.

SORT & GRADE

All empty cartridges are sorted, graded and tested. Only premium original cartridges are used in Premium products. **Note:** Some cartridges are "new builds."

RECYCLE

All used packaging materials, used hopper, and non-conforming components are disassembled and recycled to help protect the environment.

SPLIT & CLEAN

Premium empty original cartridges are carefully disassembled and, after vacuuming out all residual toner, cleaned with our unique state-of-the-art process. Through automation, we can precisely split the toner hopper with custom splitting equipment and prepare them for the sealing phase.

DIGITAL AUTO FILLING

State-of-the-art automated filling equipment is used to ensure precise fill-weights for each cartridge. Toner hoppers are filled with premium toner that meets or exceeds OEM cartridge quality and capacity and is technically matched to OPC drums for optimum yields and printer performance.

SEALING

Each toner hopper is sealed with an OEM style seal. Our quality sealing process ensures a leak-proof cartridge and ease of installation.

ASSEMBLY

Our factory-trained technicians assemble all cartridges with OEM grade compatible components (up to 75% new components are used in each cartridge.) The assembly process includes the installation of a pre-qualified drum, wiper blade, doctor blade, PCR and magnetic roller.

100% POST-TESTING

Each and every cartridge is post tested utilizing industry standard print tests to ensure outstanding performance and quality.

PACKAGING

All cartridges receive final inspection to assure they conform with our quality standards. Cartridges are cleaned, polished and heat-sealed in a static-resistant bag, then boxed. A full set of instructions and warranty information is included.

QUALITY CONTROL

Each step in our manufacturing process is monitored by dedicated quality control experts. Each step in our production process undergoes regular spot inspections to ensure our products meet performance expectations.

3.6 In the event of a conflict between unit price bid and bidder's extended price, the unit price will prevail unless price is so obviously unreasonable as to indicate an error. In that event, the bid will be rejected as non-responsive for the reason of inability to determine the intended bid.

3.7 The County reserves the right to perform a pre-award survey of the bidder to determine capability to perform, including but not limited to facilities, financial responsibility, materials/supplies, and past performance. Post Office Boxes do not qualify as verifiable local business addresses. If a tie bid occurs between a local business and a non-local business, award shall be made to the local business.

If the lowest responsible, responsive bid is submitted by a non-local business, one percent (1%) shall be subtracted from the lowest responsive, responsible bid submitted by a local business in evaluating the bids for award. If application of the one percent (1%) factor results in the local business bid being equal to or lower than the non-local business bid, contract award will be made to the local business at the local business bid price, except for public works and construction bids, or if prohibited by State or Federal law.

The Contracting Officer may at any time, by written order, make changes within the general scope of this contract, in the definition of services to be performed, and the time (i.e., hours of the day, days of the week, etc.) and place of performance thereof. If any such change causes an increase or decrease in the cost of, or the time required for the performance of any part of the work under this contract, whether changed or not changed by any such order, an equitable adjustment shall be made in the contract price or delivery schedule, or both, and the contract shall be modified in writing accordingly. CAUTION TO BIDDERS: The Purchasing Activity is not responsible for locating or securing any information which is not identified in the bid and reasonably available to the Purchasing Activity. Accordingly, to insure that sufficient information is available, the bidder must furnish, as part of the bid, all descriptive material (such as cuts, illustrations, drawings, or other information) necessary for the Purchasing Activity to (I) determine whether the product offered meets the salient characteristic requirements of the Request for Bids, and (II) establish exactly what the bidder proposes to furnish and what the County is binding itself to purchase by making an award. The information furnished may include specific references to information previously furnished or to information otherwise available to the Purchasing Activity.

The COTR is designated to receive and approve Contractor invoices for payment, audit and inspect records, inspect Contractor Services, and provide other technical guidance as required. The COTR is not authorized to change any terms and conditions of the Contract. Changes to the scope of work will be made only by the Board of Supervisors and/or the Contracting Officer issuing a properly executed Change Order modification.

44. CONTRACT PROGRESS MEETING

At these meetings the COTR will appraise the Contractor of how the County views the Contractor's performance and the Contractor will appraise the County of problems, if any, being experienced. The Contractor will also notify the Contracting Officer (in writing) of any work being performed, if any, that the Contractor considers to be over and above the requirements of the contracts. Appropriate action shall be taken to resolve outstanding issues.

The minutes of these meetings will be reduced to writing and signed by the COTR and the Contractor. Should the Contractor not concur with minutes, the Contractor will set out in writing any area of disagreement. Appropriate action will be taken to resolve any areas of disagreement.

45. INDEPENDENT CONTRACTOR

The Contractor is, for all purposes arising out of this contract, an independent Contractor and shall not be deemed an employee of the County. 46. SUBCONTRACT FOR WORK OR SERVICES (July 2008)

No contract shall be made by the Contractor with any party for furnishing any of the work or services herein contained without the prior written approval of the Contracting Officer's Technical Representative (COTR); but this provision shall not require the approval of contracts of employment between the Contractor and personnel assigned for services thereunder, or for parties named in proposal and agreed to any resulting contract.

Business Enterprises. This includes: ensuring that, if available, small and Disabled Veterans Business Enterprise firms are solicited, where feasible dividing the requirement into smaller units for the purpose of greater participation, and establishing delivery and payment schedules which will facilitate participation by small and Disabled Veterans Business Enterprises.

47. INTEREST OF CONTRACTOR

The Contractor covenants that it presently has no interest, including but not limited, to other projects or independent contracts, and shall not acquire any such interest, direct or indirect, which would conflict in any manner or degree with the performance of services required to be performed under this contract. The Contractor further covenants that in the performance of this contract, no person having any such interest shall be employed or retained by it under this contract.

48. LICENSING

Attention is directed to the provisions of Chapter 9 of Division 3 of the Business and Professions Code concerning the licensing of contractors. Damages will be the cost to the County incurred as a result of continuing the current level and type of service over that cost that would be incurred had the contract segments been completed by the time frame stipulated and any other damages suffered by the County.

49.2.1. The delay in the completion of the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to acts of the public enemy, acts of the County in either its sovereign or contracting capacity, acts of another contractor in the County, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severed weather, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of both the Contractor and such subcontractors or suppliers, and

49.2.2. The Contractor, within 10 days from the beginning of any such delay (unless the Contracting Officer grants a further period of time before the date of final payment under the contract), notifies the Contracting Officer in writing of the causes of delay in (1) above

The Contracting Officer shall ascertain the facts and the extent of the delay and extend the time for completing the work when, in his judgment, the findings of fact justify such an extension, and his findings of fact shall be final and conclusive on the parties subject only to appeal as provided in the clause of this contract entitled, "DISPUTES".

49.3. The rights and remedies of the County provided in this clause are in addition to any other rights and remedies provided by law or under this contract.

49.4. As used in paragraph (2.1) of this clause, the terms, "subcontractors or suppliers" means subcontractors or suppliers at any tier.

Each extension shall be affected by written contract modification delivered to the Contractor no less than fifteen (15) calendar days prior to expiration of the contract. The rates set forth in the pricing section shall apply to

any extension made pursuant to this option provision unless provision for appropriate price adjustment has been made elsewhere in this contract. All payments are subject to General Terms and Conditions, Clause titled "AVAILABILITY OF FUNDING".

51. RIGHT TO ACQUIRE EQUIPMENT AND SERVICES

Nothing in this agreement shall prohibit the County from acquiring the same type or equivalent equipment and/or service from other sources, when deemed by the County to be in its best interest.

52. SEVERABILITY

Should any part of this agreement be held to be invalid by a court of competent jurisdiction, the remainder of the agreement shall be considered as the whole agreement and be binding on the contracting parties.

53. LIMITATION OF FUTURE CONTRACTS

53.1. It is agreed by the parties to the contract that the Contractor will be restricted in its future contracting with the County to the manner described below. Except as specifically provided in this clause, the Contractor shall be free to compete for business on an equal basis with other companies.

53.2. If the Contractor, under the terms of the contract, or through the performance of tasks pursuant to this contract, is required to develop specifications or statements of work and such specifications or statements of work are to be incorporated into a solicitation, the Contractor shall be ineligible to perform the work described within that solicitation as a prime or subcontractor under an ensuing County contract. It is further agreed, however, that the county will not, as additional work or by change, unilaterally require the contractor to prepare such specifications or statements of work under this contract.

53.3. To the extent that the work under this contract requires access to proprietary, business confidential or financial data of other companies, and as long as such data remains proprietary or confidential, the Contractor shall protect such data from unauthorized use and disclosure and agrees not to use it to compete with such companies.

- A foreign government or any of its political subdivisions, agencies, or instrumentalities

Important This form cannot be used for exemption from wage and real estate withholding.

If you are an employee, any wage withholding questions should be directed to the FTB General Information number, 800.852.5711. Employers should call 888.745.3886 or go to www.edd.ca.gov. Sellers of California real estate use Form 593-C, Real Estate Withholding Certi cate, to claim an exemption from real estate withholding.

B Requirement

R&TC Section 18662 requires withholding of income or franchise tax on payments of California source income made to nonresidents of California.

Withholding is required on the following, but is not limited to:

- Payments to nonresidents for services rendered in California.
- Distributions of California source income made to domestic nonresident S corporation shareholders, partners and members and allocations of California source income made to foreign partners and members.
- Payments to nonresidents for rents if the payments are made in the course of the withholding agent's business.
- Payments to nonresidents for royalties with activities in California.
- Distributions of California source income to nonresident bene ciaries from an estate or trust.
- Prizes and winnings received by nonresidents for contests in California.

However, withholding is optional if the total payments of California source income are $1,500 or less during the calendar year.

For more information on withholding get FTB Pub. 1017, Resident and Nonresident Withholding Guidelines. To get a withholding publication see General Information H, Publications, Forms, and Additional Information.

C Who Certi es this Form

Form 590 is certi ed by the payee. An incomplete certi cate is invalid and the withholding agent should not accept it. If the withholding agent receives an incomplete certi cate, the withholding agent is required to withhold tax on payments made to the payee until a valid certi cate is received. In lieu of a completed certi cate on the preprinted form, the withholding agent may accept as a substitute certi cate a letter from the payee explaining why the payee is not subject to withholding. The letter must contain all the information required on the certi cate in similar language, including the under penalty of perjury statement and the payee's taxpayer identi cation number. The withholding agent must retain a copy of the certi cate or substitute for at least four years after the last payment to which the certi cate applies, and provide it upon request to the Franchise Tax Board.

For example, if an entertainer (or the entertainer's business entity) is paid for a performance, the entertainer's information must be provided. Do not submit the entertainer's agent or promoter information.

The grantor of a grantor trust shall be treated as the payee for withholding purposes. Therefore, if the payee is a grantor trust and one or more of the grantors is a nonresident, withholding is required. If all of the grantors on the trust are residents, no withholding is required. Resident grantors can check the box on Form 590 labeled Individuals Certi cation of Residency.

D Who is a Resident

A California resident is any individual who is in California for other than a temporary or transitory purpose or any individual domiciled in California who is absent for a temporary or transitory purpose.

An individual domiciled in California who is absent from California for an uninterrupted period of at least 546 consecutive days under an employment-related contract is considered outside California for other than a temporary or transitory purpose.

An individual is still considered outside California for other than a temporary or transitory purpose if return visits to California do not total more than 45 days during any taxable year covered by an employment contract.

This provision does not apply if an individual has income from stocks, bonds, notes, or other intangible personal property in excess of $200,000 in any taxable year in which the employment-related contract is in effect.

A spouse/RDP absent from California for an uninterrupted period of at least 546 days to accompany a spouse/RDP under an employment-related contract is considered outside of California for other than a temporary or transitory purpose.

Generally, an individual who comes to California for a purpose which will extend over a long or inde nite period will be considered a resident. However, an individual who comes to perform a particular contract of short duration will be considered a nonresident.

For assistance in determining resident status, get FTB Pub. 1031, Guidelines for Determining Resident Status, and FTB Pub. 1032, Tax Information for Military Personnel, or call the FTB at 800.852.5711 or 916.845.6500.

E Military Spouse Residency Relief Act (MSRRA)

Generally, for tax purposes you are considered to maintain your existing residence or domicile. If a military servicemember and nonmilitary spouse have the same state of domicile, the MSRRA provides:

- A spouse shall not be deemed to have lost a residence or domicile in any state solely by reason of being absent to be with the servicemember serving in compliance with military orders.
- A spouse shall not be deemed to have acquired a residence or domicile in any other state solely by reason of being there to be with the servicemember serving in compliance with military orders.

