This is a request for information, and quotations furnished are not offers.

PRICING: The County may award a contract on the basis of initial quotations. Your price(s) should be the lowest possible for the RFQ requirements. Omit Sales and Use Taxes unless otherwise specified.

The Estimated Quantities in the Pricing Schedule are provided solely for evaluation of quotations. They represent approximate anticipated use based on historical consumption. If the County's actual requirements do not result in orders in the quantities described as "estimated" in the Schedule, that fact shall not constitute the basis for price adjustment.

SAMPLES: Samples, at Offeror's expense, may be required for evaluation by the County. Delivery of sample must be scheduled with contracting officer and provided within required timeline. The County shall have the right to review sample and to determine if such sample is acceptable. The County's decision to award is contingent upon its acceptance of the products provided in the sample. During the term of the award, the County must approve any substitutions from the initial sample in writing in advance of substitution. In no event shall the supplier be permitted to increase prices on the basis of substituted item(s).

Sample, if not destroyed by tests, will, upon request, be returned at Offeror's expense. Offeror must advise contracting officer at time of sending sample that they must be returned, provide return address and Federal Express account number.

BRAND NAME OR EQUAL: If items called for in this Request for Quotation have been identified in the schedule by a "brand name or equal" description, such identification is intended to be descriptive, but not restrictive, and is to indicate the quality and characteristics of products (including products of brand name manufacturer s other than the one described by the brand name) to be considered for award if such products are determined by the County to meet fully the salient characteristic requirements listed in the request.

Unless the offeror clearly indicates in the quotation that an "or equal" product is being offered, quotation shall be considered as offering the brand name product specified.

If the offeror proposes to furnish an "equal" product, the brand name, if any, of the product to be furnished shall be inserted in the space provided in the request for quotation, or such product shall be clearly identified in the quotation. The evaluation of the quotation and the determination as to equality of the product offered shall be the responsibility of the County and will be based upon the information furnished by the offeror, or identified in the quotation as well as other information reasonably available to the purchasing activity. Caution to offerors: the purchasing activity is not responsible for locating or securing any information which is not identified in the quotation and reasonably available to the purchasing activity. Accordingly, to insure that sufficient information is available, the offeror must furnish, as part of the quotation, all descriptive material (such as cuts, illustrations, drawings, or other information) necessary for the purchasing activity to (i) determine whether the product offered meets the salient characteristic requirements of the request for quotation, and (ii) establish exactly what the offeror proposes to furnish and what the County is binding itself to purchase by making an award. The information furnished may include specific references to information previously furnished or to information otherwise available to the purchasing activity.

If the offeror proposes to modify a product so as to make it conform to the requirements of the Request for Quotation, he shall (i) include in the quotation a clear description of such modifications and (ii) clearly mark any description to show the proposed modifications.
