4. **PROTEST PROCEDURES**

Post Office Boxes do not qualify as verifiable local business addresses. If a tie bid occurs between a local business and a non-local business, award shall be made to the local business.

If the lowest responsible, responsive bid is submitted by a non-local business, one percent (1%) shall be subtracted from the lowest responsive, responsible bid submitted by a local business in evaluating the bids for award. If application of the one percent (1%) factor results in the local business bid being equal to or lower than the non-local business bid, contract award will be made to the local business at the local business bid price, except for public works and construction bids, or if prohibited by State or Federal law.

- 8.1. If, after notice of termination of this contract under the provisions of this clause, it is determined for any reason that the Contractor was not in default under this provisions of this clause, the rights and obligations of the parties shall, if the contract contains a clause providing for termination for convenience of the County, be the same as if the notice of termination had been issued pursuant to such clause.

#### 12. **HAZARDOUS SUBSTANCES** (July 2008)

If any product being delivered or supplied to the County under this contract/purchase order is listed in the Hazardous Substances List of the Regulations of the Director of Industrial Relations with the California Occupational Safety and Health Standards Board, or if the product presents a physical or health hazard as defined in the California Code of Regulations, General Industry Safety Order, Section 5194 (T8CCR), Hazard Communication, then the contractor must include a Material Safety Data Sheet (MSDS) with delivery, or shipment. Each MSDS must reference the contract/purchase order number, and identify the "Ship To Address". #### 13. **PROHIBITED CONTRACTS**

Section 67 of the San Diego County Administrative Code provides that the County shall not contract with, and shall reject any bid or proposal submitted by the person or entities specified below, unless the Board of Supervisors finds that special circumstances exist which justify the approval of such contract:

- 13.2. Profit-making firms or businesses in which employees described in sub-section (a) of code serve as officers, principals, partners, or major shareholders;
- 13.3. Persons who, within the immediately preceding twelve (12) months came within the provisions of the above sub-section and who (1) were employed in positions of substantial responsibility in the area of service to be performed by the contract, or (2) participated in any way in developing the contract or its service specifications; and
- 13.4. Profit-making firms or businesses in which the former employees described in sub-section 16.3 of code serve as officers, principals, partners, or major shareholders.

With the affixing of a signature to your response to this solicitation, offeror certifies that the above provisions of the Code have been complied with, and that any exception will cause any ensuing contract to be invalid.

14. **ESTIMATED QUANTITIES** (March 1993)

The Estimated Quantities in Section "A", Pricing Schedule, are provided solely for evaluation of bids. They represent approximate anticipated use based on historical consumption. If the County's actual requirements do not result in orders in the quantities described as "estimated" in the Schedule, that fact shall not constitute the basis for price adjustment.

15. **AVAILABILITY OF FUNDING**

The County's obligation for payment of any contract beyond the current fiscal year end is contingent upon the availability of funding from which payment can be made. No legal liability on the part of the County shall arise for payment beyond June 30 of the calendar year unless funds are made available for such performance.

16. **INSPECTION OF SERVICE/MATERIALS/SUPPLIES**

- 16.1. All performance (which includes services, materials, supplies and equipment furnished or utilized in the performance of this contract, and workmanship in the performance of services) shall be subject to inspection and test by the County at all times during the term of the contract. The Contractor shall provide adequate cooperation to any inspector assigned by the County to permit the inspector to determine the Contractor's conformity with these specifications and the adequacy of the services being contractually provided. All inspection by the County shall be made in such a manner as not to unduly interfere with Contractor performance.
- 16.2. If any services performed hereunder are not in conformity with the specifications and requirements of this contract, the County shall have the right to require the Contractor to perform the services in conformity with said specifications and requirements at no additional increase in total contract amount. When the services to be performed are of such nature that the difference cannot be corrected, the County shall have the right to (1) require the Contractor immediately to take all necessary steps to ensure future performance of the services in conformity with requirements of the contract, and (2) reduce the contract price to reflect the reduced value of the services performed. In the event the Contractor fails to perform the services promptly or to take necessary steps to ensure future performance of the service in conformity with the specifications and requirements of the contract, the County shall have the right to either (1) by contract or to otherwise have the services performed in conformity with the contract specifications and charge to the Contractor any cost occasioned to the County that is directly related to the performance of such services, or (2) terminate this contract for default as provided in the Termination clause.

17. **DUTY TO INQUIRE**

The decision of the Contracting Officer shall be final and conclusive unless determined by the court of competent jurisdiction to have been fraudulent or capricious, or arbitrary, or so grossly erroneous as necessarily to imply bad faith. The Contractor shall proceed diligently with the performance of the contract pending the Contracting Officer's decision.

The Contracting Officer may at any time, by written order, make changes within the general scope of this contract, in the definition of services to be performed, and the time (i.e., hours of the day, days of the week, etc.) and place of performance thereof. If any such change causes an increase or decrease in the cost of, or the time required for the performance of any part of the work under this contract, whether changed or not changed by any such order, an equitable adjustment shall be made in the contract price or delivery schedule, or both, and the contract shall be modified in writing accordingly. Any claim by the Contractor for adjustment under this clause must be asserted within 30 days from the date of receipt by the Contractor of the notification of change; provided however, that the Contracting Officer, if he decides that the facts justify such action, may receive and act upon any such claim asserted at any time prior to final payment under this contract. Where the cost of property made obsolete or excess as a result of a change is included in the Contractor's claim for adjustment, the Contracting Officer shall have the right to prescribe the manner of disposition of such property. However, nothing in this clause shall excuse the Contractor from proceeding with the contract as changed.

## **20. ASSIGNABILITY**

The Contractor shall not assign any interest in this contract, and shall not transfer any interest in the same (whether by assignment or novation), without the prior written consent of the County thereto; provided however, that claims for money due or to become due to the Contractor from the County under this contract may be assigned without such approval.