Domicile is de ned as the one place:

- Where you maintain a true, xed, and permanent home
- To which you intend to return whenever you are absent

A military servicemember's nonmilitary spouse is considered a nonresident for tax purposes if the servicemember and spouse have the same domicile outside of California and the spouse is in California solely to be with the servicemember who is serving in compliance with Permanent Change of Station orders (Note: California may require nonmilitary spouses of military servicemembers to provide proof that they meet the criteria for California personal income tax exemption as set forth in the MSRRA).

Income of a military servicemember's nonmilitary spouse for services performed in California is not California source income subject to state tax if the spouse is in California to be with the servicemember serving in compliance with military orders, and the servicemember and spouse have the same domicile in a state other than California.

For additional information or assistance in determining whether the applicant meets the MSRRA requirements, get FTB Pub. 1032.

F What is a Permanent Place of Business

A corporation has a permanent place of business in California if it is organized and existing under the laws of California or if it is a foreign corporation quali ed to transact intrastate business by the SOS. A corporation that has not quali ed to transact intrastate business (e.g., a corporation engaged exclusively in interstate commerce) will be considered as having a permanent place of business in California only if it maintains a permanent of ce in California that is permanently staffed by its employees.

G Withholding Agent

Keep Form 590 for your records. Do not send this form to the FTB unless it has been speci cally requested.

For more information, contact Withholding Services and Compliance, see General Information H.

The payee must notify the withholding agent if any of the following situations occur:

- The individual payee becomes a nonresident.
- The corporation ceases to have a permanent place of business in California or ceases to be quali ed to do business in California.
- The partnership ceases to have a permanent place of business in California.
- The LLC ceases to have a permanent place of business in California.
- The tax-exempt entity loses its tax-exempt status.

The withholding agent must then withhold and report the withholding using Form 592, Resident and Nonresident Withholding Statement, and remit the withholding using Form 592-V, Payment Voucher for Resident and Nonresident Withholding. Form 592-B, Resident and Nonresident Withholding Tax Statement, is retained by the withholding agent and a copy is given to the payee.

Instructions for Form 587

Nonresident Withholding Allocation Worksheet

References in these instructions are to the California Revenue and Taxation Code (R&TC).

General Information

Beginning January 1, 2008, domestic nonresidents may use Form 589, Nonresident Reduced Withholding Request, to request the reduction in the standard seven percent withholding amount that is applicable to California source payments made to nonresidents.

Backup Withholding Beginning on or after January 1, 2010, with certain limited exceptions, payers that are required to withhold and remit backup withholding to the Internal Revenue Service (IRS) are also required to withhold and remit to the Franchise Tax Board (FTB). The California backup withholding rate is 7% of the payment. For California purposes, dividends, interests, and any nancial institutions, release of loan funds made in the normal course of business are exempt from backup withholding.

If a payee has backup withholding, the payee must contact the FTB to provide a valid Taxpayer Identi cation Number (ITIN) before ling a tax return. The following are acceptable TINs: social security number (SSN); individual taxpayer identi cation number (ITIN); federal employer identi cation number (FEIN); California corporation number (CA Corp No.); or California Secretary of State (SOS) le number. Failure to provide a valid TIN will result in the denial of the backup withholding credit. For more information, go to ftb.ca.gov and search for backup withholding.

Private Mail Box (PMB) Include the PMB in the address eld. Write PMB rst, then the box number. Example: 111 Main Street PMB 123.

Foreign Address Enter the information in the following order: City, Country, Province/Region, and Postal Code. Follow the country's practice for entering the postal code. Do not abbreviate the country's name.

A Purpose

Use Form 587, Nonresident Withholding Allocation Worksheet, to determine the amount of withholding required on payments to nonresidents.

The payee completes, signs, and returns Form 587 to the withholding agent. The withholding agent relies on the certi cation made by the payee to determine the amount of withholding required, provided the completed and signed Form 587 is accepted in good faith. Retain the completed Form 587 for your records for a minimum of four years and provide it to the FTB upon request.

Do not use Form 587 if any of the following applies:

- Payment to a nonresident is only for the purchase of goods.
- You sold California real estate. Use Form 593-C, Real Estate Withholding Certi cate.
- The payee is a resident of California or is a non-grantor trust that has at least one California resident trustee. Use Form 590, Withholding Exemption Certi cate.
- The payee is a corporation, partnership, or limited liability company (LLC) that has a permanent place of business in California or is quali ed to do business in California. Foreign corporations must be quali ed to transact intrastate business. Use Form 590.
- The payment is to an estate and the decedent was a California resident. Use Form 590.

B Requirement

California Revenue and Taxation Code (R&TC) Section 18662 and the related regulations require withholding of income or franchise tax on certain payments made to nonresidents of California for personal services performed in California and for rents on property located in California and royalties with activities in California. The withholding rate is seven percent (.07) unless the FTB grants a waiver. See General Information E, Waivers.

C When to File This Form

The withholding agent requests that the payee completes, signs, and returns Form 587 when a contract is entered into or before payment is made to the payee. The withholding agent retains Form 587 for a minimum of four years and must provide it to the FTB upon request.

Form 587 remains valid for the duration of the contract (or term of payments), provided there is no material change in the facts. By signing Form 587, the payee agrees to promptly notify the withholding agent of any changes in the facts.

D Withholding Requirements

Payments made to nonresident payees (including individuals, corporations, partnerships, LLCs, estates, and trusts) are subject to withholding. However, no withholding is required if total payments of California source income to the payee during the calendar year are $1,500 or less.

If the California resident, quali ed corporation, LLC, or partnership is acting as an agent for the nonresident payee, the payment is subject to withholding if the nonresident payee does not meet any of the exceptions on Form 590.

Payments subject to withholding include the following:

- Payments for services performed in California by nonresidents.
- Payments made in connection with a California performance.
- Rent paid to nonresidents if the rent is paid in the course of the withholding agent's business.
- Royalties paid to nonresidents from business activities in California.
- Payments of prizes for contests entered in California.
- Distributions of California source income to nonresident bene ciaries from an estate or trust.
- Other payments of California source income made to nonresidents.

Payments not subject to withholding include payments:

- To a resident of California or to a corporation with a permanent place of business in California.
- To a corporation quali ed to do business in California.
- To a partnership or LLC that has a permanent place of business in California.
- For sale of goods.
- For income from intangible personal property, such as interest and dividends, unless the property has acquired a business situs in California.
- For services performed outside of California.
- To a payee that is a tax-exempt organization under either California or federal law, use Form 590.

Representing wages paid to employees. Wage withholding is administered by the California Employment Development Department (EDD). For more information, contact your local EDD of ce.

To a payee that is a government entity. To reimburse a payee for expenses relating to services performed in California if the reimbursement is separately accounted for and not subject to federal Form 1099 reporting. Corporate payees, for purposes of this exception, are treated as individual persons.

E Waivers

A nonresident payee may request that withholding be waived. To apply for a withholding waiver, use Form 588, Nonresident Withholding Waiver Request. If the FTB has granted a waiver, you must attach a copy of FTB's determination letter to Form 587.

F Requirement to File a California Tax Return

A payee's exemption certi cation on Form 587, Form 590, or a determination letter from the FTB waiving withholding does not eliminate the requirement to le a California tax return and pay the tax due. For return ling requirements, see the instructions for Long or Short Form 540NR, California Nonresident or Part-Year Resident Income Tax Return; Form 541, California Fiduciary Income Tax Return; Form 100, California Corporation Franchise or Income Tax Return; or Form 100S, California S Corporation Franchise or Income Tax Return.

Speci c Instructions

Part I Withholding Agent

The withholding agent must complete Part I before giving Form 587 to the payee.

Part II Nonresident Payee

The payee must complete all information in Part II including the social security number, individual taxpayer identi cation number, California corporation number, FEIN, or SOS le number, and entity type.

Part III Payment Type

The nonresident payee must check the box that identi es the type of payment being received.

No withholding is required when payees are residents or have a permanent place of business in California.

Part IV Income Allocation

Use Part IV to identify payments that are subject to withholding. Only payments sourced within California are subject to withholding. Services performed in California are sourced in California. In the case of payments for services performed when part of the services are performed outside California, enter the amount paid for performing services within California in column (a). Enter the amount paid for performing services while outside California in column (b). Enter the total amount paid for services in column (c).

If the payee's trade, business, or profession carried on in California is an integral part of a unitary business carried on within and outside California, the amounts included on line 1 through line 5 should be computed by applying the payee's California apportionment percentage (determined in accordance with the provisions of the Uniform Division of Income for Tax Purposes Act) to the payment amounts. For more information on apportionment, get California Schedule R, Apportionment and Allocation of Income.

Withholding agent. Withholding is optional, at your discretion, on the rst $1,500 in payments made during the calendar year. Withholding must begin as soon as the total payments of California source income for the calendar year exceed $1,500. If circumstances change during the year (such as the total amount of payments), which would change the amount on line 6, the payee must submit a new Form 587 to the withholding agent re ecting those changes. The withholding agent should evaluate the need for a new Form 587 when a change in facts occurs.

Part V Certi cation of Payee

The payee and/or the authorized representative must complete, sign, date, and return this form to the withholding agent.

Authorized representatives include those persons the payee authorized to act on their behalf through a power of attorney, third party designee, or other individual taxpayers authorized to view their con dential tax data via a waiver or release.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),

2. Certify that you are not subject to backup withholding, or

3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,

• The U.S. grantor or other owner of a grantor trust and not the trust, and

• The U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person, do not use Form W-9. Instead, use the appropriate Form W-8 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.

2. The treaty article addressing the income.

3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.

4. The type and amount of income that qualifies for the exemption from tax.

5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity not subject to backup withholding, give the requester the appropriate completed Form W-8.

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 28% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,

2. You do not certify your TIN when required (see the Part II instructions on page 3 for details),

3. The IRS tells the requester that you furnished an incorrect TIN,

4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or

5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See the instructions below and the separate Instructions for the Requester of Form W-9.

Also see Special rules for partnerships on page 1.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of $50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a $500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

For a single-member LLC (including a foreign LLC with a domestic owner) that is disregarded as an entity separate from its owner under Regulations section 301.7701-3, enter the owner's name on the "Name" line. Enter the LLC's name on the "Business name" line.

For an LLC classified as a partnership or a corporation, enter the LLC's name on the "Name" line and any business, trade, or DBA name on the "Business name" line.

Other entities. Enter your business name as shown on required federal tax documents on the "Name" line. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on the "Business name" line.

Note. You are requested to check the appropriate box for your status (individual/sole proprietor, corporation, etc.).

Exempt Payee

If you are exempt from backup withholding, enter your name as described above and check the appropriate box for your status, then check the "Exempt payee" box in the line following the business name, sign and date the form.

Generally, individuals (including sole proprietors) are not exempt from backup withholding. Corporations are exempt from backup withholding for certain payments, such as interest and dividends.

Note. If you are exempt from backup withholding, you should still complete this form to avoid possible erroneous backup withholding.

The following payees are exempt from backup withholding:

1. An organization exempt from tax under section 501(a), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2),

2. The United States or any of its agencies or instrumentalities,

3. A state, the District of Columbia, a possession of the United States, or any of their political subdivisions or instrumentalities,

4. A foreign government or any of its political subdivisions, agencies, or instrumentalities, or

5. An international organization or any of its agencies or instrumentalities.

Other payees that may be exempt from backup withholding include:

6. A corporation,

7. A foreign central bank of issue,

8. A dealer in securities or commodities required to register in the United States, the District of Columbia, or a possession of the United States,

9. A futures commission merchant registered with the Commodity Futures Trading Commission,

10. A real estate investment trust,

11. An entity registered at all times during the tax year under the Investment Company Act of 1940,

12. A common trust fund operated by a bank under section 584(a),

13. A financial institution,

14. A middleman known in the investment community as a nominee or custodian, or

15. A trust exempt from tax under section 664 or described in section 4947.

The chart below shows types of payments that may be exempt from backup withholding. The chart applies to the exempt payees listed above, 1 through 15.

IF the payment is for . . .	THEN the payment is exempt for . . .
Interest and dividend payments	All exempt payees except for 9
Broker transactions	Exempt payees 1 through 13. Also, a person registered under the Investment Advisers Act of 1940 who regularly acts as a broker
Barter exchange transactions and patronage dividends	Exempt payees 1 through 5
Payments over $600 required to be reported and direct sales over $5,000[1]	Generally, exempt payees 1 through 7[2]

[1] See Form 1099-MISC, Miscellaneous Income, and its instructions.

[2] However, the following payments made to a corporation (including gross proceeds paid to an attorney under section 6045(f), even if the attorney is a corporation) and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees, and payments for services paid by a federal executive agency.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see How to get a TIN below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-member LLC that is disregarded as an entity separate from its owner (see Limited liability company (LLC) on page 2), enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note. See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local Social Security Administration office or get this form online at www.ssa.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/businesses and clicking on Employer Identification Number (EIN) under Starting a Business. You can get Forms W-7 and SS-4 from the IRS by visiting www.irs.gov or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note. Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded domestic entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if items 1, 4, and 5 below indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). Exempt payees, see Exempt Payee on page 2.

Signature requirements. Complete the certification as indicated in 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information such as your name, social security number (SSN), or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

Call the IRS at 1-800-829-1040 if you think your identity has been used inappropriately for tax purposes.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS personal property to the Treasury Inspector General for Tax Administration at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at: spam@uce.gov or contact them at www.consumer.gov/idtheft or 1-877-IDTHEFT(438-4338).

Visit the IRS website at www.irs.gov to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons who must file information returns with the IRS to report interest, dividends, and certain other income paid to you, mortgage interest you paid, the acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA, or Archer MSA or HSA. The IRS uses the numbers for identification purposes and to help verify the accuracy of your tax return. The IRS may also provide this information to the Department of Justice for civil and criminal litigation, and to cities, states, the District of Columbia, and U.S. possessions to carry out their tax laws. We may also disclose this information to other countries under a tax treaty, to federal and state agencies to enforce federal nontax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism.

You must provide your TIN whether or not you are required to file a tax return. Payers must generally withhold 28% of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to a payer. Certain penalties may also apply.

ADDENDUM No. 2

Printer and Toner Cartridges - (RFB 6073)

Addendum No. 2 forms a part of the contract documents and changes the original documents only in the manner and to the extent stated.

QUESTIONS AND ANSWERS:

Q: In the Pricing Schedule at the end, percent (%) discount is required to be provided for various makes. There is a vast difference in the offer which can be made for Ink Cartridges and that for toner cartridges. Consolidating them together makes it difficult to give a single percent discount for the two categories. Should there be an option for giving two different discounts one each for the ink cartridges and toner cartridges?

A: The Pricing Schedule at the end is now separated in to two toner types. One toner type is for toner cartridges and the other toner type is for ink toner cartridges. There is now an option for giving two different discounts for ink cartridges and toner cartridges.

Q: Will the County entertain a cost per print alternative versus buying multiple print cartridges?

A: No.

Q: Does the County have desktop printing quantities that could be utilized in a cost per impression offer?

A: No.

Q: Will the County of San Diego allow price discounts on existing toner SKU's after the contract has been awarded through the selected vendor?

A: Yes. Prices quoted are maximum prices and the selected vendor is able to offer additional discounts or lower prices.

Q: Can you please clarify Percentage Discount off MSRP calculations at the bottom of the quote request?

A: The County of San Diego is requesting percent discounts off of toner and ink cartridges not listed in the Pricing Schedule. OEM, compatible, remanufactured or recycled toner cartridges per stated percent discount off of the current OEM MSRP. Bid discount from the OEM list price only. Do not calculate discounts from any compatible or remanufactured MSRP. See reworded pricing sheet.

2.5 The County's primary means of providing bids and addenda is the County BuyNet Internet website:

2.6 No oral interpretation shall be made to modify any provisions of any bid specifications. Requests for an interpretation shall be made in writing to the County Director of Purchasing and Contracting prior to bid opening and a written response will be posted on the County BuyNet website.

2.7 Any vendor desiring to withdraw its bid must do so before County bid opening. If there are any questions or comments relative to technicalities of the bid, they must be submitted in writing to County of San Diego, Director of Purchasing and Contracting, within 24 hours after bid opening.

2.8 Bids submitted in response to this Request for Bid must be in full conformance with the terms and conditions set forth herein. Further, all specification requirements must be met unless the language of the Request for Bid specifically indicates alternate specifications will be considered.

2.9 Samples of items, when required, must be furnished free of expense to the County, and if not destroyed by tests will, upon request, be returned at the bidder's expense.

2.10 All bids must be signed with the firm name and by an authorized officer or employee. Obligations assumed by such signature must be fulfilled.

3. EVALUATION AND AWARD

3.1 Bids are subject to acceptance at any time within 30 days after opening of same, unless otherwise stipulated by the County.

3.2 In determining the lowest bid, discounts of 30 days or greater will be considered. Discounts will be calculated from receipt and acceptance of merchandise or invoice, whichever is later.

3.3 Award will be made by the Department of Purchasing and Contracting as stated on the cover/pricing page to the lowest responsive, responsible bidder.

3.4 The County reserves the right to waive a variation in specification if, in the opinion of the County, such variation does not materially change the item or its performance within parameters acceptable to the County.

3.5 The County reserves the right to reject any or all bids and to accept or reject any item(s) thereon, or waive any informality in the bid.

3.6 In the event of a conflict between unit price bid and bidder's extended price, the unit price will prevail unless price is so obviously unreasonable as to indicate an error. In that event, the bid will be rejected as non-responsive for the reason of inability to determine the intended bid.

3.7 The County reserves the right to perform a pre-award survey of the bidder to determine capability to perform, including but not limited to facilities, financial responsibility, materials/supplies, and past performance. The determination of the County as to the bidder's prospective ability to perform the contract shall be conclusive.

4. PROTEST PROCEDURES

Any protest resulting from this procurement is to be processed as prescribed in Board of Supervisors' Policy A-97, Protest Procedures for Award of Contracts. All protests shall be in writing, be made **prior** to Award, and be made only by an offeror. Such protests shall clearly state the ground for the protest and the relief sought. Protests shall be filed with the County's contracting office identified in the solicitation package.

For purposes of clarification regarding Board of Supervisors Policy A-97, Protest Procedures for Award of Contracts the posting of the bid abstract is equivalent to the posting of the NOTICE OF INTENT (NOI).

Whenever a contract is contemplated to be awarded to other than the low bidder in a formally advertised procurement, the low bidder shall be so notified five working days prior to award, in addition to the posting of the proposed award in a public place in the Contracting Office for the same period of time. Copies of Policy A-97 are available upon request from the Clerk of the Board, 1600 Pacific Highway, San Diego, CA 92101 or via the County of San Diego's Internet website: http://www.co.san-diego.ca.us/cob/policy/index.html

5. LOCAL BUSINESS PREFERENCE

Responsive bids from responsible local San Diego County businesses shall be given preference for award over bids received from non-local businesses. "Local Business" is defined as a business with a valid license issued by a city within the County, employing San Diego residents, and with a verifiable address within the County, or a business employing San Diego residents and with a verifiable address in an unincorporated area of the county. Post Office Boxes do not qualify as verifiable local business addresses. If a tie bid occurs between a local business and a non-local business, award shall be made to the local business.

If the lowest responsible, responsive bid is submitted by a non-local business, one percent (1%) shall be subtracted from the lowest responsive, responsible bid submitted by a local business in evaluating the bids for award. If application of the one percent (1%) factor results in the local business bid being equal to or lower than the non-local business bid, contract award will be made to the local business at the local business bid price, except for public works and construction bids, or if prohibited by State or Federal law.

The Estimated Quantities in Section "A", Pricing Schedule, are provided solely for evaluation of bids. They represent approximate anticipated use based on historical consumption. If the County's actual requirements do not result in orders in the quantities described as "estimated" in the Schedule, that fact shall not constitute the basis for price adjustment.

15. **AVAILABILITY OF FUNDING**

The County's obligation for payment of any contract beyond the current fiscal year end is contingent upon the availability of funding from which payment can be made. No legal liability on the part of the County shall arise for payment beyond June 30 of the calendar year unless funds are made available for such performance.

16. **INSPECTION OF SERVICE/MATERIALS/SUPPLIES**

16.1. All performance (which includes services, materials, supplies and equipment furnished or utilized in the performance of this contract, and workmanship in the performance of services) shall be subject to inspection and test by the County at all times during the term of the contract. The Contractor shall provide adequate cooperation to any inspector assigned by the County to permit the inspector to determine the Contractor's conformity with these specifications and the adequacy of the services being contractually provided. All inspection by the County shall be made in such a manner as not to unduly interfere with Contractor performance.

16.2. If any services performed hereunder are not in conformity with the specifications and requirements of this contract, the County shall have the right to require the Contractor to perform the services in conformity with said specifications and requirements at no additional increase in total contract amount. When the services to be performed are of such nature that the difference cannot be corrected, the County shall have the right to (1) require the Contractor immediately to take all necessary steps to ensure future performance of the services in conformity with requirements of the contract, and (2) reduce the contract price to reflect the reduced value of the services performed. In the event the Contractor fails to perform the services promptly or to take necessary steps to ensure future performance of the service in conformity with the specifications and requirements of the contract, the County shall have the right to either (1) by contract or to otherwise have the services performed in conformity with the contract specifications and charge to the Contractor any cost occasioned to the County that is directly related to the performance of such services, or (2) terminate this contract for default as provided in the Termination clause.

17. **DUTY TO INQUIRE**

Should an Offeror find discrepancies in or omissions from the solicitation, plans, specifications or other documents, or should the Offeror be in doubt as to their meaning, the Offeror shall at once notify the Contracting Officer/Procurement Specialist in writing. If the point in question is not clearly and fully set forth, a written addendum will be issued and posted on the County's web site "BUYNET." It is the Offerors responsibility to periodically check the Web site for such addenda. The County will not be responsible for any oral instructions nor for any written materials provided by any County personnel that are not also posted on the BuyNet web site.

18. **DISPUTES**

18.1. Except as otherwise provided in this contract, any dispute concerning a question of fact arising under this contract which is not disposed of by agreement shall be decided by the Contracting Officer who shall furnish the decision to the Contractor in writing. The decision of the Contracting Officer shall be final and conclusive unless determined by the court of competent jurisdiction to have been fraudulent or capricious, or arbitrary, or so grossly erroneous as necessarily to imply bad faith. The Contractor shall proceed diligently with the performance of the contract pending the Contracting Officer's decision.

18.2. The "Disputes" clause does not preclude consideration of legal questions in connection with decisions provided for in paragraph (A) above. Nothing in this contract shall be construed as making final the decision of any administrative official, representative, or board on a question of law.

19. **CHANGES**

The Contracting Officer may at any time, by written order, make changes within the general scope of this contract, in the definition of services to be performed, and the time (i.e., hours of the day, days of the week, etc.) and place of performance thereof. If any such change causes an increase or decrease in the cost of, or the time required for the performance of any part of the work under this contract, whether changed or not changed by any such order, an equitable adjustment shall be made in the contract price or delivery schedule, or both, and the contract shall be modified in writing accordingly. Any claim by the Contractor for adjustment under this clause must be asserted within 30 days from the date of receipt by the Contractor of the notification of change; provided however, that the Contracting Officer, if he decides that the facts justify such action, may receive and act upon any such claim asserted at any time prior to final payment under this contract. Where the cost of property made obsolete or excess as a result of a change is included in the Contractor's claim for adjustment, the Contracting Officer shall have the right to prescribe the manner of disposition of such property. Failure to agree to any adjustment shall be a dispute concerning a question of fact within the meaning of the clause of this contract entitled "Disputes". However, nothing in this clause shall excuse the Contractor from proceeding with the contract as changed.

20. **ASSIGNABILITY**

The Contractor shall not assign any interest in this contract, and shall not transfer any interest in the same (whether by assignment or novation), without the prior written consent of the County thereto; provided however, that claims for money due or to become due to the Contractor from the County under this contract may be assigned without such approval. However, Vendor shall have no obligation to defend or indemnify County Parties against Claims (I) to the extent they arise from the active concurrent negligence of County Parties, or (ii) caused by the sole negligence or willful misconduct of County Parties.

22. **CONDUCT OF CONTRACTOR**

22.1. The Contractor agrees to inform the County of all the Contractor's interests, if any, which are or which the Contractor believes to be incompatible with any interests of the County.

22.2. 22.3. The Contractor shall not use for personal gain or make other improper use of privileged information which is acquired in connection with his employment. In this connection, the term "privileged information" includes, but is not limited to, unpublished information relating to technological and scientific development; medical,

personnel, or security records of the individuals; anticipated materials requirements or pricing actions; and knowledge of selections of contractors or subcontractors in advance of official announcement.

22.4. The Contractor or employees thereof shall not offer gifts, gratuity, favors, entertainment directly or indirectly to County employees.

23. DISALLOWANCE

In the event the Contractor receives payment for services under this contract which is later disallowed by the County, the Contractor shall promptly refund the disallowed amount to the County on request, or at its option, the County may offset the amount disallowed from any payment due to the Contractor under any contract with the County.

41.1. The County Board of Supervisors' Policy B-67, Recycled Products Procurement, prescribes a County program to utilize products made with recycled materials, reusable products, and products designed to be recycled, to the maximum practical extent.

The County, therefore, encourages suppliers to offer such products in response to the County's requirements or as an alternate for testing or review by the County with the attainable goal of future purchases of the recycled or recyclable product(s).

41.2. Established Guidelines for Recycled Content Products: Recycled Content Products are eligible for a five percent (5%) price preference when offered as an alternative to non-recycled products. The percentage preference shall be based on the lowest bid or price quoted by the supplier or suppliers offering non-recycled products.

To be designated as a recycled content product, the product's material content shall be certified by the manufacturer to conform to postconsumer content standards as listed in EITHER the current Comprehensive Procurement Guidelines (CPG) website of the United States Environmental Protection Agency (EPA): http://www.epa.gov/cpg/products.htm OR as listed in the current California Recycled Content Product Directory website: http://www.ciwmb.ca.gov/RCP/SABRC.asp ,using whichever listing that requires the **higher** percentage of post consumer content.

41.3. Vendors/Suppliers offering recycled content products shall provide a current manufacturer's verifiable certification for the specific product provided, that specifically describes the nature of and percentages of recycled product content using the California Recycled Content Certification Form (CIWMB 74) which is available on the State of California website: http://www.ciwmb.ca.gov/BuyRecycled/StateAgency/Forms/CIWMB074.doc

42. BRAND NAME OR EQUAL

42.1. If items called for in this Request for Bids have been identified in the schedule by a "brand name or equal" description; such identification is intended to be descriptive, but not restrictive, and is to indicate the quality and characteristics of products (including products of the brand name manufacturer other than the one described by the brand name) will be considered for award if such products are determined by the County to meet fully the salient characteristic requirements listed in the request.

42.2. Unless the bidder clearly indicates in the bid that an "or equal" product is being offered, bid shall be considered as offering the brand name product specified.

42.3. If the bidder proposes to furnish an "equal product, the brand name, if any, of the product to be furnished shall

be inserted in the space provided in the Request for Bids, or such product shall be clearly identified in the bid. The evaluation of the bids and the determination as to equality of the product offered shall be the responsibility of the County and will be based upon the information furnished by the bidder, or identified in the bid as well as other information reasonably available to the Purchasing Activity. CAUTION TO BIDDERS: The Purchasing Activity is not responsible for locating or securing any information which is not identified in the bid and reasonably available to the Purchasing Activity. Accordingly, to insure that sufficient information is available, the bidder must furnish, as part of the bid, all descriptive material (such as cuts, illustrations, drawings, or other information) necessary for the Purchasing Activity to (I) determine whether the product offered meets the salient characteristic requirements of the Request for Bids, and (II) establish exactly what the bidder proposes to furnish and what the County is binding itself to purchase by making an award. The information furnished may include specific references to information previously furnished or to information otherwise available to the Purchasing Activity.

42.4. If the bidder proposes to modify a product so as to make it conform to the requirements of the Request for Bids, he shall (I) include in the bid a clear description of such modifications and (II) clearly mark any descriptive to show the proposed modifications.

42.5. Modifications proposed after bid opening to make a product conform to a brand name product referenced in the Request for Bids will not be considered.

43. CONTRACT ADMINISTRATION

The Director of Purchasing and Contracting is the designated Contracting Officer and is the only County official authorized to make any changes to this agreement.

The County has designated the following individual as the Contracting Officer's Technical Representative (COTR):

The COTR will chair contractor progress meetings and will coordinate the County's contract administrative functions. The COTR is designated to receive and approve Contractor invoices for payment, audit and inspect records, inspect Contractor Services, and provide other technical guidance as required. The COTR is not authorized to change any terms and conditions of the Contract. Changes to the scope of work will be made only by the Board of Supervisors and/or the Contracting Officer issuing a properly executed Change Order modification.

44. CONTRACT PROGRESS MEETING

The Contracting Officer's Technical Representative (COTR) and other County Personnel, as appropriate, will meet periodically with the Contractor to review the contract performance. At these meetings the COTR will appraise the Contractor of how the County views the Contractor's performance and the Contractor will appraise the County of problems, if any, being experienced. The Contractor will also notify the Contracting Officer (in writing) of any work being performed, if any, that the Contractor considers to be over and above the requirements of the contracts. Appropriate action shall be taken to resolve outstanding issues.

The minutes of these meetings will be reduced to writing and signed by the COTR and the Contractor. Should the Contractor not concur with minutes, the Contractor will set out in writing any area of disagreement. Appropriate action will be taken to resolve any areas of disagreement.

45. INDEPENDENT CONTRACTOR

The Contractor is, for all purposes arising out of this contract, an independent Contractor and shall not be deemed an employee of the County. It is expressly understood and agreed that the Contractor shall in no event, as a result of this contract, be entitled to any benefits to which County employees are entitled, including but not limited to overtime, any retirement benefits, worker's compensation benefits, and injury leave or other leave benefits.

46. SUBCONTRACT FOR WORK OR SERVICES (July 2008)

No contract shall be made by the Contractor with any party for furnishing any of the work or services herein contained without the prior written approval of the Contracting Officer's Technical Representative (COTR); but this provision shall not require the approval of contracts of employment between the Contractor and personnel assigned for services thereunder, or for parties named in proposal and agreed to any resulting contract.

Contractors are further reminded that it is the County's policy to encourage the participation of small and Disabled Veterans

Business Enterprises. This includes: ensuring that, if available, small and Disabled Veterans Business Enterprise firms are solicited, where feasible dividing the requirement into smaller units for the purpose of greater participation, and establishing delivery and payment schedules which will facilitate participation by small and Disabled Veterans Business Enterprises.

47. INTEREST OF CONTRACTOR

The Contractor covenants that it presently has no interest, including but not limited, to other projects or independent contracts, and shall not acquire any such interest, direct or indirect, which would conflict in any manner or degree with the performance of services required to be performed under this contract. The Contractor further covenants that in the performance of this contract, no person having any such interest shall be employed or retained by it under this contract.

48. LICENSING

Attention is directed to the provisions of Chapter 9 of Division 3 of the Business and Professions Code concerning the licensing of contractors. All offerors and contractors shall be licensed, if required, in accordance with the laws of this state and any offeror or contractor not so licensed is subject to the penalties imposed by such laws.

49. DAMAGES FOR DELAY AND TIME EXTENSION

49.1. If the Contractor refuses or fails to prosecute the work, or any separable part thereof, with such diligence as will ensure its completion within the time specified in this contract, or any extension thereof, or fails to complete said work within such time, the County will be entitled to the resulting damages caused by the delay. Damages will be the cost to the County incurred as a result of continuing the current level and type of service over that cost that would be incurred had the contract segments been completed by the time frame stipulated and any other damages suffered by the County.

49.2. The Contractor's right to proceed shall not be terminated nor the Contractor charged with resulting damage if:

49.2.1. The delay in the completion of the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to acts of the public enemy, acts of the County in either its sovereign or contracting capacity, acts of another contractor in the County, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severed weather, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of both the Contractor and such subcontractors or suppliers, and

49.2.2. The Contractor, within 10 days from the beginning of any such delay (unless the Contracting Officer grants a further period of time before the date of final payment under the contract), notifies the Contracting Officer in writing of the causes of delay in (1) above

The Contracting Officer shall ascertain the facts and the extent of the delay and extend the time for completing the work when, in his judgment, the findings of fact justify such an extension, and his findings of fact shall be final and conclusive on the parties subject only to appeal as provided in the clause of this contract entitled, "DISPUTES".

49.3. The rights and remedies of the County provided in this clause are in addition to any other rights and remedies provided by law or under this contract.

49.4. As used in paragraph (2.1) of this clause, the terms, "subcontractors or suppliers" means subcontractors or suppliers at any tier.

50. CONTRACT EXTENSION OPTION

50.1. One to six months - end of contract period

The providing of goods and/or services described in Section A or B may be extended in one or more increments for a total of no less than one (1) nor more than three (3) calendar months at the discretion of the County Purchasing Director. Each extension shall be affected by written contract modification delivered to the Contractor no less than fifteen (15) calendar days prior to expiration of the contract. The rates set forth in the pricing section shall apply to

any extension made pursuant to this option provision unless provision for appropriate price adjustment has been made elsewhere in this contract. All payments are subject to General Terms and Conditions, Clause titled "AVAILABILITY OF FUNDING".

51. RIGHT TO ACQUIRE EQUIPMENT AND SERVICES

Nothing in this agreement shall prohibit the County from acquiring the same type or equivalent equipment and/or service from other sources, when deemed by the County to be in its best interest.

52. SEVERABILITY

Should any part of this agreement be held to be invalid by a court of competent jurisdiction, the remainder of the agreement shall be considered as the whole agreement and be binding on the contracting parties.

53. LIMITATION OF FUTURE CONTRACTS

53.1. It is agreed by the parties to the contract that the Contractor will be restricted in its future contracting with the County to the manner described below. Except as specifically provided in this clause, the Contractor shall be free to compete for business on an equal basis with other companies.

53.2. If the Contractor, under the terms of the contract, or through the performance of tasks pursuant to this contract, is required to develop specifications or statements of work and such specifications or statements of work are to be incorporated into a solicitation, the Contractor shall be ineligible to perform the work described within that solicitation as a prime or subcontractor under an ensuing County contract. It is further agreed, however, that the county will not, as additional work or by change, unilaterally require the contractor to prepare such specifications or statements of work under this contract.

53.3. To the extent that the work under this contract requires access to proprietary, business confidential or financial data of other companies, and as long as such data remains proprietary or confidential, the Contractor shall protect such data from unauthorized use and disclosure and agrees not to use it to compete with such companies.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),

2. Certify that you are not subject to backup withholding, or

3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,

ADDENDUM No. 2

Printer and Toner Cartridges - (RFB 6073)

Addendum No. 2 forms a part of the contract documents and changes the original documents only in the manner and to the extent stated.

QUESTIONS AND ANSWERS:

Q: In the Pricing Schedule at the end, percent (%) discount is required to be provided for various makes. There is a vast difference in the offer which can be made for Ink Cartridges and that for toner cartridges. Consolidating them together makes it difficult to give a single percent discount for the two categories. Should there be an option for giving two different discounts one each for the ink cartridges and toner cartridges?

A: The Pricing Schedule at the end is now separated in to two toner types. One toner type is for toner cartridges and the other toner type is for ink toner cartridges. There is now an option for giving two different discounts for ink cartridges and toner cartridges.

Q: Will the County entertain a cost per print alternative versus buying multiple print cartridges?

A: No.

Q: Does the County have desktop printing quantities that could be utilized in a cost per impression offer?

A: No.

Q: Will the County of San Diego allow price discounts on existing toner SKU's after the contract has been awarded through the selected vendor?

A: Yes. Prices quoted are maximum prices and the selected vendor is able to offer additional discounts or lower prices.

Q: Can you please clarify Percentage Discount off MSRP calculations at the bottom of the quote request?

A: The County of San Diego is requesting percent discounts off of toner and ink cartridges not listed in the Pricing Schedule. OEM, compatible, remanufactured or recycled toner cartridges per stated percent discount off of the current OEM MSRP. Bid discount from the OEM list price only. Do not calculate discounts from any compatible or remanufactured MSRP. See reworded pricing sheet.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),

2. Certify that you are not subject to backup withholding, or

3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and

(See the instructions on page 4.)

Purpose of Form

A person who is required to file an information return with the IRS, must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

U.S. person. Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee.

In 3 above, if applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

For federal tax purposes, you are considered a person if you are:

- An individual who is a citizen or resident of the United States,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States, or
- Any estate (other than a foreign estate) or trust. See Regulations sections 301.7701-6(a) and 7(a) for additional information.

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,

3.5 The County reserves the right to reject any or all bids and to accept or reject any item(s) thereon, or waive any informality in the bid.

3.6 In the event of a conflict between unit price bid and bidder's extended price, the unit price will prevail unless price is so obviously unreasonable as to indicate an error. In that event, the bid will be rejected as non-responsive for the reason of inability to determine the intended bid.

3.7 The County reserves the right to perform a pre-award survey of the bidder to determine capability to perform, including but not limited to facilities, financial responsibility, materials/supplies, and past performance. The determination of the County as to the bidder's prospective ability to perform the contract shall be conclusive.

4. PROTEST PROCEDURES

Protests shall be filed with the County's contracting office identified in the solicitation package.

For purposes of clarification regarding Board of Supervisors Policy A-97, Protest Procedures for Award of Contracts the posting of the bid abstract is equivalent to the posting of the NOTICE OF INTENT (NOI).

Whenever a contract is contemplated to be awarded to other than the low bidder in a formally advertised procurement, the low bidder shall be so notified five working days prior to award, in addition to the posting of the proposed award in a public place in the Contracting Office for the same period of time. Copies of Policy A-97 are available upon request from the Clerk of the Board, 1600 Pacific Highway, San Diego, CA 92101 or via the County of San Diego's Internet website: http://www.co.san-diego.ca.us/cob/policy/index.html

Post Office Boxes do not qualify as verifiable local business addresses. If a tie bid occurs between a local business and a non-local business, award shall be made to the local business.

If the lowest responsible, responsive bid is submitted by a non-local business, one percent (1%) shall be subtracted from the lowest responsive, responsible bid submitted by a local business in evaluating the bids for award. If application of the one percent (1%) factor results in the local business bid being equal to or lower than the non-local business bid, contract award will be made to the local business at the local business bid price, except for public works and construction bids, or if prohibited by State or Federal law.

15. **AVAILABILITY OF FUNDING**

The County's obligation for payment of any contract beyond the current fiscal year end is contingent upon the availability of funding from which payment can be made. 16. **INSPECTION OF SERVICE/MATERIALS/SUPPLIES**

16.1. In the event the Contractor fails to perform the services promptly or to take necessary steps to ensure future performance of the service in conformity with the specifications and requirements of the contract, the County shall have the right to either (1) by contract or to otherwise have the services performed in conformity with the contract specifications and charge to the Contractor any cost occasioned to the County that is directly related to the performance of such services, or (2) terminate this contract for default as provided in the Termination clause.

Any claim by the Contractor for adjustment under this clause must be asserted within 30 days from the date of receipt by the Contractor of the notification of change; provided however, that the Contracting Officer, if he decides that the facts justify such action, may receive and act upon any such claim asserted at any time prior to final payment under this contract. Where the cost of property made obsolete or excess as a result of a change is included in the Contractor's claim for adjustment, the Contracting Officer shall have the right to prescribe the manner of disposition of such property. The delay in the completion of the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to acts of the public enemy, acts of the County in either its sovereign or contracting capacity, acts of another contractor in the County, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severed weather, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of both the Contractor and such subcontractors or suppliers, and

49.2.2. The Contractor, within 10 days from the beginning of any such delay (unless the Contracting Officer grants a further period of time before the date of final payment under the contract), notifies the Contracting Officer in writing of the causes of delay in (1) above

The Contracting Officer shall ascertain the facts and the extent of the delay and extend the time for completing the work when, in his judgment, the findings of fact justify such an extension, and his findings of fact shall be final and conclusive on the parties subject only to appeal as provided in the clause of this contract entitled, "DISPUTES".

49.3. The rights and remedies of the County provided in this clause are in addition to any other rights and remedies provided by law or under this contract.

49.4. As used in paragraph (2.1) of this clause, the terms, "subcontractors or suppliers" means subcontractors or suppliers at any tier.

50. CONTRACT EXTENSION OPTION

50.1. One to six months - end of contract period

The providing of goods and/or services described in Section A or B may be extended in one or more increments for a total of no less than one (1) nor more than three (3) calendar months at the discretion of the County Purchasing Director. Each extension shall be affected by written contract modification delivered to the Contractor no less than fifteen (15) calendar days prior to expiration of the contract. The rates set forth in the pricing section shall apply to

any extension made pursuant to this option provision unless provision for appropriate price adjustment has been made elsewhere in this contract. All payments are subject to General Terms and Conditions, Clause titled "AVAILABILITY OF FUNDING".

51. RIGHT TO ACQUIRE EQUIPMENT AND SERVICES

Nothing in this agreement shall prohibit the County from acquiring the same type or equivalent equipment and/or service from other sources, when deemed by the County to be in its best interest.

52. SEVERABILITY

Should any part of this agreement be held to be invalid by a court of competent jurisdiction, the remainder of the agreement shall be considered as the whole agreement and be binding on the contracting parties.

53. LIMITATION OF FUTURE CONTRACTS

53.1. It is agreed by the parties to the contract that the Contractor will be restricted in its future contracting with the County to the manner described below. Except as specifically provided in this clause, the Contractor shall be free to compete for business on an equal basis with other companies.

53.2. If the Contractor, under the terms of the contract, or through the performance of tasks pursuant to this contract, is required to develop specifications or statements of work and such specifications or statements of work are to be incorporated into a solicitation, the Contractor shall be ineligible to perform the work described within that solicitation as a prime or subcontractor under an ensuing County contract. It is further agreed, however, that the county will not, as additional work or by change, unilaterally require the contractor to prepare such specifications or statements of work under this contract.

53.3. To the extent that the work under this contract requires access to proprietary, business confidential or financial data of other companies, and as long as such data remains proprietary or confidential, the Contractor shall protect such data from unauthorized use and disclosure and agrees not to use it to compete with such companies.

Instructions for Form 590

Withholding Exemption Certificate

References in these instructions are to the California Revenue and Taxation Code (R&TC).

What's New

Backup Withholding – Beginning on or after January 1, 2010, with certain limited exceptions, payers that are required to withhold and remit backup withholding to the Internal Revenue Service (IRS) are also required to withhold and remit to the Franchise Tax Board (FTB). The California backup withholding rate is 7% of the payment. For California purposes, dividends, interests, and any financial institutions release of loan funds made in the normal course of business are exempt from backup withholding. For additional information on California backup withholding, go to **ftb.ca.gov** and search for **backup withholding**.

If a payee has backup withholding, the payee must contact the FTB to provide a valid Taxpayer Identification Number (TIN) before filing a tax return. The following are acceptable TINs: social security number (SSN); individual taxpayer identification number (ITIN); federal employer identification number (FEIN); California corporation number (CA Corp No.); or Secretary of State (SOS) file number. Failure to provide a valid TIN will result in the denial of the backup withholding credit. For more information go to **ftb.ca.gov** and search for **backup withholding**.

General Information

For purposes of California income tax, references to a spouse, husband, or wife also refer to a Registered Domestic Partner (RDP) unless otherwise specified. For more information on RDPs, get FTB Pub. 737, Tax Information for Registered Domestic Partners.

Private Mail Box (PMB) – Include the PMB in the address field. Write "PMB" first, then the box number. Example: 111 Main Street PMB 123.

Foreign Address – Enter the information in the following order: City, Country, Province/ Region, and Postal Code. Follow the country's practice for entering the postal code. **Do not** abbreviate the country's name.

A Purpose

Use Form 590, Withholding Exemption Certificate, to certify an exemption from nonresident withholding. California residents or entities should complete and present Form 590 to the withholding agent. The withholding agent is then relieved of the withholding requirements if the agent relies in good faith on a completed and signed Form 590 unless told by the FTB that the form should not be relied upon.

The following are excluded from withholding and completing this form:

- The United States and any of its agencies or instrumentalities
- A state, a possession of the United States, the District of Columbia, or any of its political subdivisions or instrumentalities
- A foreign government or any of its political subdivisions, agencies, or instrumentalities

Important – This form cannot be used for exemption from wage and real estate withholding.

- If you are an employee, any wage withholding questions should be directed to the FTB General Information number, 800.852.5711. Employers should call **888**.745.3886 or go to **www.edd.ca.gov**.
- Sellers of California real estate use Form 593-C, Real Estate Withholding Certificate, to claim an exemption from real estate withholding.

B Requirement

R&TC Section 18662 requires withholding of income or franchise tax on payments of California source income made to nonresidents of California.

Withholding is required on the following, but is not limited to:

- Payments to nonresidents for services rendered in California.
- Distributions of California source income made to domestic nonresident S corporation shareholders, partners and members and allocations of California source income made to foreign partners and members.
- Payments to nonresidents for rents if the payments are made in the course of the withholding agent's business.
- Payments to nonresidents for royalties with activities in California.
- Distributions of California source income to nonresident beneficiaries from an estate or trust.
- Prizes and winnings received by nonresidents for contests in California.

However, withholding is optional if the total payments of California source income are $1,500 or less during the calendar year.

For more information on withholding get FTB Pub. 1017, Resident and Nonresident Withholding Guidelines. To get a withholding publication see General Information H, Publications, Forms, and Additional Information.

C Who Certifies this Form

Form 590 is certified by the payee. An incomplete certificate is invalid and the withholding agent should not accept it. If the withholding agent receives an incomplete certificate, the withholding agent is required to withhold tax on payments made to the payee until a valid certificate is received. In lieu of a completed certificate on the preprinted form, the withholding agent may accept as a substitute certificate a letter from the payee explaining why the payee is not subject to withholding. The letter must contain all the information required on the certificate in similar language, including the under penalty of perjury statement and the payee's taxpayer identification number. The withholding agent must retain a copy of the certificate or substitute for at least four years after the last payment to which the certificate applies, and provide it upon request to the Franchise Tax Board.

For example, if an entertainer (or the entertainer's business entity) is paid for a performance, the entertainer's information must be provided. **Do not** submit the entertainer's agent or promoter information.

The grantor of a grantor trust shall be treated as the payee for withholding purposes. Therefore, if the payee is a grantor trust and one or more of the grantors is a nonresident, withholding is required. If all of the grantors on the trust are residents, no withholding is required. Resident grantors can check the box on Form 590 labeled "Individuals — Certification of Residency."

D Who is a Resident

A California resident is any individual who is in California for other than a temporary or transitory purpose or any individual domiciled in California who is absent for a temporary or transitory purpose.

An individual domiciled in California who is absent from California for an uninterrupted period of at least 546 consecutive days under an employment-related contract is considered outside California for other than a temporary or transitory purpose.

An individual is still considered outside California for other than a temporary or transitory purpose if return visits to California do not total more than 45 days during any taxable year covered by an employment contract.

This provision does not apply if an individual has income from stocks, bonds, notes, or other intangible personal property in excess of $200,000 in any taxable year in which the employment-related contract is in effect.

A spouse/RDP absent from California for an uninterrupted period of at least 546 days to accompany a spouse/RDP under an employment-related contract is considered outside of California for other than a temporary or transitory purpose.

Generally, an individual who comes to California for a purpose which will extend over a long or indefinite period will be considered a resident. However, an individual who comes to perform a particular contract of short duration will be considered a nonresident.

For assistance in determining resident status, get FTB Pub. 1031, Guidelines for Determining Resident Status, and FTB Pub. 1032, Tax Information for Military Personnel, or call the FTB at 800.852.5711 or 916.845.6500.

E Military Spouse Residency Relief Act (MSRRA)

Generally, for tax purposes you are considered to maintain your existing residence or domicile. If a military servicemember and nonmilitary spouse have the same state of domicile, the MSRRA provides:

- A spouse shall not be deemed to have lost a residence or domicile in any state solely by reason of being absent to be with the servicemember serving in compliance with military orders.
- A spouse shall not be deemed to have acquired a residence or domicile in any other state solely by reason of being there to be with the servicemember serving in compliance with military orders.

Domicile is defined as the one place:

- Where you maintain a true, fixed, and permanent home
- To which you intend to return whenever you are absent

A military servicemember's nonmilitary spouse is considered a nonresident for tax purposes if the servicemember and spouse have the same domicile outside of California and the spouse is in California solely to be with the servicemember who is serving in compliance with Permanent Change of Station orders (Note: California may require nonmilitary spouses of military servicemembers to provide proof that they meet the criteria for California personal income tax exemption as set forth in the MSRRA).

Income of a military servicemember's nonmilitary spouse for services performed in California is not California source income subject to state tax if the spouse is in California to be with the servicemember serving in compliance with military orders, and the servicemember and spouse have the same domicile in a state other than California.

For additional information or assistance in determining whether the applicant meets the MSRRA requirements, get FTB Pub. 1032.

F What is a Permanent Place of Business

A corporation has a permanent place of business in California if it is organized and existing under the laws of California or if it is a foreign corporation qualified to transact intrastate business by the SOS. A corporation that has not qualified to transact intrastate business (e.g., a corporation engaged exclusively in interstate commerce) will be considered as having a permanent place of business in California only if it maintains a permanent office in California that is permanently staffed by its employees.

G Withholding Agent

Keep Form 590 for your records. **Do not** send this form to the FTB unless it has been specifically requested.

For more information, contact Withholding Services and Compliance, see General Information H.

The payee must notify the withholding agent if any of the following situations occur:

- The individual payee becomes a nonresident.
- The corporation ceases to have a permanent place of business in California or ceases to be qualified to do business in California.
- The partnership ceases to have a permanent place of business in California.
- The LLC ceases to have a permanent place of business in California.
- The tax-exempt entity loses its tax-exempt status.

The withholding agent must then withhold and report the withholding using Form 592, Resident and Nonresident Withholding Statement, and remit the withholding using Form 592-V, Payment Voucher for Resident and Nonresident Withholding. Form 592-B, Resident and Nonresident Withholding Tax Statement, is retained by the withholding agent and a copy is given to the payee.

Instructions for Form 587

Nonresident Withholding Allocation Worksheet

References in these instructions are to the California Revenue and Taxation Code (R&TC).

General Information

Beginning January 1, 2008, domestic nonresidents may use Form 589, Nonresident Reduced Withholding Request, to request the reduction in the standard seven percent withholding amount that is applicable to California source payments made to nonresidents.

Backup Withholding – Beginning on or after January 1, 2010, with certain limited exceptions, payers that are required to withhold and remit backup withholding to the Internal Revenue Service (IRS) are also required to withhold and remit to the Franchise Tax Board (FTB). The California backup withholding rate is 7% of the payment. For California purposes, dividends, interests, and any financial institutions, release of loan funds made in the normal course of business are exempt from backup withholding.

If a payee has backup withholding, the payee must contact the FTB to provide a valid Taxpayer Identification Number (ITIN) before filing a tax return. The following are acceptable TINs: social security number (SSN); individual taxpayer identification number (ITIN); federal employer identification number (FEIN); California corporation number (CA Corp No.); or California Secretary of State (SOS) file number. Failure to provide a valid TIN will result in the denial of the backup withholding credit. For more information, go to **ftb.ca.gov** and search for **backup withholding.**

Private Mail Box (PMB) – Include the PMB in the address field. Write "PMB" first, then the box number. Example: 111 Main Street PMB 123.

Foreign Address – Enter the information in the following order: City, Country, Province/Region, and Postal Code. Follow the country's practice for entering the postal code. **Do not** abbreviate the country's name.

A Purpose

Use Form 587, Nonresident Withholding Allocation Worksheet, to determine the amount of withholding required on payments to nonresidents.

The payee completes, signs, and returns Form 587 to the withholding agent. The withholding agent relies on the certification made by the payee to determine the amount of withholding required, provided the completed and signed Form 587 is accepted in good faith. Retain the completed Form 587 for your records for a minimum of four years and provide it to the FTB upon request.

Do not use Form 587 if any of the following applies:

- Payment to a nonresident is only for the purchase of goods.
- You sold California real estate. Use Form 593-C, Real Estate Withholding Certificate.
- The payee is a resident of California or is a non-grantor trust that has at least one California resident trustee. Use Form 590, Withholding Exemption Certificate.
- The payee is a corporation, partnership, or limited liability company (LLC) that has a permanent place of business in California or is qualified to do business in California. Foreign corporations must be qualified to transact intrastate business. Use Form 590.
- The payment is to an estate and the decedent was a California resident. Use Form 590.

B Requirement

California Revenue and Taxation Code (R&TC) Section 18662 and the related regulations require withholding of income or franchise tax on certain payments made to nonresidents of California for personal services performed in California and for rents on property located in California and royalties with activities in California. The withholding rate is seven percent (.07) unless the FTB grants a waiver. See General Information E, Waivers.

C When to File This Form

The withholding agent requests that the payee completes, signs, and returns Form 587 when a contract is entered into or before payment is made to the payee. The withholding agent retains Form 587 for a minimum of four years and must provide it to the FTB upon request.

Form 587 remains valid for the duration of the contract (or term of payments), provided there is no material change in the facts. By signing Form 587, the payee agrees to promptly notify the withholding agent of any changes in the facts.

D Withholding Requirements

Payments made to nonresident payees (including individuals, corporations, partnerships, LLCs, estates, and trusts) are subject to withholding. However, no withholding is required if total payments of California source income to the payee during the calendar year are $1,500 or less.

If the California resident, qualified corporation, LLC, or partnership is acting as an agent for the nonresident payee, the payment is subject to withholding if the nonresident payee does not meet any of the exceptions on Form 590.

Payments subject to withholding include the following:

- Payments for services performed in California by nonresidents.
- Payments made in connection with a California performance.
- Rent paid to nonresidents if the rent is paid in the course of the withholding agent's business.
- Royalties paid to nonresidents from business activities in California.
- Payments of prizes for contests entered in California.
- Distributions of California source income to nonresident beneficiaries from an estate or trust.
- Other payments of California source income made to nonresidents.

Payments not subject to withholding include payments:

- To a resident of California or to a corporation with a permanent place of business in California.
- To a corporation qualified to do business in California.
- To a partnership or LLC that has a permanent place of business in California.
- For sale of goods.
- For income from intangible personal property, such as interest and dividends, unless the property has acquired a business situs in California.
- For services performed outside of California.
- To a payee that is a tax-exempt organization under either California or federal law, use Form 590.

- Representing wages paid to employees. Wage withholding is administered by the California Employment Development Department (EDD). For more information, contact your local EDD office.
- To a payee that is a government entity.
- To reimburse a payee for expenses relating to services performed in California if the reimbursement is separately accounted for and not subject to federal Form 1099 reporting. Corporate payees, for purposes of this exception, are treated as individual persons.

E Waivers

A nonresident payee may request that withholding be waived. To apply for a withholding waiver, use Form 588, Nonresident Withholding Waiver Request. If the FTB has granted a waiver, you must attach a copy of FTB's determination letter to Form 587.

F Requirement to File a California Tax Return

A payee's exemption certification on Form 587, Form 590, or a determination letter from the FTB waiving withholding does not eliminate the requirement to file a California tax return and pay the tax due. For return filing requirements, see the instructions for Long or Short Form 540NR, California Nonresident or Part-Year Resident Income Tax Return; Form 541, California Fiduciary Income Tax Return; Form 100, California Corporation Franchise or Income Tax Return; or Form 100S, California S Corporation Franchise or Income Tax Return.

Specific Instructions

Part I – Withholding Agent

The withholding agent must complete Part I before giving Form 587 to the payee.

Part II – Nonresident Payee

The payee must complete all information in Part II including the social security number, individual taxpayer identification number, California corporation number, FEIN, or SOS file number, and entity type.

Part III – Payment Type

The nonresident payee must check the box that identifies the type of payment being received.

No withholding is required when payees are residents or have a permanent place of business in California.

Part IV – Income Allocation

Use Part IV to identify payments that are subject to withholding. Only payments sourced within California are subject to withholding. Services performed in California are sourced in California. In the case of payments for services performed when part of the services are performed outside California, enter the amount paid for performing services within California in column (a). Enter the amount paid for performing services while outside California in column (b). Enter the total amount paid for services in column (c).

If the payee's trade, business, or profession carried on in California is an integral part of a unitary business carried on within and outside California, the amounts included on line 1 through line 5 should be computed by applying the payee's California apportionment percentage (determined in accordance with the provisions of the Uniform Division of Income for Tax Purposes Act) to the payment amounts. For more information on apportionment, get California Schedule R, Apportionment and Allocation of Income.

Withholding agent. Withholding is optional, at your discretion, on the first $1,500 in payments made during the calendar year. Withholding must begin as soon as the total payments of California source income for the calendar year exceed $1,500. If circumstances change during the year (such as the total amount of payments), which would change the amount on line 6, the payee must submit a new Form 587 to the withholding agent reflecting those changes. The withholding agent should evaluate the need for a new Form 587 when a change in facts occurs.

Part V – Certification of Payee

The payee and/or the authorized representative must complete, sign, date, and return this form to the withholding agent.

Authorized representatives include those persons the payee authorized to act on their behalf through a power of attorney, third party designee, or other individual taxpayers authorized to view their confidential tax data via a waiver or release.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),

2. Certify that you are not subject to backup withholding, or

3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,

- The U.S. grantor or other owner of a grantor trust and not the trust, and
- The U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person, do not use Form W-9. Instead, use the appropriate Form W-8 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.

2. The treaty article addressing the income.

3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.

4. The type and amount of income that qualifies for the exemption from tax.

5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity not subject to backup withholding, give the requester the appropriate completed Form W-8.

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 28% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,

2. You do not certify your TIN when required (see the Part II instructions on page 3 for details),

3. The IRS tells the requester that you furnished an incorrect TIN,

4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or

5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See the instructions below and the separate Instructions for the Requester of Form W-9.

Also see *Special rules for partnerships* on page 1.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of $50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a $500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Name

If you are an individual, you must generally enter the name shown on your income tax return. However, if you have changed your last name, for instance, due to marriage without informing the Social Security Administration of the name change, enter your first name, the last name shown on your social security card, and your new last name.

If the account is in joint names, list first, and then circle, the name of the person or entity whose number you entered in Part I of the form.

Sole proprietor. Enter your individual name as shown on your income tax return on the "Name" line. You may enter your business, trade, or "doing business as (DBA)" name on the "Business name" line.

Limited liability company (LLC). Check the "Limited liability company" box only and enter the appropriate code for the tax classification ("D" for disregarded entity, "C" for corporation, "P" for partnership) in the space provided.

For a single-member LLC (including a foreign LLC with a domestic owner) that is disregarded as an entity separate from its owner under Regulations section 301.7701-3, enter the owner's name on the "Name" line. Enter the LLC's name on the "Business name" line.

For an LLC classified as a partnership or a corporation, enter the LLC's name on the "Name" line and any business, trade, or DBA name on the "Business name" line.

Other entities. Enter your business name as shown on required federal tax documents on the "Name" line. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on the "Business name" line.

Note. You are requested to check the appropriate box for your status (individual/sole proprietor, corporation, etc.).

Exempt Payee

If you are exempt from backup withholding, enter your name as described above and check the appropriate box for your status, then check the "Exempt payee" box in the line following the business name, sign and date the form.

Generally, individuals (including sole proprietors) are not exempt from backup withholding. Corporations are exempt from backup withholding for certain payments, such as interest and dividends.

Note. If you are exempt from backup withholding, you should still complete this form to avoid possible erroneous backup withholding.

The following payees are exempt from backup withholding:

1. An organization exempt from tax under section 501(a), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2),

2. The United States or any of its agencies or instrumentalities,

3. A state, the District of Columbia, a possession of the United States, or any of their political subdivisions or instrumentalities,

4. A foreign government or any of its political subdivisions, agencies, or instrumentalities, or

5. An international organization or any of its agencies or instrumentalities.

Other payees that may be exempt from backup withholding include:

6. A corporation,

7. A foreign central bank of issue,

8. A dealer in securities or commodities required to register in the United States, the District of Columbia, or a possession of the United States,

9. A futures commission merchant registered with the Commodity Futures Trading Commission,

10. A real estate investment trust,

11. An entity registered at all times during the tax year under the Investment Company Act of 1940,

12. A common trust fund operated by a bank under section 584(a),

13. A financial institution,

14. A middleman known in the investment community as a nominee or custodian, or

The chart below shows types of payments that may be exempt from backup withholding. The chart applies to the exempt payees listed above, 1 through 15.

IF the payment is for . . .	THEN the payment is exempt for . . .
Interest and dividend payments	All exempt payees except for 9
Broker transactions	Exempt payees 1 through 13. Also, a person registered under the Investment Advisers Act of 1940 who regularly acts as a broker
Barter exchange transactions and patronage dividends	Exempt payees 1 through 5
Payments over $600 required to be reported and direct sales over $5,000[1]	Generally, exempt payees 1 through 7[2]

[1] See Form 1099-MISC, Miscellaneous Income, and its instructions.

[2] However, the following payments made to a corporation (including gross proceeds paid to an attorney under section 6045(f), even if the attorney is a corporation) and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees, and payments for services paid by a federal executive agency.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-member LLC that is disregarded as an entity separate from its owner (see *Limited liability company (LLC)* on page 2), enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note. See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local Social Security Administration office or get this form online at *www.ssa.gov*. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at *www.irs.gov/businesses* and clicking on Employer Identification Number (EIN) under Starting a Business. You can get Forms W-7 and SS-4 from the IRS by visiting *www.irs.gov* or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note. Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: *A disregarded domestic entity that has a foreign owner must use the appropriate Form W-8.*

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if items 1, 4, and 5 below indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). Exempt payees, see *Exempt Payee* on page 2.

Signature requirements. Complete the certification as indicated in 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information such as your name, social security number (SSN), or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

Call the IRS at 1-800-829-1040 if you think your identity has been used inappropriately for tax purposes.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to *phishing@irs.gov.* You may also report misuse of the IRS name, logo, or other IRS personal property to the Treasury Inspector General for Tax Administration at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at: *spam@uce.gov* or contact them at *www.consumer.gov/idtheft* or 1-877-IDTHEFT(438-4338).

Visit the IRS website at *www.irs.gov* to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons who must file information returns with the IRS to report interest, dividends, and certain other income paid to you, mortgage interest you paid, the acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA, or Archer MSA or HSA. The IRS uses the numbers for identification purposes and to help verify the accuracy of your tax return. The IRS may also provide this information to the Department of Justice for civil and criminal litigation, and to cities, states, the District of Columbia, and U.S. possessions to carry out their tax laws. We may also disclose this information to other countries under a tax treaty, to federal and state agencies to enforce federal nontax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism.

You must provide your TIN whether or not you are required to file a tax return. Payers must generally withhold 28% of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to a payer. Certain penalties may also apply.

ADDENDUM No. 2

Printer and Toner Cartridges - (RFB 6073)

Addendum No. 2 forms a part of the contract documents and changes the original documents only in the manner and to the extent stated.

QUESTIONS AND ANSWERS:

Q: In the Pricing Schedule at the end, percent (%) discount is required to be provided for various makes. There is a vast difference in the offer which can be made for Ink Cartridges and that for toner cartridges. Consolidating them together makes it difficult to give a single percent discount for the two categories. Should there be an option for giving two different discounts one each for the ink cartridges and toner cartridges?

A: The Pricing Schedule at the end is now separated in to two toner types. One toner type is for toner cartridges and the other toner type is for ink toner cartridges. There is now an option for giving two different discounts for ink cartridges and toner cartridges.

Q: Will the County entertain a cost per print alternative versus buying multiple print cartridges?

A: No.

Q: Does the County have desktop printing quantities that could be utilized in a cost per impression offer?

A: No.

Q: Will the County of San Diego allow price discounts on existing toner SKU's after the contract has been awarded through the selected vendor?

A: Yes. Prices quoted are maximum prices and the selected vendor is able to offer additional discounts or lower prices.

Nicole Litonjua
Assistant Manager

Q: Can you please clarify Percentage Discount off MSRP calculations at the bottom of the quote request?

A: The County of San Diego is requesting percent discounts off of toner and ink cartridges not listed in the Pricing Schedule. OEM, compatible, remanufactured or recycled toner cartridges per stated percent discount off of the current OEM MSRP. Bid discount from the OEM list price only. Do not calculate discounts from any compatible or remanufactured MSRP. See reworded pricing sheet.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

Post Office Boxes do not qualify as verifiable local business addresses. If a tie bid occurs between a local business and a non-local business, award shall be made to the local business.

If the lowest responsible, responsive bid is submitted by a non-local business, one percent (1%) shall be subtracted from the lowest responsive, responsible bid submitted by a local business in evaluating the bids for award. If application of the one percent (1%) factor results in the local business bid being equal to or lower than the non-local business bid, contract award will be made to the local business at the local business bid price, except for public works and construction bids, or if prohibited by State or Federal law.

Contractor's utilization of self-insurance shall not in any way limit liabilities assumed by Contractor under the Contract.

29.8 **Subcontractors' Insurance**
Contractor shall require that any and all Subcontractors hired by Contractor are insured in accordance with this Contract. If any Subcontractors coverage does not comply with the foregoing provisions, Contractor shall defend and indemnify the County from any damage, loss, cost or expense, including attorney fees, incurred by County as a result of Subcontractors failure to maintain required coverage.

29.9 ***Waiver of Subrogation***

This will authorize the acceptance of releases from designated County departments for their requirements. The vendor shall complete delivery of items ordered to destinations set forth in the release. Each release shipment shall be accompanied by a priced invoice itemizing all material. Partial shipments are not acceptable when ordered by release.

The County, therefore, encourages suppliers to offer such products in response to the County's requirements or as an alternate for testing or review by the County with the attainable goal of future purchases of the recycled or recyclable product(s).

41.2. Established Guidelines for Recycled Content Products: Recycled Content Products are eligible for a five percent (5%) price preference when offered as an alternative to non-recycled products. If items called for in this Request for Bids have been identified in the schedule by a "brand name or equal" description; such identification is intended to be descriptive, but not restrictive, and is to indicate the quality and characteristics of products (including products of the brand name manufacturer other than the one described by the brand name) will be considered for award if such products are determined by the County to meet fully the salient characteristic requirements listed in the request.

42.2. Unless the bidder clearly indicates in the bid that an "or equal" product is being offered, bid shall be considered as offering the brand name product specified.

42.3. If the bidder proposes to furnish an "equal product, the brand name, if any, of the product to be furnished shall

be inserted in the space provided in the Request for Bids, or such product shall be clearly identified in the bid. The evaluation of the bids and the determination as to equality of the product offered shall be the responsibility of the County and will be based upon the information furnished by the bidder, or identified in the bid as well as other information reasonably available to the Purchasing Activity. CAUTION TO BIDDERS: The Purchasing Activity is not responsible for locating or securing any information which is not identified in the bid and reasonably available to the Purchasing Activity. Accordingly, to insure that sufficient information is available, the bidder must furnish, as part of the bid, all descriptive material (such as cuts, illustrations, drawings, or other information) necessary for the Purchasing Activity to (I) determine whether the product offered meets the salient characteristic requirements of the Request for Bids, and (II) establish exactly what the bidder proposes to furnish and what the County is binding itself to purchase by making an award. The information furnished may include specific references to information previously furnished or to information otherwise available to the Purchasing Activity.

42.4. If the bidder proposes to modify a product so as to make it conform to the requirements of the Request for Bids, he shall (I) include in the bid a clear description of such modifications and (II) clearly mark any descriptive to show the proposed modifications.

42.5. Modifications proposed after bid opening to make a product conform to a brand name product referenced in the Request for Bids will not be considered.

The County has designated the following individual as the Contracting Officer's Technical Representative (COTR):

The COTR will chair contractor progress meetings and will coordinate the County's contract administrative functions. The COTR is designated to receive and approve Contractor invoices for payment, audit and inspect records, inspect Contractor Services, and provide other technical guidance as required. The COTR is not authorized to change any terms and conditions of the Contract. Changes to the scope of work will be made only by the Board of Supervisors and/or the Contracting Officer issuing a properly executed Change Order modification.

44. CONTRACT PROGRESS MEETING

The Contracting Officer's Technical Representative (COTR) and other County Personnel, as appropriate, will meet periodically with the Contractor to review the contract performance. At these meetings the COTR will appraise the Contractor of how the County views the Contractor's performance and the Contractor will appraise the County of problems, if any, being experienced. The Contractor will also notify the Contracting Officer (in writing) of any work being performed, if any, that the Contractor considers to be over and above the requirements of the contracts. Appropriate action shall be taken to resolve outstanding issues.

The minutes of these meetings will be reduced to writing and signed by the COTR and the Contractor. Should the Contractor not concur with minutes, the Contractor will set out in writing any area of disagreement. Appropriate action will be taken to resolve any areas of disagreement.

45. INDEPENDENT CONTRACTOR

The Contractor is, for all purposes arising out of this contract, an independent Contractor and shall not be deemed an employee of the County. It is expressly understood and agreed that the Contractor shall in no event, as a result of this contract, be entitled to any benefits to which County employees are entitled, including but not limited to overtime, any retirement benefits, worker's compensation benefits, and injury leave or other leave benefits.

46. SUBCONTRACT FOR WORK OR SERVICES (July 2008)

No contract shall be made by the Contractor with any party for furnishing any of the work or services herein contained without the prior written approval of the Contracting Officer's Technical Representative (COTR); but this provision shall not require the approval of contracts of employment between the Contractor and personnel assigned for services thereunder, or for parties named in proposal and agreed to any resulting contract.

Contractors are further reminded that it is the County's policy to encourage the participation of small and Disabled Veterans

Business Enterprises. This includes: ensuring that, if available, small and Disabled Veterans Business Enterprise firms are solicited, where feasible dividing the requirement into smaller units for the purpose of greater participation, and establishing delivery and payment schedules which will facilitate participation by small and Disabled Veterans Business Enterprises.

47. INTEREST OF CONTRACTOR

The Contractor covenants that it presently has no interest, including but not limited, to other projects or independent contracts, and shall not acquire any such interest, direct or indirect, which would conflict in any manner or degree with the performance of services required to be performed under this contract. The Contractor further covenants that in the performance of this contract, no person having any such interest shall be employed or retained by it under this contract.

48. LICENSING

Attention is directed to the provisions of Chapter 9 of Division 3 of the Business and Professions Code concerning the licensing of contractors. All offerors and contractors shall be licensed, if required, in accordance with the laws of this state and any offeror or contractor not so licensed is subject to the penalties imposed by such laws.

49. DAMAGES FOR DELAY AND TIME EXTENSION

49.1. If the Contractor refuses or fails to prosecute the work, or any separable part thereof, with such diligence as will ensure its completion within the time specified in this contract, or any extension thereof, or fails to complete said work within such time, the County will be entitled to the resulting damages caused by the delay. Damages will be the cost to the County incurred as a result of continuing the current level and type of service over that cost that would be incurred had the contract segments been completed by the time frame stipulated and any other damages suffered by the County.

49.2. The Contractor's right to proceed shall not be terminated nor the Contractor charged with resulting damage if:

49.2.1. The delay in the completion of the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to acts of the public enemy, acts of the County in either its sovereign or contracting capacity, acts of another contractor in the County, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severed weather, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of both the Contractor and such subcontractors or suppliers, and

49.2.2. The Contractor, within 10 days from the beginning of any such delay (unless the Contracting Officer grants a further period of time before the date of final payment under the contract), notifies the Contracting Officer in writing of the causes of delay in (1) above

The Contracting Officer shall ascertain the facts and the extent of the delay and extend the time for completing the work when, in his judgment, the findings of fact justify such an extension, and his findings of fact shall be final and conclusive on the parties subject only to appeal as provided in the clause of this contract entitled, "DISPUTES".

49.3. The rights and remedies of the County provided in this clause are in addition to any other rights and remedies provided by law or under this contract.

49.4. As used in paragraph (2.1) of this clause, the terms, "subcontractors or suppliers" means subcontractors or suppliers at any tier.

50. CONTRACT EXTENSION OPTION

The providing of goods and/or services described in Section A or B may be extended in one or more increments for a total of no less than one (1) nor more than three (3) calendar months at the discretion of the County Purchasing Director. Each extension shall be affected by written contract modification delivered to the Contractor no less than fifteen (15) calendar days prior to expiration of the contract. The rates set forth in the pricing section shall apply to

any extension made pursuant to this option provision unless provision for appropriate price adjustment has been made elsewhere in this contract. All payments are subject to General Terms and Conditions, Clause titled "AVAILABILITY OF FUNDING".

51. RIGHT TO ACQUIRE EQUIPMENT AND SERVICES

Nothing in this agreement shall prohibit the County from acquiring the same type or equivalent equipment and/or service from other sources, when deemed by the County to be in its best interest.

52. SEVERABILITY

Should any part of this agreement be held to be invalid by a court of competent jurisdiction, the remainder of the agreement shall be considered as the whole agreement and be binding on the contracting parties.

53. LIMITATION OF FUTURE CONTRACTS

53.1. It is agreed by the parties to the contract that the Contractor will be restricted in its future contracting with the County to the manner described below. Except as specifically provided in this clause, the Contractor shall be free to compete for business on an equal basis with other companies.

53.2. If the Contractor, under the terms of the contract, or through the performance of tasks pursuant to this contract, is required to develop specifications or statements of work and such specifications or statements of work are to be incorporated into a solicitation, the Contractor shall be ineligible to perform the work described within that solicitation as a prime or subcontractor under an ensuing County contract. It is further agreed, however, that the county will not, as additional work or by change, unilaterally require the contractor to prepare such specifications or statements of work under this contract.

53.3. To the extent that the work under this contract requires access to proprietary, business confidential or financial data of other companies, and as long as such data remains proprietary or confidential, the Contractor shall protect such data from unauthorized use and disclosure and agrees not to use it to compete with such companies.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),

2. Certify that you are not subject to backup withholding, or

3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

4. PROTEST PROCEDURES

Any protest resulting from this procurement is to be processed as prescribed in Board of Supervisors' Policy A-97, Protest Procedures for Award of Contracts. Post Office Boxes do not qualify as verifiable local business addresses. If a tie bid occurs between a local business and a non-local business, award shall be made to the local business.

If the lowest responsible, responsive bid is submitted by a non-local business, one percent (1%) shall be subtracted from the lowest responsive, responsible bid submitted by a local business in evaluating the bids for award. If application of the one percent (1%) factor results in the local business bid being equal to or lower than the non-local business bid, contract award will be made to the local business at the local business bid price, except for public works and construction bids, or if prohibited by State or Federal law.

The Estimated Quantities in Section "A", Pricing Schedule, are provided solely for evaluation of bids. They represent approximate anticipated use based on historical consumption. If the County's actual requirements do not result in orders in the quantities described as "estimated" in the Schedule, that fact shall not constitute the basis for price adjustment.

15. **AVAILABILITY OF FUNDING**

The County's obligation for payment of any contract beyond the current fiscal year end is contingent upon the availability of funding from which payment can be made. No legal liability on the part of the County shall arise for payment beyond June 30 of the calendar year unless funds are made available for such performance.

16. **INSPECTION OF SERVICE/MATERIALS/SUPPLIES**

16.1. In the event the Contractor fails to perform the services promptly or to take necessary steps to ensure future performance of the service in conformity with the specifications and requirements of the contract, the County shall have the right to either (1) by contract or to otherwise have the services performed in conformity with the contract specifications and charge to the Contractor any cost occasioned to the County that is directly related to the performance of such services, or (2) terminate this contract for default as provided in the Termination clause.

The Contracting Officer may at any time, by written order, make changes within the general scope of this contract, in the definition of services to be performed, and the time (i.e., hours of the day, days of the week, etc.) and place of performance thereof. If any such change causes an increase or decrease in the cost of, or the time required for the performance of any part of the work under this contract, whether changed or not changed by any such order, an equitable adjustment shall be made in the contract price or delivery schedule, or both, and the contract shall be modified in writing accordingly. Any claim by the Contractor for adjustment under this clause must be asserted within 30 days from the date of receipt by the Contractor of the notification of change; provided however, that the Contracting Officer, if he decides that the facts justify such action, may receive and act upon any such claim asserted at any time prior to final payment under this contract. Where the cost of property made obsolete or excess as a result of a change is included in the Contractor's claim for adjustment, the Contracting Officer shall have the right to prescribe the manner of disposition of such property. However, nothing in this clause shall excuse the Contractor from proceeding with the contract as changed.

The Contractor shall not assign any interest in this contract, and shall not transfer any interest in the same (whether by assignment or novation), without the prior written consent of the County thereto; provided however, that claims for money due or to become due to the Contractor from the County under this contract may be assigned without such approval. 36.4. The County may Terminate for Default or Breach this Agreement and any other Agreement the Contractor has with the County, if the Contractor, or Contractor employees are determined by the Contracting Officer not to be in compliance with the above.

This will authorize the acceptance of releases from designated County departments for their requirements. The vendor shall complete delivery of items ordered to destinations set forth in the release. Each release shipment shall be accompanied by a priced invoice itemizing all material. Partial shipments are not acceptable when ordered by release.

38. **INVOICES**

41. RECYCLED PRODUCTS SOLICITED

41.1. The County Board of Supervisors' Policy B-67, Recycled Products Procurement, prescribes a County program to utilize products made with recycled materials, reusable products, and products designed to be recycled, to the maximum practical extent.

The County, therefore, encourages suppliers to offer such products in response to the County's requirements or as an alternate for testing or review by the County with the attainable goal of future purchases of the recycled or recyclable product(s).

41.2. Established Guidelines for Recycled Content Products: Recycled Content Products are eligible for a five percent (5%) price preference when offered as an alternative to non-recycled products. The percentage preference shall be based on the lowest bid or price quoted by the supplier or suppliers offering non-recycled products.

To be designated as a recycled content product, the product's material content shall be certified by the manufacturer to conform to postconsumer content standards as listed in EITHER the current Comprehensive Procurement Guidelines (CPG) website of the United States Environmental Protection Agency (EPA): http://www.epa.gov/cpg/products.htm OR as listed in the current California Recycled Content Product Directory website: http://www.ciwmb.ca.gov/RCP/SABRC.asp ,using whichever listing that requires the **higher** percentage of post consumer content.

41.3. Vendors/Suppliers offering recycled content products shall provide a current manufacturer's verifiable certification for the specific product provided, that specifically describes the nature of and percentages of recycled product content using the California Recycled Content Certification Form (CIWMB 74) which is available on the State of California website: http://www.ciwmb.ca.gov/BuyRecycled/StateAgency/Forms/CIWMB074.doc

42. BRAND NAME OR EQUAL

42.1. If items called for in this Request for Bids have been identified in the schedule by a "brand name or equal" description; such identification is intended to be descriptive, but not restrictive, and is to indicate the quality and characteristics of products (including products of the brand name manufacturer other than the one described by the brand name) will be considered for award if such products are determined by the County to meet fully the salient characteristic requirements listed in the request.

42.2. Unless the bidder clearly indicates in the bid that an "or equal" product is being offered, bid shall be considered as offering the brand name product specified.

42.3. If the bidder proposes to furnish an "equal product, the brand name, if any, of the product to be furnished shall

be inserted in the space provided in the Request for Bids, or such product shall be clearly identified in the bid. The evaluation of the bids and the determination as to equality of the product offered shall be the responsibility of the County and will be based upon the information furnished by the bidder, or identified in the bid as well as other information reasonably available to the Purchasing Activity. CAUTION TO BIDDERS: The Purchasing Activity is not responsible for locating or securing any information which is not identified in the bid and reasonably available to the Purchasing Activity. Accordingly, to insure that sufficient information is available, the bidder must furnish, as part of the bid, all descriptive material (such as cuts, illustrations, drawings, or other information) necessary for the Purchasing Activity to (I) determine whether the product offered meets the salient characteristic requirements of the Request for Bids, and (II) establish exactly what the bidder proposes to furnish and what the County is binding itself to purchase by making an award. The information furnished may include specific references to information previously furnished or to information otherwise available to the Purchasing Activity.

42.4. If the bidder proposes to modify a product so as to make it conform to the requirements of the Request for Bids, he shall (I) include in the bid a clear description of such modifications and (II) clearly mark any descriptive to show the proposed modifications.

42.5. Modifications proposed after bid opening to make a product conform to a brand name product referenced in the Request for Bids will not be considered.

43. CONTRACT ADMINISTRATION

The Director of Purchasing and Contracting is the designated Contracting Officer and is the only County official authorized to make any changes to this agreement.

The County has designated the following individual as the Contracting Officer's Technical Representative (COTR):

The COTR will chair contractor progress meetings and will coordinate the County's contract administrative functions. The COTR is designated to receive and approve Contractor invoices for payment, audit and inspect records, inspect Contractor Services, and provide other technical guidance as required. The COTR is not authorized to change any terms and conditions of the Contract. Changes to the scope of work will be made only by the Board of Supervisors and/or the Contracting Officer issuing a properly executed Change Order modification.

44. CONTRACT PROGRESS MEETING

The Contracting Officer's Technical Representative (COTR) and other County Personnel, as appropriate, will meet periodically with the Contractor to review the contract performance. At these meetings the COTR will appraise the Contractor of how the County views the Contractor's performance and the Contractor will appraise the County of problems, if any, being experienced. The Contractor will also notify the Contracting Officer (in writing) of any work being performed, if any, that the Contractor considers to be over and above the requirements of the contracts. Appropriate action shall be taken to resolve outstanding issues.

The minutes of these meetings will be reduced to writing and signed by the COTR and the Contractor. Should the Contractor not concur with minutes, the Contractor will set out in writing any area of disagreement. Appropriate action will be taken to resolve any areas of disagreement.

45. INDEPENDENT CONTRACTOR

The Contractor is, for all purposes arising out of this contract, an independent Contractor and shall not be deemed an employee of the County. It is expressly understood and agreed that the Contractor shall in no event, as a result of this contract, be entitled to any benefits to which County employees are entitled, including but not limited to overtime, any retirement benefits, worker's compensation benefits, and injury leave or other leave benefits.

46. SUBCONTRACT FOR WORK OR SERVICES (July 2008)

No contract shall be made by the Contractor with any party for furnishing any of the work or services herein contained without the prior written approval of the Contracting Officer's Technical Representative (COTR); but this provision shall not require the approval of contracts of employment between the Contractor and personnel assigned for services thereunder, or for parties named in proposal and agreed to any resulting contract.

Contractors are further reminded that it is the County's policy to encourage the participation of small and Disabled Veterans

Business Enterprises. This includes: ensuring that, if available, small and Disabled Veterans Business Enterprise firms are solicited, where feasible dividing the requirement into smaller units for the purpose of greater participation, and establishing delivery and payment schedules which will facilitate participation by small and Disabled Veterans Business Enterprises.

47. INTEREST OF CONTRACTOR

The Contractor covenants that it presently has no interest, including but not limited, to other projects or independent contracts, and shall not acquire any such interest, direct or indirect, which would conflict in any manner or degree with the performance of services required to be performed under this contract. The Contractor further covenants that in the performance of this contract, no person having any such interest shall be employed or retained by it under this contract.

48. LICENSING

Attention is directed to the provisions of Chapter 9 of Division 3 of the Business and Professions Code concerning the licensing of contractors. All offerors and contractors shall be licensed, if required, in accordance with the laws of this state and any offeror or contractor not so licensed is subject to the penalties imposed by such laws.

49. DAMAGES FOR DELAY AND TIME EXTENSION

49.1. If the Contractor refuses or fails to prosecute the work, or any separable part thereof, with such diligence as will ensure its completion within the time specified in this contract, or any extension thereof, or fails to complete said work within such time, the County will be entitled to the resulting damages caused by the delay. Damages will be the cost to the County incurred as a result of continuing the current level and type of service over that cost that would be incurred had the contract segments been completed by the time frame stipulated and any other damages suffered by the County.

49.2. The Contractor's right to proceed shall not be terminated nor the Contractor charged with resulting damage if:

49.2.1. The delay in the completion of the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to acts of the public enemy, acts of the County in either its sovereign or contracting capacity, acts of another contractor in the County, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severed weather, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of both the Contractor and such subcontractors or suppliers, and

49.2.2. The Contractor, within 10 days from the beginning of any such delay (unless the Contracting Officer grants a further period of time before the date of final payment under the contract), notifies the Contracting Officer in writing of the causes of delay in (1) above

The Contracting Officer shall ascertain the facts and the extent of the delay and extend the time for completing the work when, in his judgment, the findings of fact justify such an extension, and his findings of fact shall be final and conclusive on the parties subject only to appeal as provided in the clause of this contract entitled, "DISPUTES".

49.3. The rights and remedies of the County provided in this clause are in addition to any other rights and remedies provided by law or under this contract.

49.4. As used in paragraph (2.1) of this clause, the terms, "subcontractors or suppliers" means subcontractors or suppliers at any tier.

50. CONTRACT EXTENSION OPTION

50.1. One to six months - end of contract period

The providing of goods and/or services described in Section A or B may be extended in one or more increments for a total of no less than one (1) nor more than three (3) calendar months at the discretion of the County Purchasing Director. Each extension shall be affected by written contract modification delivered to the Contractor no less than fifteen (15) calendar days prior to expiration of the contract. The rates set forth in the pricing section shall apply to

any extension made pursuant to this option provision unless provision for appropriate price adjustment has been made elsewhere in this contract. All payments are subject to General Terms and Conditions, Clause titled "AVAILABILITY OF FUNDING".

51. RIGHT TO ACQUIRE EQUIPMENT AND SERVICES

Nothing in this agreement shall prohibit the County from acquiring the same type or equivalent equipment and/or service from other sources, when deemed by the County to be in its best interest.

52. SEVERABILITY

Should any part of this agreement be held to be invalid by a court of competent jurisdiction, the remainder of the agreement shall be considered as the whole agreement and be binding on the contracting parties.

53. LIMITATION OF FUTURE CONTRACTS

53.1. It is agreed by the parties to the contract that the Contractor will be restricted in its future contracting with the County to the manner described below. Except as specifically provided in this clause, the Contractor shall be free to compete for business on an equal basis with other companies.

53.2. If the Contractor, under the terms of the contract, or through the performance of tasks pursuant to this contract, is required to develop specifications or statements of work and such specifications or statements of work are to be incorporated into a solicitation, the Contractor shall be ineligible to perform the work described within that solicitation as a prime or subcontractor under an ensuing County contract. It is further agreed, however, that the county will not, as additional work or by change, unilaterally require the contractor to prepare such specifications or statements of work under this contract.

53.3. To the extent that the work under this contract requires access to proprietary, business confidential or financial data of other companies, and as long as such data remains proprietary or confidential, the Contractor shall protect such data from unauthorized use and disclosure and agrees not to use it to compete with such companies.
